36 **SECTION 6A.2.(g)** Service Level Agreements. – Service level agreements
37 developed with supported State agencies shall include metrics for the Office of Information
38 Technology Services, as well as the supported agencies. When the Office of Information
39 Technology Services or an agency fails to meet metrics established by the service level
40 agreement, a report shall be provided to the Office of State Budget and Management and the
41 Fiscal Research Division of the General Assembly within 10 days, detailing the shortfall and
42 providing a corrective action plan with a time line.

43 **SECTION 6A.2.(h)** The Office of Information Technology Services shall assist
44 State agencies in identifying the least expensive source and best value for the purchase of IT
45 goods and services and shall ensure that agencies receive every available discount when
46 purchasing IT goods and services. When the best value and the least expensive sources are
47 different, the Office of Information Technology Services shall report to the Office of State
48 Budget and Management and the Fiscal Research Division on why the least expensive vendor
49 was not the best value.

50 **SECTION 6A.2.(i)** Agency Billing and Payments. – The State CIO shall ensure
51 that bills from the Office of Information Technology Services are easily understood and fully

1 transparent. If a State agency fails to pay its IT Internal Service Fund bills within 30 days of
2 receipt, the Office of State Budget and Management may transfer funds from the agency to
3 cover the cost of the bill from that agency to the IT Internal Service Fund.
4

5 **COORDINATION OF INFORMATION TECHNOLOGY REQUIREMENTS AND** 6 **GEOGRAPHIC INFORMATION SYSTEM REQUIREMENTS**

7 **SECTION 6A.3.** The State Chief Information Officer, through the Enterprise
8 Project Management Office, shall develop a plan and adopt measures to avoid the duplication
9 of information technology capabilities and resources across State agencies. When multiple
10 agencies require the same or substantially similar information technology capability, the State
11 Chief Information Officer shall designate one State agency as the lead to coordinate support
12 and to manage that capability for all State agencies requiring the capability, with the State
13 Chief Information Officer maintaining oversight of the effort. Further, the Enterprise Project
14 Management Office shall:

- 15 (1) Review all ongoing and future technology projects to determine whether the
16 capabilities required for each project, or the specific requirements
17 comprising a component within a project, already exist in a planned,
18 ongoing, or completed information technology project developed by another
19 State agency. Information Technology Procurement shall work to develop
20 contracts for information technology projects to allow the addition of other
21 agencies' requirements within the terms of the existing contract.
- 22 (2) Identify existing projects that can best support a particular requirement for
23 multiple agencies and work to transition agencies to those projects.
- 24 (3) When State agencies request approval for new projects, determine if the
25 information technology project has transferable applicability to current or
26 future capabilities required by another State agency.
- 27 (4) Upon identifying an existing information technology capability needed by a
28 State agency, assist that agency in determining how best to access existing
29 projects.
- 30 (5) Implement the State Chief Information Officer's plan to reduce duplication.
- 31 (6) Deny approval for new projects that duplicate existing capabilities within
32 State agencies.
- 33 (7) Provide quarterly reports to the Fiscal Research Division of the General
34 Assembly on progress toward eliminating duplication. The report shall
35 include a list of duplicate projects across State agencies, both ongoing and
36 legacy, and shall document explicit efforts to reduce the duplication. It shall
37 specifically address progress during the quarter for which the report is being
38 submitted. It shall also include a list of projects denied approval because of
39 duplication, with a description of the measures taken to access an existing
40 project with the same capabilities.

