## **Statewide Voluntary Self-Exclusion Program Annual Report 2010**

**August 17, 2010**

**Presented by Director Gene O'Shea**

### **Program Overview**

On July 1, 2002, the Illinois Gaming Board started a Statewide Self-Exclusion Program for Problem Gamblers. The Program is the result of special two-day meeting held by the Board regarding problem gambling in May 2000. The Board created the Program in response to testimony presented at that meeting by problem gamblers, mental health experts and others. The Board created the Statewide Self-Exclusion Program for Problem Gamblers via the Rule making process.

The Illinois Gaming Board's Statewide Voluntary Self-Exclusion Program is modeled after the state of Missouri's Disassociated Persons Program. The Missouri Gaming Commission has operated a self-exclusion program since 1996. The IGB's Program, however, has enhanced the Missouri model. Unlike Missouri, the IGB Program includes a donation component to help fund groups devoted to helping problem gamblers, and utilizes professionals in the mental health field who have volunteered to act as Program facilitators through the enrollment process.

### **Program Implementation**

The Statewide Voluntary Self-Exclusion Program (SEP) began enrolling participants on July 1, 2002 at the two IGB offices in Chicago and Springfield. The Program has expanded since that time to include a total of 28 enrollment sites. Twenty-two of the enrollment sites are in Illinois and six are in Iowa. The number of participants has climbed as enrollment sites have been added. In the first three months, the bulk of the enrollments took place at the Chicago office. In mid-August 2002 the Outreach Foundation of Illinois volunteered to act as an enrollment site. The Outreach Foundation's members work closely with Gambler's Anonymous. As of August 2009 the Outreach Foundation has been the busiest non-IGB site, enrolling to date a total of 663 persons in the Program.

The Program continued to grow as planned in October 2002 when IGB agents and supervisors at the riverboat casino operations began processing enrollment applications. To date,

6,220 persons have enrolled at the docksite locations. The Casino Queen in East St. Louis has been the busiest site, enrolling 1,360 persons to date. As of August 16, 2010 there are a total of 7,679 persons enrolled in self-exclusion. The number of persons seeking to self-exclude has steadily declined over the last two years similarly as casino earnings have declined due to the poor economy.

In November 2002 additional enrollment sites were added with the help of the Illinois Department of Human Services. The new enrollment sites included Chestnut Health Systems in Granite City; the Fellowship House in Anna; Human Resources Development Institute in Chicago; the Northern Illinois Council on Alcoholism and Substance Abuse in Buffalo Grove; the Share Program in Hoffman Estates; the Way Back Inn in Maywood; the Robert Young Center in Rock Island; Loretto Hospital in Chicago and Renz Addiction Counseling Center in Elgin. The most active DHS designated site has been the Share Program in Hoffman Estates with 242 enrolments.

Two of the DHS designated sites, the Robert Young Center in Rock Island, and Chestnut Health Systems in Granite City have ceased operating as enrollment sites. The Robert Young Community Health Center in Rock Island was dropped due to a lack of interest in the Self-Exclusion Program. The Robert Young Community Health Center never enrolled any individuals in the Program. In October 2008 Chestnut Health Systems, which had enrolled 129 individuals in the Program since 2003, withdrew as an enrollment site because DHS had cut its funding.

Mental health providers and other organizations who act as enrollment sites for the Program have not and do not receive any funding or compensation from the IGB for their services. Those organizations in Illinois and Iowa that act as enrollment sites do so as a service to their communities.

Other organizations have contacted the IGB over the years and have volunteered to act as enrollment sites. Those organizations include the Illinois Institute for Addiction Recovery at both Proctor Hospital in Peoria and the BroMenn Regional Health Center in Bloomington. In 2009 an additional Illinois Institute for Addiction Recovery site began enrolling applicants at Ingalls Memorial Hospital in Harvey. The Ingalls Hospital location is open 24-hours. To date 20 persons have enrolled in the Program at Ingalls Hospital. Starting in June 2010 the Board added the twenty-eighth enrollment site where persons may complete the enrollment paperwork. The new enrollment site operated by the Illinois Institute for Addiction Recovery at The Abbey, located in Bettendorf, IA.

The Illinois Institute for Addiction Recovery at Bromenn and at Proctor hospitals have been the busiest non-IGB, non-DHS designated enrollment sites. A total of 134 persons have enrolled at those locations since Program inception.

In April 2005 one of the organizations that had previously volunteered to act as an enrollment site, Hope for Tomorrow in Aurora, voluntarily withdrew from the Program. During the time that it acted as an enrollment site, Hope for Tomorrow did not sign up any individuals for the IGB Self-Exclusion Program. Also In 2006 another non-DHS enrollment site, Klestinski & Associates in Gurnee, was no longer designated as a participant in the Program. A total of seven persons have enrolled in the Program at Klestinski and Associates.

