FOR IMMEDIATE RELEASE

Caltrans to Repave Highway 101 in Marin County in the Northbound and Southbound Directions

Marin County– On Thursday, May 3, Caltrans will begin a pavement resurfacing project on US 101 from the northern tip of the Golden Gate Bridge through Sausalito, Marin City, Mill Valley, and ending just prior to the Sir Francis Drake Boulevard off ramp at Corte Madera/Larkspur.

The work will be performed Monday evenings thru Saturday mornings from 7:00 p.m. until 5:00 a.m. in the southbound direction and from 7:00 p.m. until 6:00 a.m. in the northbound direction.

Golden Gate Transit and Marin Airpporter will post temporary signs to notify bus passengers of alternate locations whenever it becomes necessary to close ramps to the bus stops adjacent to freeway.

This project is one of many highway improvement projects within the U.S. 101 corridor and should be completed by early fall of this year.