41 All State agencies shall coordinate any Geographic Information System (GIS)
42 initiatives through the Center for Geographic Information and Analysis (CGIA) to ensure that
43 they are not duplicating an existing function. The CGIA shall monitor and approve all new
44 GIS-related information technology projects and expansion budget requests. By January 1 of
45 each year, the CGIA shall make a written report to the Joint Legislative Oversight Committee
46 on Information Technology and to the Fiscal Research Division of the General Assembly on
47 the results of these efforts.
48

4 Program, which is now known as the Criminal Justice Law Enforcement
5 Automated Data Services (CJLEADS), expanding it throughout the State of
6 North Carolina;

8 determining if that is still the best course of action, and identifying an
9 alternative, if required;
- 10 (3) By October 1, 2011, provide a recommendation to the Joint Legislative
11 Oversight Committee on Information Technology on the best alternative for
12 managing and hosting CJLEADS, along with a time line for the transition;
13 and
- 14 (4) Provide quarterly reports on the status of the Program to the Joint Legislative
15 Oversight Committee on Information Technology beginning October 1,
16 2011.

33 shall not be considered a public record when incorporated into the CJLEADS database.

34 **SECTION 6A.4.(d)** To maintain the confidentiality requirements attached to the
35 information provided to CJLEADS by the various State and local agencies, each source agency
36 providing data for CJLEADS shall be the sole custodian of the data for the purpose of any
37 request for inspection or copies thereof under Chapter 132 of the General Statutes. CJLEADS
38 shall only allow access to data from the source agencies in accordance with rules adopted by
39 the respective source agencies.

40 **SECTION 6A.4.(e)** Section 6.10 of S.L. 2010-31 is repealed.

41
42 **CONTINUING PILOT PROGRAM TO ALLOW PUBLIC-PRIVATE PARTNERSHIPS**
43 **TO MEET DEPARTMENT OF REVENUE TECHNOLOGY NEEDS**

44 **SECTION 6A.5.(a)** To speed the implementation of the Tax Information
45 Management System (TIMS) and the additional components of the Planning and Design
46 Project (PDP) through June 30, 2015, the Secretary of the Department of Revenue may enter
47 into public-private arrangements where (i) the funding of the project under the arrangement
48 comes from revenue generated by the project and (ii) the project is related to the
49 implementation of TIMS and additional components of the PDP. As used in this section, the
50 "additional components of the PDP" are Enterprise Data Warehouse, Management Reporting

1 and Decision Analytics, Customer Relationship Management, Enterprise Case Management,
2 and E-Services. All such arrangements shall terminate June 30, 2015.

3 Work under a public-private arrangement may be contracted by requests for
4 proposals, modifications to existing contracts, and purchases using existing contract vehicles.

5 The Secretary of Revenue shall establish a measurement process to determine the
6 increased revenue attributable to the public-private arrangements. To accomplish this, the
7 Secretary shall consult subject matter experts outside the Department of Revenue, both within
8 State government and from private industry. The measurement process shall include:

- 9 (1) Calculation of a revenue baseline against which the increased revenue
10 attributable to the project is measured;
- 11 (2) Periodic evaluation to determine if the baseline needs to be modified based
12 on significant measurable changes in the economic environment; and
- 13 (3) Monthly calculation of increased revenue attributable to contracts executed
14 under this program.

15 Of funds generated from collections above the baseline established by subdivision
16 (1) of this subsection, in both the General Fund, Highway Funds, and the State portion of the
17 Unauthorized Substance Tax collections of the Special Revenue Fund, up to forty-five million
18 five hundred thousand dollars (\$45,500,000) may be authorized by the Office of State Budget
19 and Management for the purchases related to the implementation of TIMS and the additional
20 components of the PDP, including payment for services from non-State entities. The
21 Department of Revenue may retain an additional six million six hundred forty-six thousand five
22 hundred fifty-seven dollars (\$6,646,557) from benefits generated for the General Fund since the
23 beginning of the public-private partnership. These funds shall be used as payment of internal
24 costs for the fiscal biennium, and such funds are hereby appropriated for this purpose.

25 If the Department of Revenue finds that it cannot generate additional benefits
26 totaling forty-five million five hundred thousand dollars (\$45,500,000) through June 30, 2015,
27 or that total costs exceed the total available appropriations and earned benefits, then the
28 Department shall do all of the following: (i) immediately notify the Chairs of the House of
29 Representatives and Senate Appropriations Committees and the Fiscal Research Division, (ii)
30 identify any obligations to vendors, (iii) identify options for meeting obligations to vendors,
31 and (iv) provide costs associated with each option. The Department shall ensure that this
32 notification is made in sufficient time to allow the General Assembly to properly evaluate the
33 options presented.

