		11/26/06: emal to Mary from P. Vanlandingham - Mary,For students applying to the Secondary Education Minor, Feb. 1, 2007,the College of Education requires at least one semester of academic tutoring experience, 2-5 hours per week, at the middle school or high school level. This requirement is included in both printed and online materials. Advisors provide students with contact information for several programs which students can use to gain this experience: Volunteer Illini Projects Vis-a-Vis, and both the Urbana Middle School and Urbana High School, which run their own tutoring programs. [REDACTED] scheduled an appointment with me on Sept. 21 to discuss the elementary education experience that she had completed. I explained that elementary experience could be included on her resume as related experience, but it wasn't age appropriate for the secondary program. I suggested she contact Barbara Linder at Urbana Middle School, 337-0853, since Barbara was beginning tutor training on Sept. 28. I haven't heard from [REDACTED] since then. 10/13/06: Email to Mary from Abel - Hi Mary, I will track. Abel

03/12/07: email to Rick from Abel - Rick, To follow up our conversation regarding [redacted] it does not look good for him. If he would have applied on time, he would have been on the low end. ACT is a [redacted] and his class rank is slightly above the top half of his graduating class. The grades are not good. He is probably better served by transferring here after two years elsewhere. Let me know if you need any other info. Abel

NOA 5/9/07 CASE CLOSED

04/11/07: email to Rick from Teresa - Hello Rick, I spoke to Warren about [redacted] [redacted] I have also spoken to the father this morning. Very nice man – never demanding, very understanding. Luis Durate from LARES will be calling [redacted] to schedule a meeting to meet with the son. I have told the father that this would not be a guarantee of admission but that Luis wants to meet with the son to discuss his academic credential and his weaknesses. Also, to discuss [redacted] career goals and how UIC will get him there. The father mentioned that he is the youngest of 6 kids, all of which attending Boston College, University of Chicago and other top level schools. So, I think this is why there is pressure to admit him to UIC. He's got big shoes to fill. If the son is able to provide a legitimate argument, LARES will recommend admission under the summer bridge program. I should mention that based on his academic credentials, he would not have been recommended for admissions. Luis will call me to let me know how the meeting went and I'll be sure to let you know. 04/24/07: e-mail originally sent to Terry from Cindy on 3/20/07-- Terry, I have learned that students are admitted to the Math Teaching program only in the fall semester of their junior year (which explains why she was told to wait before applying). Unfortunately, there were 49 applicants for only 28 spots this year. Her grades were a major factor in the denial -- she performed below average in a key math class -- and her competition was very strong. Thanks, Cindy

NOA 5/15/07 CASE CLOSED

04/25/27: e-mail to Cindy from Ann-- That's okay. Thank you very much. Terry might want me to ask how far off she was once I pass along the information to him. I'll write you back if he does. Ann Augspurger

Thank you very much Mary

24-28	80-93%	04/04/07: E-mail to Ann from Cindy-- Ann, t is my understanding that he only had 15 graded hours at the time his application was reviewed. Because of the low number of graded college hours, his high school transcripts had to be reviewed with his application. While his college GPA is very good, his high school grades were low. If he continues with his college courses for another year and keeps his GPA up, he can reapply next year and should be a much stronger candidate. At that time, he should have enough graded college hours that his high school transcripts will not be a factor. Thanks, Cindy	TRANSFER	Sen Bombe Rep Hassert
