Report on Domestic Violence Related Homicides for Calendar Year 2008

Reporting Requirements and Implementation

Reporting Requirements

North Carolina General Statute § 114-2.7 directs all state and local law enforcement agencies to regularly report specific information on domestic violence related homicides committed on or after July 1, 2007 to the North Carolina Attorney General's Office. The State Bureau of Investigation (SBI) has been delegated the responsibility to receive the Domestic Violence Related Homicide Reports and retain the data in a database.

Implementation

After the enactment of North Carolina General Statute § 114-2.7, the North Carolina Department of Justice and the State Bureau of Investigation developed the Domestic Violence Related Homicide Report form in consultation with the North Carolina Sheriffs' Association, North Carolina Association of Chiefs of Police, North Carolina Council for Women/Domestic Violence Commission, the Coalition Against Domestic Violence and the North Carolina Victims Assistance Network. Each law enforcement agency is required to complete the report for each domestic violence related homicide in its jurisdiction committed on or after July 1, 2007. The report is to be completed upon the filing of charges, or when charges would have been filed against the offender but were not due to other circumstances (i.e. the offender is now deceased/murder-suicide). This reporting requirement is an ongoing and continuing obligation for all state and local law enforcement agencies.

Our efforts to ensure compliance with the new reporting requirements include:

- Letters along with a hard copy of the report form (see Appendix II) were sent to the more than 550 law enforcement agencies across the state under the signature of the SBI Director advising all agency heads of this new reporting requirement and providing them with an electronic means by which they can submit a report. Additionally, state and local law enforcement agencies are required to fill out, sign and return to the SBI the annual roll-up report form (see Appendix III).
- At our request, the North Carolina Sheriffs' Association and the North Carolina Association of Chiefs of Police sent out notices to all of their members reminding them of this new reporting requirement.

Finally, North Carolina Department of Justice and SBI personnel telephoned numerous law enforcement agencies to advise them of their reporting requirements and answer questions.

Domestic Violence Related Homicides for 2008

Statistics

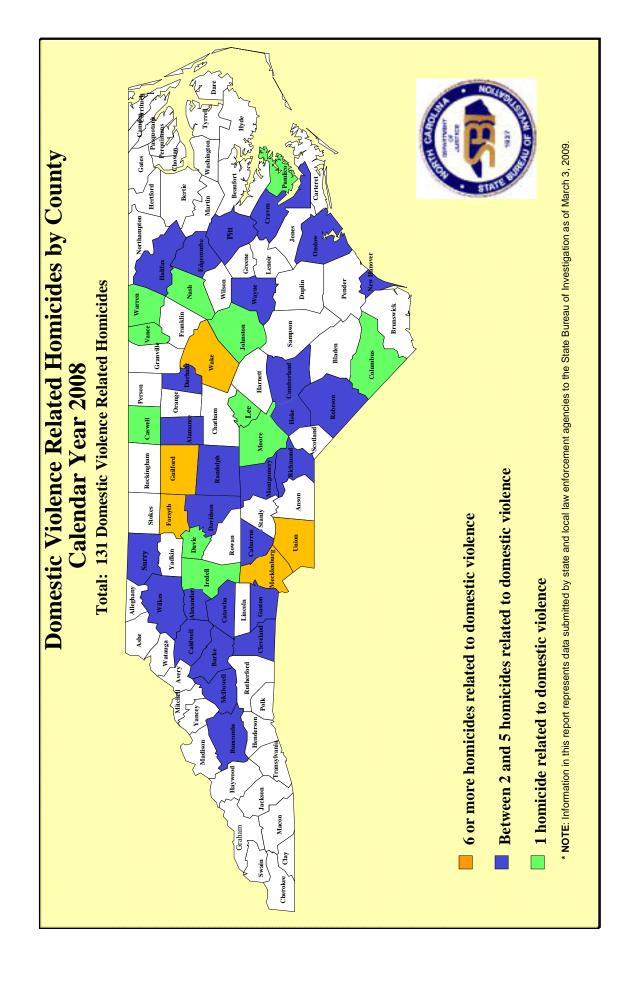

Domestic violence related homicides as reported by state and local law enforcement for calendar year 2008 totaled 131.

- 99 of the victims were female
- 32 of the victims were male
- 103 of the offenders were male
- 25 of the offenders were female
- One unknown / offender gender not provided by law enforcement
- Eight of the 131 victims had taken out protective orders, with three of the protective orders being current when the victims were murdered.
- Three of the offenders were reported to be on pre-trial release for a crime of domestic violence when they committed the murders.

^{*} **NOTE**: Information in this report represents data submitted by state and local law enforcement agencies to the State Bureau of Investigation as of March 3, 2009. Offender count may differ from the victim count because single victims may have more than one offender or an offender may have multiple victims.