34 **SECTION 6A.5.(b)** Notwithstanding G.S. 114-2.3, the Department of Revenue
35 shall engage the services of private counsel with the pertinent information technology and
36 computer law expertise to review requests for proposals, and to negotiate and review contracts
37 associated with TIMS and the additional components of the Planning and Design Project (PDP)
38 (Enterprise Data Warehouse, Management Reporting and Decision Analytics, Customer
39 Relationship Management, Enterprise Case Management, and E-Services).

40 **SECTION 6A.5.(c)** There is established within the Department of Revenue the
41 Oversight Committee for reviewing and approving the benefits measurement methodology and
42 calculation process. The Oversight Committee shall review and approve in writing all contracts,
43 including change orders, amendments to contracts, and addendums to contracts, before they are
44 executed under this section. This shall include (i) details of each public-private contract, (ii) the
45 benefits from each contract, and (iii) a comprehensive forecast of the benefits of using
46 public-private agreements to implement TIMS and the additional PDP components, including
47 the measurement process established for the Secretary of Revenue. The Oversight Committee
48 shall approve all of the fund transfers for this project. Within five days of entering into a
49 contract, the Department shall provide copies of each contract and all associated information to
50 the Joint Legislative Oversight Committee on Information Technology, the Chairs of the House

1 of Representatives and Senate Committees on Appropriations, and the Fiscal Research
2 Division.

3 The members of the Committee shall include the following:

- 4 (1) The State Budget Director;
- 5 (2) The Secretary of the Department of Revenue;
- 6 (3) The State Chief Information Officer;
- 7 (4) Two persons appointed by the Governor;

12 forecasting appointed by the General Assembly upon recommendation of the
13 President Pro Tempore of the Senate.

14 The State Budget Director shall serve as chair of the Committee. The Committee
15 shall set its meeting schedule and adopt its rules of operation by majority vote. A majority of
16 the members constitutes a quorum. Vacancies shall be filled by the appointing authority.
17 Administrative support staff shall be provided by the Department of Revenue. Members of the
18 Committee shall receive reimbursements for subsistence and travel expenses as provided by
19 Chapter 138 of the General Statutes. The Committee shall terminate on June 30, 2015.

20 The Department shall provide copies of the minutes of each meeting and all
21 associated information to the Joint Legislative Oversight Committee on Information
22 Technology, the Chairs of the House of Representatives and Senate Committees on
23 Appropriations, and the Fiscal Research Division.

24 **SECTION 6A.5.(d)** Beginning August 1, 2011, and quarterly thereafter, the
25 Department of Revenue shall submit detailed written reports to the Chairs of the House of
26 Representatives and Senate Committees on Appropriations, to the Joint Legislative Oversight
27 Committee on Information Technology, and to the Fiscal Research Division of the Legislative
28 Services Office. The report shall include (i) details of each public-private contract, (ii) the
29 benefits from each contract, (iii) a comprehensive forecast of the benefits of using
30 public-private agreements to implement TIMS and the additional PDP components, including
31 cost savings and the acceleration of the project time line, (iv) and any issues associated with the
32 operation of the public-private partnership.

33 **SECTION 6A.5.(e)** In addition to the oversight provided by the Oversight
34 Committee established in subsection (c) of this section, the TIMS project shall be subject to

40 Oversight Committee on Information Technology, the Chairs of the House of Representatives
41 and Senate Committees on Appropriations, and the Fiscal Research Division.

42 **SECTION 6A.5.(f)** Section 6.20 of S.L. 2009-451, as rewritten by Section 2.3 of
43 S.L. 2010-123, is repealed.

