# Statewide Voluntary Self-Exclusion Program Annual Report 2009

August 20, 2009

### Presented by Director Gene O'Shea

#### **Program Overview**

On July 1, 2002, the Illinois Gaming Board initiated a Statewide Self-Exclusion Program for Problem Gamblers. The Program is the result of special two-day meeting held by the Board regarding problem gambling in May 2000. The Board created the Program in response to testimony presented at that meeting by problem gamblers, mental health experts and others. The Board created the Statewide Self-Exclusion Program for Problem Gamblers via the Rule making process.

The Illinois Gaming Board's Statewide Voluntary Self-Exclusion Program is modeled after the state of Missouri's Disassociated Persons Program. The Missouri Gaming Commission has operated a self-exclusion program since 1996. The IGB's Program, however, has enhanced the Missouri model. Unlike Missouri, the IGB Program includes a donation component to help fund groups devoted to helping problem gamblers, and utilizes professionals in the mental health field who have volunteered to act as Program facilitators through the enrollment process.

### **Program Implementation**

The Statewide Voluntary Self-Exclusion Program (SEP) began enrolling participants on July 1, 2002 at the two IGB offices in Chicago and Springfield. The Program has expanded since that time to include a total of 27 enrollments sites. Twenty-two of the enrollment sites are in Illinois and five are in Iowa. The number of participants has climbed as enrollment sites have been added. In the first three months, the bulk of the enrollments took place at the Chicago office. In mid-August 2002 the Outreach Foundation of Illinois volunteered to act as an enrollment site. The Outreach Foundation's members work closely with Gambler's Anonymous. As of August 2009 the Outreach Foundation has been the busiest non-IGB site, enrolling to date a total of 617 persons in the Program.

The Program continued to grow as planned in October 2002 when IGB agents and supervisors at the riverboat casino operations began processing enrollment applications. To date,

5,416 persons have enrolled at the docksite locations. The Casino Queen in East St. Louis has been the busiest site, enrolling 1,177 persons to date.

In November 2002 additional enrollment sites were added at the request of the Illinois Department of Human Services. The new enrollment sites included Chestnut Health Systems in Granite City; the Fellowship House in Anna; Human Resources Development Institute in Chicago; the Northern Illinois Council on Alcoholism and Substance Abuse in Buffalo Grove; the Share Program in Hoffman Estates; the Way Back Inn in Maywood; the Robert Young Center in Rock Island; Loretto Hospital in Chicago and Renz Addiction Counseling Center in Elgin. The most active DHS designated site has been the Share Program in Hoffman Estates with 214 enrollments.

Two of the DHS designated sites, the Robert Young Center in Rock Island, and Chestnut Health Systems in Granite City have ceased operating as enrollment sites. The Robert Young Community Health Center in Rock Island was dropped due to a lack of interest in the Self-Exclusion Program. The Robert Young Community Health Center never enrolled any individuals in the Program. In October 2008 Chestnut Health Systems, which had enrolled 129 individuals in the Program since 2003, withdrew as an enrollment site because DHS had cut its funding in other areas.

Mental health providers and other organizations who act as enrollment sites for the Program have not and do not receive any funding or compensation from the IGB for their services. Those organizations in Illinois and Iowa that act as enrollment sites do so as a service to their communities.

Other organizations have contacted the IGB over the years and have volunteered to act as enrollment sites. Those organizations include the Illinois Institute for Addiction Recovery at both Proctor Hospital in Peoria and the BroMenn Regional Health Center in Bloomington. On April 2, 2009 an additional Illinois Institute for Addiction Recovery site began enrolling applicants at Ingalls Memorial Hospital in Harvey. The Ingalls Hospital location is open 24-hours.

The Illinois Institute for Addiction Recovery at Bromenn and at Proctor hospitals have been the busiest non-IGB, non-DHS designated enrollment sites. A total of 124 persons have enrolled at those locations since Program inception.

In April 2005 one of the organizations that had previously volunteered to act as an enrollment site, Hope for Tomorrow in Aurora, voluntarily withdrew from the Program. During the time that it acted as an enrollment site, Hope for Tomorrow did not sign up any individuals for the IGB Self-Exclusion Program. Also In 2006 another non-DHS enrollment site, Klestinski & Associates in Gurnee, was no longer designated as a participant in the Program. A total of seven persons have enrolled in the Program at Klestinski and Associates.

