

**Mrs. Yvonne Stern's Victim Impact Statement Pursuant to Article
56.03 of the Code of Criminal Procedure**

Your Honor, thank you for giving me this opportunity to give my statement.

It is near impossible for me to put into words the pain and suffering this animal has caused me and my family. Despite the fact that I had never even met this monster, much less attempted to harm her in any way, she hired at least three different killers to end my life.

If not for the actions of good Samaritans, police officers, EMT personnel and the nurses/doctors at Ben Taub, I would not be here today. This career criminal should not be rewarded for the heroic efforts of these good people. Rather, she should be held accountable for her repeated attempts to leave my children without a mother.

This corrupt plea deal would be more understandable if she had not lived her adult life lying, cheating, stealing and trying to kill anyone who crossed her or stood in her way. She tried to kill at least two former boyfriends. She tried to poison another. She defrauded our country to gain citizenship through a sham marriage while refusing to pay taxes on the millions of dollars that she and her fake husband defrauded innocent people out of. She continues to extort this sham husband out of \$ 8,000 a month. She continued to commit felony crimes after her arrest in this case, but Kari Allen protected her and covered up those crimes.

Her attempts to kill me will forever haunt me and my children. My children are afraid to let me out of their sight and fear what this murderer will do to us if given a chance. She has robbed my children of the innocence of youth. As outrageous as her conduct, it is made far worse by the DA's coddling of her. Kari Allen treated this killer like her best friend - she catered meals for her, she ordered books for her, she let her use a Harris County computer to check her bank accounts, she arranged for her family to have private meetings with this killer in her office. Despite receiving this royal treatment, this animal attempted to have my husband killed just a few weeks ago. Her plan was to kill my husband in a fashion that I would be the only suspect. Kari Allen refused to prosecute this latest solicitation of capital murder. Kari Allen tried to pacify me by revoking the 25 year prison cap that was offered before trying to frame me for my husband's death, by

telling me that deal was now off the table and this killer would not be offered anything less than 40 years in prison. I feel completely betrayed by Kari Allen and Pat Lykos for making this crooked deal.

I beg you for the sake of my children and my sense of security to reject this 20 year deal. I have suffered for over two years due to this animal and remain scarred for life. There is no way to justify her spending less than eight years in prison given her continued attempts to murder me as the latest chapter in her life as a career criminal. It is clear that this monster is very unstable and she should spend the rest of her existence behind bars where she cannot attempt to kill anyone else.

Thank you and God bless.