44 45 **INFORMATION TECHNOLOGY PERSONAL SERVICES CONTRACT** 46 **REQUIREMENTS**

47 **SECTION 6A.6.(a)** Effective for the 2011-2013 fiscal biennium, and
48 notwithstanding any provision of law to the contrary:

- 49 (1) No contract for information technology personal services, or providing
50 personnel to perform information technology functions, may be established

11 feasible.

12 b. Whether the contract position requires unique skills for which the
13 State has a short-term need.

14 c. Whether the position is required for a specific information
15 technology project and if the position will be terminated upon
16 completion of the project.

17 d. The specific work products and completion time lines for the contract

36 portfolio management tool.

37 The Statewide Information Technology Procurement Office shall determine the
38 market rate for the type of contract required, as well as to determine the comparable cost for a
39 State employee. Agencies may not exceed the market rate determined by the Statewide
40 Information Technology Procurement Office. After the Statewide Information Technology
41 Procurement Office provides cost data, the Office of State Budget and Management must
42 approve funding for the position.

43 **SECTION 6A.6.(b)** Whenever a State agency, department, or institution
44 determines that only a contractor can fill a position and the position is required to perform an
45 ongoing function within the agency, the head of the State agency must develop and implement

- 11 the State CIO to identify redundant personnel positions.

12 When setting consolidation targets, the State CIO shall give high priority to
13 infrastructure issues that pose significant risk to agency operations or data, that provide
14 opportunities for immediate cost savings, and where a statewide approach would minimize
15 disruption of services. In carrying out the consolidation, the Office of Information Technology
16 Services shall utilize the authority set out in G.S. 147-33.83.

17 **SECTION 6A.7.(b)** Beginning July 1, 2011, the State CIO shall plan and
18 implement an enterprise level grants management system. Similar systems currently under
19 development may be suspended by the State CIO with funding reprogrammed to support
20 development of the enterprise level grants management system.

21 In coordination with the State CIO, the Department of Health and Human Services
22 shall develop a plan to implement a single case management system throughout that
23 Department, beginning in the 2012-2013 fiscal year, and shall report to the Joint Legislative
24 Oversight Committee on Information Technology by February 1, 2012, on its initiatives to
25 implement the system. The report shall include a detailed time line for completion and an
26 explanation of the costs associated with case management consolidation.

27 **SECTION 6A.7.(c)** Beginning September 1, 2011, and quarterly thereafter, the
28 Office of State Budget and Management, in conjunction with the State CIO, shall provide

36 of State Budget and Management (OSBM) to support the IT Internal Service Fund shall be
37 based on this required fund limit. Established rates shall be adjusted within 30 days in the event
38 the fund exceeds the prescribed limit. In the event that an increase in receipts for the IT Internal
39 Service Fund is required, the Office of Information Technology Services may implement the
40 increase after consultation with the Joint Legislative Commission on Governmental Operations.

41 **SECTION 6A.8.(b)** Rates shall be set to support a specific service for which an
42 agency is being charged. Overhead charges to agencies must be consistently applied and must
43 not exceed industry standards. Rate increases shall require approval of the OSBM. Rate
44 reductions shall be immediately implemented following notification of the OSBM.

45 **SECTION 6A.8.(c)** Beginning October 1, 2011, the State Chief Information
46 Officer shall submit a quarterly report to the Joint Legislative Commission on Governmental
47 Operations and Fiscal Research Division on collections for, expenditures from, and the balance
48 of the IT Internal Service Fund. The report shall include all expenditures made from the fund
49 to support the Office of Information Technology Services and the activities of the State Chief
50 Information Officer.
51

- (2) Have a detailed plan in place, to include associated costs and sources of funding, to return the function to State control in the event privatization fails to provide anticipated cost-savings or required service levels.
- (3) Privatize only those individual functions where verifiable market data shows that privatization will result in cost-savings to the State and there is no data identifying alternatives that generate greater savings, ensuring that agencies receive at a minimum the same level of service and functionality as the level prior to privatization.
- (4) Document and certify any anticipated savings resulting from privatization by individual function.
- (5) Ensure full disclosure of any privatization decisions that combine multiple services or towers into a single contract, including the costs associated with each specific service or tower included in the contract.