In November 2004 the Program opened its first enrollment site in a jurisdiction outside of Illinois. The Eastern Iowa Center for Problem Gambling in Davenport, Iowa was solicited and volunteered to act as an enrollment site after it had contacted Staff. On December 20, 2004 the Eastern Iowa Center for Problem Gambling became an enrollment site for the IGB Program. In April 2006 an agency associated with the Eastern Iowa Center for Problem Gambling, Anchorpoint Counseling in Cedar Rapids, IA also began enrolling participants in the Program. In August, 2008, the Eastern Iowa Center for Problem Gambling and Anchorpoint Counseling were

closed because they did not receive renewal funding from the Iowa Department of Public Health. While they served as enrollment sites from December 2004 to July 2008 they enrolled a total of 121 persons in the IGB Self-Exclusion Program.

Starting in July, 2008 two more Iowa enrollment sites began enrolling applicants in the Program. In June 2008 a representative of Substance Abuse Services Center (SASC) contacted the Program Director and volunteered to act as an IGB enrollment site at their offices in Dubuque and Manchester, IA. SASC is licensed as a gambling treatment center by the Iowa Department of Public Health. To date SASC has enrolled one person in the Program.

In mid January 2009 three new enrollment sites were added to the Program. Problem gamblers can now enroll in Self-Exclusion at the ADDS Treatment Centers in Davenport, Burlington and Ottumwa Iowa. The IGB now has five enrollment sites in Iowa. The ADDS Treatment Centers are licensed as a gambling treatment center by the Iowa Department of Public Health. To dates the ADDS Treatment Centers have enrolled seven persons in the Program.

### **Violations of the Self-Exclusion Program**

Persons who enroll in the Self-Exclusion Program must designate one of three organizations that they want any chips, tokens or gambling proceeds donated should they return to a casino. These chips, tokens and gambling proceeds are confiscated from their person by casino security. The recipient organizations for these donations include the Outreach Foundation, the Illinois Council on Problem Gambling and the Illinois Institute for Addiction Recovery. Since its inception, there have been a total of 1,738 incidents in which Self-Excluded Person returned to a casino to gamble. Of those incidents, 634 have resulted in donations. To date there have been 1,134 arrests on charges of trespassing for violating the Program.

The largest amount of money donated to date occurred in December 2006 when \$22,800 was donated from an IGB Self-Excluded Person discovered at the Grand Victoria Casino. The least amount donated was .01-cent which was first donated in January 2007 also at the Grand Victoria Casino. As of August 2009 a total of \$717,342.60 has been donated. Some participants opted to have taxes paid at the time of donation. To date a total of \$699,326.56 has been contributed to the organizations after taxes were paid on some of the donations. The donations break down as follows:

Outreach Foundation: \$255,546.78

Illinois Council on Problem Gambling: \$261,913.19

Illinois Institute for Addiction Recovery: \$181,866.59

In March 2009 IGB staff requested financial information from the Outreach Foundation of Illinois, the Illinois Council on Problem Gambling and the Illinois Institute for Addiction Recovery to determine how the funds confiscated and donated by Self-Excluded Persons was being utilized by the organizations to help problem gamblers. At the time this report was submitted the IGB was continuing to review those documents.

### **Self-Exclusion Program Violations by Casinos**

Illinois casinos that violate the Riverboat Gambling Act or the IGB's Rules face disciplinary action if warranted. Since the Program was launched, the Board has issued eight disciplinary complaints related to violations of the Self-Exclusion Program.

On July 26, 2005, the Board issued a Disciplinary Complaint and \$600,000 fine against Empress Casino Joliet for failing to enter information and incorporate the names of 240 IGB Self-Excluded Persons into its in-house computer databases and for mailing promotional material to 23 IGB Self-Excluded Persons. In a settlement with the Board, Empress Casino agreed to pay the fine.

On August 25, 2005, the Board issued a Disciplinary Complaint and \$200,000 fine against Par-A-Dice Casino Corporation for failing to maintain accurately in its own database the IGB Self-Exclusion List between December 1, 2003 and December 23, 2003. This failure allowed an IGB Self-Excluded Person to cash checks totaling \$200 at Par-A-Dice Casino and receives two complimentary passes to the Par-A-Dice food buffet. Par-A-Dice Casino settled with the Board and agreed to pay the fine.

