Dear Director McCraw:

In my capacity as District Attorney of Harris County, Texas, I am requesting that the Texas Rangers investigate allegations of investigatory misconduct by this office relative to the Grand Jury of the 185th District Court, empanelled August 2011 Term.

This office will fully cooperate in such an investigation.

There are interests that are slandering and libeling this office, (relative to the activities of the Grand Jury), which are impeding the administration of justice and disrupting the work of the District Attorney's Office.

I respectfully request that should you authorize an investigation, it be done expeditiously, and further respectfully request that a news release be distributed stating that I formally requested the investigation.

Thank you for your consideration.

Sincerely,