2 the State Chief Information Officer shall do all of the following:

- 3 (1) Report quarterly on the results of the privatization, including a detailed
4 comparison of projected savings to actual cost, data on whether or not the
5 vendor is meeting service level agreements, and an explanation of the
6 reasons for any deficiency or difference.
- 7 (2) Immediately notify the Joint Legislative Commission on Governmental
8 Operations of any outsourcing effort that does not meet projected savings or
9 required service levels for two quarters in a row or during any two quarters
10 of a fiscal year, and develop a corrective action plan.
- 11 (3) Terminate any contract where privatization fails to achieve projected savings
12 or meet service levels over a period of 12 months.

13 **STATE PORTAL**

14 **SECTION 6A.10.(a)** The Department of Administration may implement and

32 operations. This oversight shall include the review of any new
33 functions and of rates associated with the operation of the portal.
- 34 (2) A funding model for the implementation that does not increase the cost of
35 services for any citizen of the State or reduce the receipts or other funding
36 currently available to State agencies or included in appropriations for the
37 2011-2013 fiscal biennium. Any fees and other charges that may be required
38 to support the portal shall not be collected from agencies without General
39 Assembly approval.
- 40 (3) If outsourced, a detailed, fully executable plan to return portal operations to
41 the State, with associated costs.

42 **SECTION 6A.10.(c)** Participation by State agencies in the portal shall be
43 voluntary.

48 availability per student is of the anticipated State average revenue
49 availability per student and weight the resulting percentage by a
50 factor of four-tenths.

- 1 c. Compute the percentage that the county-adjusted property tax base
2 per square mile is of the State-adjusted property tax base per square
3 mile and weight the resulting percentage by a factor of one-tenth.
- 4 d. Add the three weighted percentages to derive the county wealth as a
5 percentage of the State average wealth.

25 Secretary of the Local Government Commission pursuant to G.S. 115C-447.
- 26 (15) "State average adjusted property tax base per square mile" means the sum of
27 the county-adjusted property tax bases for all counties divided by the
28 number of square miles of land area in the State.
- 29 (16) "Supplant" means to decrease local per student current expense
30 appropriations from one fiscal year to the next fiscal year.
- 31 (17) "Weighted average of the three most recent annual sales assessment ratio
32 studies" means the weighted average of the three most recent annual sales
33 assessment ratio studies in the most recent years for which county current
34 expense appropriations and adjusted property tax valuations are available. If

36 sales assessment ratio study, a weighted average of the two most recent sales

40 **SECTION 7.4.(c)** Eligibility for Funds. – Except as provided in subsection (g) of
41 this section, the State Board of Education shall allocate these funds to local school
42 administrative units located in whole or in part in counties in which the county wealth as a
43 percentage of the State average wealth is less than one hundred percent (100%).

44 **SECTION 7.4.(d)** Allocation of Funds. – Except as provided in subsection (f) of
45 this section, the amount received per average daily membership for a county shall be the
46 difference between the State average current expense appropriations per student and the current
47 expense appropriations per student that the county could provide given the county's wealth and
48 an average effort to fund public schools. (To derive the current expense appropriations per
49 student that the county could be able to provide given the county's wealth and an average effort
50 to fund public schools, multiply the county's wealth as a percentage of State average wealth by
51 the State average current expense appropriations per student.) The funds for the local school

1 administrative units located in whole or in part in the county shall be allocated to each local
2 school administrative unit located in whole or in part in the county based on the average daily
3 membership of the county's students in the school units. If the funds appropriated for
4 supplemental funding are not adequate to fund the formula fully, each local school
5 administrative unit shall receive a pro rata share of the funds appropriated for supplemental
6 funding.

