I am suing Twitter, Inc. and Facebook, Inc. in Alameda Superior Court for \$150,000,000.50, court case RQ18920150.

Notable affiliations: U.S. Department of Defense, Uniformed Services

- What do you see as the greatest challenges when it comes to providing residents with a livable, affordable and safe community?

Oakland residents has been brain washed by the Democrats into zombies who go out and protest against Donald Trump while doing absolutely nothing productive to make themselves rich. That's why a rags-to-riches selfmade multimillnaire 100% service-connected combat veteran cool ass dude like me needs to show these socialists how to live and afford the good life without begging on the streets, stealing from the rich via forced unfair taxation, robbing elderly women of their iphones and Louis Vouton purses, etc. That's what my #CESP5 get rich method is all about, spreading in 20+ countries.

- What is the biggest opportunity for your district or city during the next four years?

If I am da mayor, I'll make Oakland the #1 city for Sex and Romance unrivalled in the Western Hemisphere. I'll create 100,000 jobs by turning all sizable parks into paid unique theme park attractions. Imagine giant waterslides at Lake Merritt, drawing horny men worldwide to look at babes with big titties all four seasons. If a boring ass Louvre museum in Paris can draw 7.5 million visitors, I can do 50 million with Oakland Parks & Recreation. BART will have ridership jumping up the yin yang. New capsule hotels looking like a skyscarper laundrymat will fill huge numbers of singles visiting this city. Theme park discounts be given to couples. Local theme parks be hiring huge numbers of Oaklanders for fun high paying jobs. Even the local transcients be able to make money by picking up trash. Every person who participate in my grand plan will have the opportunity to be rich rich rich as I attract huge tourism numbers. All local businesses such as restaurants, hotels, movie theaters, florists, nail sailons, massage therapists, sex workers, marriage certifcate clerk, divorce lawyers, etc., can expect 20X increase in business traffic.

- Describe your commitment to your district or city leading up to your bid for office.

Teaching people how capitalism works using my #CESP5 methodology. Which I attached a copy here. Introduced this huge money making method

in 2014 as a mayoral candidate for Oakland and has since made many of my fans rich, all they do is organize games, have people play each paying \$100. Many dumb ass liberals reported me to the police and corrupt FBI saying I am running a pyramid or ponzi scheme. To this day, I still haven't been charged nor arrested.

- Silicon Valley and the Bay Area are at the center of global, technological advancement. How do you see technology's role in changing the lives of both longtime residents and transplants?

I am suing Twitter, Inc. and Facebook, Inc. for \$150,000,000.50, if I win my case and I am da mayor of Oakland, guess where the huge bulk of investments for the unique theme parks and giant waterslide at Lake Merritt is gonna come from? If I am da mayor, if longtime residents and transplants are enjoying the Sex & Romance I bring to Oakland, y'all can thank Bay Area Twitter and Silicon Valley Facebook.