In November 2004 the Program opened its first enrollment site in a jurisdiction outside of Illinois. The Eastern Iowa Center for Problem Gambling in Davenport, Iowa was solicited and volunteered to act as an enrollment site after it had contacted Staff. On December 20, 2004 the Eastern Iowa Center for Problem Gambling became an enrollment site for the IGB Program. In April 2006 an agency associated with the Eastern Iowa Center for Problem Gambling, Anchorpoint Counseling in Cedar Rapids, IA also began enrolling participants in the Program. In August, 2008, the Eastern Iowa Center for Problem Gambling and Anchorpoint Counseling were closed because they did not receive renewal funding from the Iowa Department of Public Health. While they served as enrollment sites from December 2004 to July 2008 they enrolled a total of 121 persons in the IGB Self-Exclusion Program.

Starting in July, 2008 two more Iowa enrollment sites began enrolling applicants in the Program. In June 2008 a representative of Substance Abuse Services Center (SASC) contacted the Program Director and volunteered to act as an IGB enrollment site at their offices in Dubuque and Manchester, IA. SASC is licensed as a gambling treatment center by the Iowa Department of Public Health. To date SASC has enrolled one person in the Program.

In mid January 2009 three new enrollment sites were added to the Program. Problem gamblers can now enroll in Self-Exclusion at the ADDS Treatment Centers in Davenport, Burlington and Ottumwa Iowa. The ADDS Treatment Centers are licensed as a gambling treatment center by the Iowa Department of Public Health. To date the ADDS Treatment Centers have enrolled 19 persons in the Program.

### **Violations of the Self-Exclusion Program**

Persons who enroll in the Self-Exclusion Program must designate one of three organizations that they want any chips, tokens or gambling proceeds donated should they return to a casino. These chips, tokens and gambling proceeds are confiscated from their person by casino security. The recipient organizations for these donations include the Outreach Foundation, the Illinois Council on Problem Gambling and the Illinois Institute for Addiction Recovery. Since the Program began there have been a total of 2,067 known incidents in which Self-Excluded Person returned to a casino to gamble. Of those incidents, 748 have resulted in donations. To date there have been 1,427 arrests on charges of trespassing for violating the Program.

The largest amount of money donated to date occurred in December 2006 when \$22,800 was donated from an IGB Self-Excluded Person discovered at the Grand Victoria Casino. The least amount donated was .01-cent which was first donated in January 2007 also at the Grand Victoria Casino. As of August 2010 a total of \$835,275 has been donated. Some participants opted to have taxes paid at the time of donation. To date a total of \$815,595 has been contributed to the organizations after taxes were paid on some of the donations. The donations break down as follows:

<b>Outreach Foundation:</b>	<b>\$316,742</b>
-----------------------------	------------------

<b>Illinois Council on Problem Gambling:</b>	<b>\$304,969</b>
--	------------------

### **Self-Exclusion Program Violations by Casinos**

Illinois casinos that violate the Riverboat Gambling Act or the IGB's Rules face disciplinary action if warranted. Since the Program was launched, the Board has issued eight disciplinary complaints related to violations of the Self-Exclusion Program.

On July 26, 2005, the Board issued a Disciplinary Complaint and \$600,000 fine against Empress Casino Joliet for failing to enter information and incorporate the names of 240 IGB Self-Excluded Persons into its in-house computer databases and for mailing promotional material to 23 IGB Self-Excluded Persons. In a settlement with the Board, Empress Casino agreed to pay the fine.

On August 25, 2005, the Board issued a Disciplinary Complaint and \$200,000 fine against Par-A-Dice Casino Corporation for failing to maintain accurately in its own database the IGB Self-Exclusion List between December 1, 2003 and December 23, 2003. This failure allowed an IGB Self-Excluded Person to cash checks totaling \$200 at Par-A-Dice Casino and receives two complimentary passes to the Par-A-Dice food buffet. Par-A-Dice Casino settled with the Board and agreed to pay the fine.

On May 24, 2006, the Board issued a Disciplinary Complaint and \$200,000 fine against Harrah's Casino Joliet for violating several of the Board's Rules. One portion of the complaint alleged that Harrah's Casino Joliet mailed promotional materials to six IGB Self-Exclusion Program participants who had enrolled in the Program. Harrah's paid the fine.

On July 18, 2006, the Board issued a Disciplinary Complaint and \$200,000 fine against Hollywood Casino for failing to maintain accurately in its own database the identities of 38 persons enrolled in the IGB Self-Exclusion Program. The complaint also alleged that a casino employee issued a player's card to an IGB Self-Excluded patron and then gave the patron a free buffet. Hollywood Casino paid the fine.

On August 15, 2006 the Board issued a Disciplinary Complaint and \$100,000 fine against Casino Rock Island (now known as Jumer's) for violating the IGB Self-Exclusion Program Rules on four separate occasions. One incident alleged that Casino Rock Island allowed an IGB Self-Excluded person to cash 14 checks over a three-month period. In another incident, an IGB Self-Excluded person was allowed to obtain a credit card cash advance at the casino. In a third incident Casino Rock Island failed to properly identify a patron as an IGB Self-Excluded Person. In the fourth incident it was determined that Casino Rock Island paid out several jackpots to individuals without attempting to determine if they were IGB Self-Excluded persons. The Casino Rock Island paid the fine.