On May 24, 2006, the Board issued a Disciplinary Complaint and \$200,000 fine against Harrah's Casino Joliet for violating several of the Board's Rules. One portion of the complaint alleged that Harrah's Casino Joliet mailed promotional materials to six IGB Self-Exclusion Program participants who had enrolled in the Program. Harrah's paid the fine.

On July 18, 2006, the Board issued a Disciplinary Complaint and \$200,000 fine against Hollywood Casino for failing to maintain accurately in its own database the identities of 38 persons enrolled in the IGB Self-Exclusion Program. The complaint also alleged that a casino employee issued a player's card to an IGB Self-Excluded patron and then gave the patron a free buffet. Hollywood Casino paid the fine.

On August 15, 2006 the Board issued a Disciplinary Complaint and \$100,000 fine against Casino Rock Island (now known as Jumer's) for violating the IGB Self-Exclusion Program Rules on four separate occasions. One incident alleged that Casino Rock Island allowed an IGB Self-Excluded person to cash 14 checks over a three-month period. In another incident, an IGB Self-Excluded person was allowed to obtain a credit card cash advance at the casino. In a third incident Casino Rock Island failed to properly identify a patron as an IGB Self-Excluded Person. In the fourth incident it was determined that Casino Rock Island paid out several jackpots to individuals without attempting to determine if they were IGB Self-Excluded persons. The Casino Rock Island paid the fine.

On April 22, 2008 the Board issued a Disciplinary Complaint and a \$25,000 fine to Par-A-Dice Casino for failing to ensure that self-excluded patron's names were removed from promotional lists. As a result 24 self-excluded persons were mailed promotional materials. In addition, two Par-A-Dice employees were suspended for five days. Par-A-Dice Casino paid the fine.

On May 19, 2008 the Board issued a Disciplinary Complaint to and \$800,000 fine to Hollywood Casino for failing to check a list of customer prospect names to ensure a direct mail vendor did not send promotional material to self-excluded persons. Hollywood's failure resulted in 146 self-excluded patrons receiving promotional materials. In addition, three casino employees were suspended for periods ranging between three and fourteen days. Hollywood Casino paid the fine.

### **Board Strengthens IGB Self-Exclusion Program**

In an effort to fortify the Program, beginning August 15, 2006 Illinois casinos began checking the identification of all persons 30-years-old or younger to prevent those who have enrolled in the IGB's Self-Exclusion Program for Problem Gamblers from gaining access to the casinos.

In addition, Illinois casino industry agreed:

- To increase signage indicating that any IGB self-excluded person found at a casino will be subject to arrest.
- To reward those casino employees who identify IGB Self-Excluded persons attempting to enter or found on the casino floor. Association members pay a \$250 reward for any casino employee who detects a self-excluded person.

Since the Board took action to strengthen the Program there have been 652 incidents of SEPS (self-excluded persons) being discovered when returning to a casino.

Those Self-Excluded persons were detected in the following manner:

ID-Check (casino employees detected the Self-excluded person while scanning ID's):	220
<b>SEP-Bounty</b> (the industry agreed to pay \$250 to employees for each SEP they found):	206
Credit Card: (the SEP was detected because they attempted to use a credit card):	183
Check Cashing: (the SEP was detected because they attempted to cash a check):	55
Gambling (the Self-Excluded patron was detected gambling or winning a jackpot):	153
Other: (the SEP was detected for other reasons):	185

The following table shows a breakdown of the preceding SEP discoveries at each casino:

### Removal from the Self-Exclusion List

Effective June 14, 2007 the Board published in the Illinois Register the process in which IGB Self-Excluded Persons may request that their name be removed from the Self-Exclusion List. Sections 3000.780 to 3000.790 of the Board's Rules detail how a Self-Excluded Person may request removal from the Program.

A person seeking removal from the IGB Self-Exclusion List may only do so after they have been on the List for a period of five years. After five years a Self-Excluded Person may be removed from the List if they can present to the Administrator proof of the elimination of the mental health or medical condition underlying their acknowledgement that they are a problem gambler and unable to gamble responsibly.

Persons seeking removal from the Self-Exclusion List must present documentation to the Administrator as to the treatment they have received for their gambling problem, including the length of the treatment and the qualifications of the treatment provider. In addition, the Administrator must receive a written recommendation from a licensed physician or mental health provider who is a certified gambling addictions counselor regarding the Self-Excluded person's capacity to participate in gambling without any adverse health and mental health risks.