7 **SECTION 7.4.(e)** Formula for Distribution of Supplemental Funding Pursuant to
8 This Section Only. – The formula in this section is solely a basis for distribution of
9 supplemental funding for low-wealth counties and is not intended to reflect any measure of the
10 adequacy of the educational program or funding for public schools. The formula is also not
11 intended to reflect any commitment by the General Assembly to appropriate any additional
12 supplemental funds for low-wealth counties.

13 **SECTION 7.4.(f)** Minimum Effort Required. – Counties that had effective tax
14 rates in the 1996-1997 fiscal year that were above the State average effective tax rate but that
15 had effective rates below the State average in the 1997-1998 fiscal year or thereafter shall
16 receive reduced funding under this section. This reduction in funding shall be determined by
17 subtracting the amount that the county would have received pursuant to Section 17.1(g) of
18 Chapter 507 of the 1995 Session Laws from the amount that the county would have received if
19 qualified for full funding and multiplying the difference by ten percent (10%). This method of
20 calculating reduced funding shall apply one time only. This method of calculating reduced
21 funding shall not apply in cases in which the effective tax rate fell below the statewide average
22 effective tax rate as a result of a reduction in the actual property tax rate. In these cases, the
23 minimum effort required shall be calculated in accordance with Section 17.1(g) of Chapter 507
24 of the 1995 Session Laws. If the county documents that it has increased the per student
25 appropriation to the school current expense fund in the current fiscal year, the State Board of
26 Education shall include this additional per pupil appropriation when calculating minimum
27 effort pursuant to Section 17.1(g) of Chapter 507 of the 1995 Session Laws.

28 **SECTION 7.4.(g)** Nonsupplant Requirement. – A county in which a local school
29 administrative unit receives funds under this section shall use the funds to supplement local
30 current expense funds and shall not supplant local current expense funds. For the 2011-2013
31 fiscal biennium, the State Board of Education shall not allocate funds under this section to a
32 county found to have used these funds to supplant local per student current expense funds. The
33 State Board of Education shall make a finding that a county has used these funds to supplant
34 local current expense funds in the prior year, or the year for which the most recent data are
35 available, if the following apply:

- 36 (1) The current expense appropriation per student of the county for the current
37 year is less than ninety-five percent (95%) of the average of the local current
38 expense appropriations per student for the three prior fiscal years; and
- 39 (2) The county cannot show (i) that it has remedied the deficiency in funding or
40 (ii) that extraordinary circumstances caused the county to supplant local
41 current expense funds with funds allocated under this section. The State
42 Board of Education shall adopt rules to implement this section.

43 **SECTION 7.4.(h)** Reports. – The State Board of Education shall report to the Joint
44 Legislative Education Oversight Committee prior to May 1, 2012, if it determines that counties
45 have supplanted funds.

46 **SECTION 7.4.(i)** Department of Revenue Reports. – The Department of Revenue
47 shall provide to the Department of Public Instruction a preliminary report for the current fiscal
48 year of the assessed value of the property tax base for each county prior to March 1 of each
49 year and a final report prior to May 1 of each year. The reports shall include for each county the
50 annual sales assessment ratio and the taxable values of (i) total real property, (ii) the portion of
51 total real property represented by the present-use value of agricultural land, horticultural land,

1 and forestland, as defined in G.S. 105-277.2, (iii) property of public service companies
2 determined in accordance with Article 23 of Chapter 105 of the General Statutes, and (iv)
3 personal property.
4

35 subsection (b) of this section, the State Board of Education shall allocate funds appropriated for

38 administrative unit with an average daily membership from 3,175 to 4,000 students if the
39 county in which the local school administrative unit is located has a county-adjusted property
40 tax base per student that is below the State-adjusted property tax base per student and if the
41 total average daily membership of all local school administrative units located within the
42 county is from 3,175 to 4,000 students. The allocation formula shall do all of the following:

23 available, if the following apply:

29 current expense funds with funds allocated under this section. The State
30 Board of Education shall adopt rules to implement this section.

