**11/28/05:** E-mail to Mary from Abel - Mary, The denial letter did not go out. When you had emailed me on the 18th about this student, the denial had been entered before the tracking mechanism went into effect. The denial decision was entered on the same day as your request to track. The student was with the review committee and was so low that he fell into the category of students who are denied early. He is extremely low. He is in the bottom of his class (lower [REDACTED]). He has mostly D, C, and B grades. I have now pulled the case and taken out the denial decision. I will hold until I hear from you. Abel

**04/13/06:** E-mail to Mary from Abel - Hi Mary, The student was denied due to not being competitive enough for this year's freshman class. When you say "letter of question," I take it that you mean an appeal letter. If it is an appeal letter, send it our way. I don't see a way for the decision to be overturned. If that is the case, a letter will be sent saying that the decision stands. If it's a letter of appeal from a third party, we don't consider that an appeal since it needs to come directly from the student; however, I'm not advocating that the student appeal, since it is extremely unlikely that the decision will be overturned. Abel04/12/06: email to Abel from Mary - We have received inquiry about the above applicant. The interested party has requested status of the young man. I have looked him up [REDACTED] and we have a letter of question, would you like me to send you a fax of the letter?

**01/13/06:** E-mail to Mary from Abel - Hi Mary, Unless this person is someone that needs to be pushed, there isn't anything that can be done for LAS. If she is interested in another program that is open, she can request that her application be reconsidered for that open program. The listing of open programs is at [http://www.oar.uiuc.edu/prospective/ugrad/openclosed\\_freshmen.html](http://www.oar.uiuc.edu/prospective/ugrad/openclosed_freshmen.html). Please note that we expect Landscape Architecture and Urbana & Regional Planning to close today at 5 pm. Let me know if you need any other info. Abel
