To whom this may concern,

I am writing on behalf of a very special person; my ~~only~~ niece Sandie Jackson. I had the pleasure of watching her grow up and become such a loving, caring, and giving individual who has accomplished so much in her life. She has given so many of her loved ones the knowledge that they can do whatever they set out to do in life.

Clerk, U.S. District & Bankruptcy
Court for the District of Columbia

Giving her the job as Alderman of Chicago she has shared so much of her accomplishments with my son and daughter to encourage them when they were going through their trials and tribulations. She loves her family and children and I know without her in my life, and her children's life, ~~is easier~~ who need ~~her~~ more than anything at this young age. It would be such a hardship not to have her present.

please take this into consideration as you make your decision in this case. Thank you.

My name is Mercile Millender. Sandy is my cousin a down to earth sweet, loving to all people, that she meets. She has 2 children that need their mother. They shouldn't have to be without their mother. Because of someone else wrong doing. Certain things have happen in my life, that cause me not to be my children. I hope and pray, that my cousin doesn't have to go through the same things. Its hard to ~~see~~ know that my children are almost grow. And I missed a lot of that. No child should have to be without their mother.

Love always

My name is Tyrone Moss I'm Sandy Jackson's brother I'm writing this letter to only ask for your consideration when deciding her fate.

I do realize she has been charged with a serious offense and there is a penalty to pay for it. But with Sandy having 2 young children to raise it is so important that she needs to be there in their lives.

I've only known Sandy for a few years - but times I've spent being around her when she's been running I found her to be a very pleasant & happy spirited woman who cares a lot for her family. So your Honor when making your decision I only ask that you please consider probation for the sake of her children.

Thank You
Tyrone Moss

Dear Judge [unclear]
My name is Geraldine Willender
I'm one of 10 aunts of my niece

over 12 yrs ago gave up her job
while living in Atl. Georgia
to move to Washington DC
to be a nanny for Gordy &
Jesse (lost) born. & second
born. She was there for her
daughter - son - in-law help
support, rearing, love &
much. Her grateful children
and I might add she is still
there as of today. She has
played a great role in their
lives. So not only would
taking away my niece sending
her off to prison, away
from her sister & deeply feel
that my sister's life would
also be devastated.

My niece Sarah has been

which have written her a

to talk with all her little cousins
with her big smile & big bright
eyes. She always left an impression
with all of them & for me
I'm in my mid 50's and it
was during a time that Sandy
was here. I lack a home in Alaska
a conversation I will always
remember it was Sandy who
coming me in to going back to
school to get my GED which
I did and since now gone
on a better my life.

I judge I know all the
the words on this paper may
not decide your final decision
you will make during her
sentencing, but I hope & pray
you would at least take my
letter & the ones from my
grandchildren who mean the
world to me. Some as I
know Sandy & children mean
to her so taking her away from
them would be very hard to
have to live with without her.

Dear Judge Jackson,

I am writing on behalf of my niece Sandy Jackson. I have many nieces coming from a large family 10 sisters and 5 brothers. I think of Sandy as one of my favorite, she always has this big smile and seem to be in good spirits whenever I see her. Your Honor I do realize the charges that she has been charged with is very serious. In my letter to you is not to demise what she is faced with, I only would like for you to see her as a mother first, caring person and a Christian woman one who has spent most of her adult life helping people sharing her life story as to how she started with only little and come up through hard work studying & being there for those she could help & make a difference in their lives. I love my niece dearly and would hate to know there is a chance that she may have to be sent away to prison and leave her 2 children which she loves. I know first hand that leaving them would be devastating.

(1)

NOTES

So your Honor I'm asking you to
please consider her position as
the Alderman of Chicago and all
that she did in helping the people
that she was voted in her district.
A very strong minded loving & caring
person who go out of her way
in helping those in need. I ask
of you please consider giving her probation
and don't take her away from her
children.

Thank You
for Your Time

I'm writing this letter in behalf of my niece Sandy Jackson. For many of her family members we all still see her as that caring, high spirited loving person. We all kinda knew that she would accomplish many obstacles in her life, which she did.

Growing up in a very large family and loving & looking out for one another meant so much, it only brought us closer together.

Your Honor, I do realize the case before you that Sandy has been charged with is a serious one and that all needs to be considered. So I'm asking for the sake of her two small children that she needs to be with during this very important time of their lives that you'll consider probation.

We her family do all feel that what Sandy has gone through has made a devastating impact on her life & one that she would live with the rest of her life in making what ever charges to do so. She would do it given another chance.

Thank You
Dorothy Taylor

Dear Judge ~~Stevens~~ Wilkins,

I Aaliyah Michelle Carson am
speaking on the behalf of my cousin,
Sandra Stevens Jacksons.

I think that my cousin Sandra
is a very successful, accomplished, proud
African-American woman. She is a very
important role model to me and my
younger sister as well as her two younger
children. It would be very sad to
see her son and daughter, my younger
cousins, be without a mother.

I see that all of this has
put an emotional stress on her and her
children. I wouldn't know where I would
be without my mother because she gave
(1)

me life and blessed me with guidance and good examples for life. I ask that you be very lenient on the final decision.

Please take this into consideration. It would be a weight lifted off of our loving, supportive family's shoulders to see Sandra with her children, happy, ~~burden~~ and burden and worry free.