On April 22, 2008 the Board issued a Disciplinary Complaint and a \$25,000 fine to Par-A-Dice Casino for failing to ensure that self-excluded patron's names were removed from

promotional lists. As a result 24 self-excluded persons were mailed promotional materials. In addition, two Par-A-Dice employees were suspended for five days. Par-A-Dice Casino paid the fine.

On May 19, 2008 the Board issued a Disciplinary Complaint to and \$800,000 fine to Hollywood Casino for failing to check a list of customer prospect names to ensure a direct mail vendor did not send promotional material to self-excluded persons. Hollywood's failure resulted in 146 self-excluded patrons receiving promotional materials. In addition, three casino employees were suspended for periods ranging between three and fourteen days. Hollywood Casino paid the fine.

### **Board Strengthens IGB Self-Exclusion Program**

In an effort to fortify the Program, beginning August 15, 2006 Illinois casinos began checking the identification of all persons 30-years-old or younger to prevent those who have enrolled in the IGB's Self-Exclusion Program for Problem Gamblers from gaining access to the casinos.

In addition, Illinois casino industry agreed:

- To seek trespassing charges against all persons who violate the IGB Self-Exclusion Program.
- To increase signage indicating that any IGB self-excluded person found at a casino will be subject to arrest.
- To reward those casino employees who identify IGB Self-Excluded persons attempting to enter or found on the casino floor. Association members pay a \$250 reward for any casino employee who detects a self-excluded person.

Since the Board took action to strengthen the Program there have been 1,360 incidents of SEPS (self-excluded persons) being discovered when returning to a casino.

Those Self-Excluded persons were detected in the following manner:

<b>ID-Check</b> (casino employees detected the Self-excluded person while scanning ID's):	<b>282</b>
<b>SEP-Bounty</b> (the industry agreed to pay \$250 to employees for each SEP they found):	<b>292</b>
<b>Credit Card:</b> (the SEP was detected because they attempted to use a credit card):	<b>266</b>
<b>Check Cashing:</b> (the SEP was detected because they attempted to cash a check):	<b>74</b>
<b>Gambling</b> (the Self-Excluded patron was detected gambling or winning a jackpot):	<b>196</b>
<b>Other:</b> (the SEP was detected for other reasons):	<b>250</b>

The following table shows a breakdown of the preceding SEP discoveries at each casino:

#### **Removal from the Self-Exclusion List**

Effective June 14, 2007 the Board published in the Illinois Register the process in which IGB Self-Excluded Persons may request that their name be removed from the Self-Exclusion List. Sections 3000.780 to 3000.790 of the Board's Rules detail how a Self-Excluded Person may request removal from the Program.

A person seeking removal from the IGB Self-Exclusion List may only do so after they have been on the List for a period of five years. After five years a Self-Excluded Person may be

removed from the List if they can present to the Administrator proof of the elimination of the mental health or medical condition underlying their acknowledgement that they are a problem gambler and unable to gamble responsibly.

Persons seeking removal from the Self-Exclusion List must present documentation to the Administrator as to the treatment they have received for their gambling problem, including the length of the treatment and the qualifications of the treatment provider. In addition, the Administrator must receive a written recommendation from a licensed physician or mental health provider who is a certified gambling addictions counselor regarding the Self-Excluded person's capacity to participate in gambling without any adverse health and mental health risks.

Should the Administrator determine that a Self-Excluded Person should be removed from the List, the Self-Excluded Person must sign a waiver of liability of the Board its agents and the State of Illinois for any damages that the person may incur with the person's renewal of gambling activities. To date several persons have made formal requests to be removed from the Self-Exclusion List. Those requests were denied because the enrollees failed to meet the requirements for removal from the List.

### **Self-Exclusion Data Reports**

When the application forms were created for the Program a voluntary demographic section was included to capture as much information as possible about the Self-Excluded Persons and their gambling habits. In the past the bulk of this report included the demographic data reports compiled as part of the Program's computer database. Copies of those reports, which total 95 pages, have been omitted but are available on request.

The demographic data shows the most prevalent forms of gambling among self-excluded persons include slot machines; black jack, video poker and playing the lottery. A total of 3,189 persons indicated their favorite form of gambling was slot machines; another 1,729 indicated they favored black jack; a total of 1,267 said they predominantly played video poker and 1,060 persons said they played the lottery.

21 and 30. The largest portion of enrollees, some 692 persons, indicated they began gambling at the age of 21. Program figures also show that women are enrolling nearly as frequently as men. Women make up roughly 47.3 percent of the enrollments.

The reports show majority of the self-excluded persons who completed the demographic portion of the application individually earn between \$20,000 and \$39,999. The majority of persons enrolling indicate a combined household income exceeds \$75,000 a year. The reports also show the majority of self-excludees, some 1,355 individuals, have taken some college classes. A total of 1,194 persons indicated their highest education level was a high school diploma. Some 858 enrollees indicated they have earned college degrees, another 188 master's degrees; 61 earned their doctorate in law, medicine, dentistry or other disciplines. A total of 102 persons indicated they were registered nurses or pharmacists.