Should the Administrator determine that a Self-Excluded Person should be removed from the List, the Self-Excluded Person must sign a waiver of liability of the Board its agents and the State of Illinois for any damages that the person may incur with the person's renewal of gambling activities. To date several persons have made formal requests to be removed from the Self-Exclusion List. Those requests were denied because the enrollees failed to meet the requirements for removal from the List.

### **Self-Exclusion Data Reports**

When the application forms were created for the Program a voluntary demographic section was included to capture as much information as possible about the Self-Excluded Persons and their gambling habits. A future goal of this Program is to share that information with an appropriate, independent research facility or university should it be requested. The bulk of this report includes demographic data reports compiled as part of the Program's computer database.

The demographic data shows the most prevalent forms of gambling among self-excluded persons include slot machines; black jack, video poker and playing the lottery. A total of 3,075 persons indicated their favorite form of gambling was slot machines; another 1,539 indicated they favored black jack; a total of 1,190 said they predominantly played video poker and 971 persons said they played the lottery.

The demographic data also shows that the majority of enrollees are Illinois residents, numbering 4,733 persons. In Illinois the City of Chicago had the most residents enroll with 320 persons. Other notable community enrollment figures include Aurora 176; Elgin 185; Joliet 170 and Rock Island 74. A complete listing of Self-Excluded persons by city makes up the last 61 pages of this report.

Many enrolled in the Program are Missouri residents. As of August 2009 a total of 1,579 Missouri residents have enrolled. The majority of the Missouri enrollees, some 744 individuals are from the city of St. Louis. Other states represented include Indiana with 81 and Iowa with 313. The majority of persons self-excluding from Iowa, some 149 persons, are Davenport residents. Sixty residents of Kentucky have enrolled. There are also enrollees from Arizona, Arkansas, Alabama, California, Colorado, Florida, Georgia, Maryland, Michigan, Minnesota, Mississippi, New Jersey, New York, Ohio, Oklahoma, Tennessee, Texas, Wisconsin and Wyoming.

In regards to the age of Self-Excluded persons, the majority of those enrolling in the Program, some 3,660 individuals are between the ages of 45 and 65. A total of 2,181 participants indicated they were between the ages of 31 and 44. There are 540 enrollees between the ages of 21 and 30. The largest portion of enrollees, some 626 persons, indicated they began gambling at the age of 21. Program figures also show that women are enrolling nearly as frequently as men. Women make up roughly 47.7 percent of the enrollments.

The reports show majority of the self-excluded persons who completed the demographic portion of the application individually earn between \$20,000 and \$39,999. The majority of persons enrolling indicate a combined household income exceeds \$75,000 a year. The reports also show the majority of self-excludees, some 1,279 individuals, have taken some college classes. A total of 1,125 persons indicated their highest education level was a high school diploma. Some 781 enrollees indicated they have earned college degrees, another 172 master's degrees; 53 earned their doctorate in law, medicine, dentistry or other disciplines. A total of 93 persons indicated they were registered nurses or pharmacists.

The average one and three year gambling loss for Self-Exclusion participants has varied from year to year. In 2002, the average one-year loss was \$47,556 and three-year loss was reported at \$84,891. In 2003 the average one-year loss was \$23,711 and three-year loss was \$50,042. In 2004 the average one-year loss is \$17,315 and three-year loss is \$27,376. In 2005 the average one-year loss was \$13,392 and three-year loss at \$27,376. In 2006, the average one-year loss was \$14,608 and three-year loss at \$22,791. In 2007 the average one year loss was \$13,418 and three year loss was \$25,862. In the average one year loss at \$9,709 and three year loss at \$17,606. Persons enrolling in 2009 indicate their average gambling loss for one year is \$5,551 and for three years is \$14,770.

Self-reported, gambling-related credit card debt for persons enrolling in the Program has also varied from year to year. In 2002 the average one-year credit card debt was tallied at \$12,505 and three-year debt at \$18,903. In 2003 the one-year figure was \$6,245 and three-year number was \$13,265. In 2004, the one-year figure stands at \$5,024 and three-year figure at \$8,629. Self-reported credit card debt for 2005 has been reported as \$4,371 for one year and \$8,629 for three years. In 2006, the average credit card debt for one year is \$3,746 and \$10,150. In 2007 the average one-year credit card debt was \$2,793 and \$5,315 for three years. In 2008 average one year credit card debt is \$2,380 and three years at \$3,641. In 2009 the data shows the average one year credit card debt is \$1,448 and three year credit card debt is \$3,113.
