

KNOW THAT I AM THERE WITH YOU

No more explaining how the car flipped over and over.
No more explaining how the brain got that way.
They'll never get it and we know it now.
The thing for us now..... is to survive here somehow.

All the sweet things you were are still inside of you.
I have not forgotten them my dear.
I'll not let you forget the many good
things that you have done for the world before
parts of you were injured. You still have lots to give.
You are still special to your family.....never forget that.

I knew you then.
I know you now.
I know precisely who you are.
So.....listen not to fine feathered friends.
So.....no more asking why some don't come to visit...
they are not coming. The ones who matter do come.
Be grateful. Be grateful. Be very grateful.

They don't even know your heart.
I know you inside and out.
My love is unconditional.
My heart is steady, my love is strong.

You say that I don't have to live it and don't understand your despair,
but a Mother who is helpless as a child endures a shredded soul
is one in the spirit with you. My spirit cries for you....*I keep my game
face on*....I must be strong for you.

How much can we take?
How much can we take?
You are my daughter...
I am your Mom.....we are strong

Know that I am there with you.
know that I am there with you.
Know that you are loved.
That is what Mothers do.

And if our prayers come true.....one day you will.....
STAND UP TALL AND WALK IN HEAVEN....
**WALK INTO THE ARMS OF JESUS.....for He loves you even more
than I.**
