

Medicare or Medicaid reimbursements as compared to cost of providing care, or free or discounted care.

The table included below sets forth estimated costs for uncompensated care during the past five years.⁵

	FY 04	FY 05	FY 06	FY 07	FY 08
Charity Care	\$13,365,000	\$11,157,000	\$11,519,000	\$12,272,000	\$10,891,000
Medicaid Shortfall	40,040,000	34,810,000	75,649,000*	33,819,000	49,281,000
Bad Debt	14,592,000	17,257,000	16,448,000	17,149,000	13,963,000
Medicare Shortfall	62,046,000	66,302,000	61,984,000	63,760,000	79,204,000
Total uncompensated care (at cost)	\$130,043,000	\$129,526,000	\$165,600,000	\$127,000,000	\$153,339,000

* Please note that the large change in the Medicaid shortfall cost from FY 2006 to FY 2007 resulted from two years of the Medicaid hospital assessment program and provider tax being applied in FY 2007 due to delayed federal approval of the program.

**Government Activity as Percent of Total
(measured by inpatient & outpatient gross charges)**