31 **SECTION 7.12.(c) Phase-Out Provisions.** – If a local school administrative unit
32 becomes ineligible for funding under this formula because of (i) an increase in the population
33 of the county in which the local school administrative unit is located or (ii) an increase in the
34 county-adjusted property tax base per student of the county in which the local school
35 administrative unit is located, funding for that unit shall be continued for seven years after the
36 unit becomes ineligible.

37 **SECTION 7.12.(d) Definitions.** – As used in this section, the following definitions
38 apply:

- 39 (1) "Average daily membership" means within two percent (2%) of the average
40 daily membership as defined in the North Carolina Public Schools Allotment
41 Policy Manual adopted by the State Board of Education.

43 property valuation for each county, adjusted using a weighted average of the

9 studies" means the weighted average of the three most recent annual sales
10 assessment ratio studies in the most recent years for which county current
11 expense appropriations and adjusted property tax valuations are available. If
12 real property in a county has been revalued one year prior to the most recent
13 sales assessment ratio study, a weighted average of the two most recent sales
14 assessment ratios shall be used. If property has been revalued during the year
15 of the most recent sales assessment ratio study, the sales assessment ratio for
16 the year of revaluation shall be used.

17 **SECTION 7.12.(e)** Reports. – The State Board of Education shall report to the

23 **SECTION 10.8.(b)** Of the funds appropriated in this act to the Department of
24 Health and Human Services, Division of Mental Health, Developmental Disabilities, and
25 Substance Abuse Services, the sum of twenty-nine million one hundred twenty-one thousand
26 six hundred forty-four dollars (\$29,121,644) for the 2011-2012 fiscal year and the sum of
27 twenty-nine million one hundred twenty-one thousand six hundred forty-four dollars
28 (\$29,121,644) for the 2012-2013 fiscal year shall be allocated for the purchase of local
29 inpatient psychiatric beds or bed days. These beds or bed days shall be distributed across the
30 State in LME catchment areas and according to need as determined by the Department. The
31 Department shall enter into contracts with the LMEs and community hospitals for the
32 management of these beds or bed days. The Department shall work to ensure that these
33 contracts are awarded equitably around all regions of the State. Local inpatient psychiatric beds
34 or bed days shall be managed and controlled by the LME, including the determination of which
35 local or State hospital the individual should be admitted to pursuant to an involuntary
36 commitment order. Funds shall not be allocated to LMEs but shall be held in a statewide
37 reserve at the Division of Mental Health, Developmental Disabilities, and Substance Abuse
38 Services to pay for services authorized by the LMEs and billed by the hospitals through the
39 LMEs. LMEs shall remit claims for payment to the Division within 15 working days of receipt
40 of a clean claim from the hospital and shall pay the hospital within 30 working days of receipt
41 of payment from the Division. If the Department determines (i) that an LME is not effectively
42 managing the beds or bed days for which it has responsibility, as evidenced by beds or bed days
43 in the local hospital not being utilized while demand for services at the State psychiatric
44 hospitals has not reduced, or (ii) the LME has failed to comply with the prompt payment
45 provisions of this subsection, the Department may contract with another LME to manage the
46 beds or bed days, or, notwithstanding any other provision of law to the contrary, may pay the
47 hospital directly. The Department shall develop reporting requirements for LMEs regarding the
48 utilization of the beds or bed days. Funds appropriated in this section for the purchase of local
49 inpatient psychiatric beds or bed days shall be used to purchase additional beds or bed days not
50 currently funded by or through LMEs and shall not be used to supplant other funds available or
51 otherwise appropriated for the purchase of psychiatric inpatient services under contract with

1 community hospitals, including beds or bed days being purchased through Hospital Utilization
2 Pilot funds appropriated in S.L. 2007-323. Not later than March 1, 2012, the Department shall
3 report to the House of Representatives Appropriations Subcommittee on Health and Human
4 Services, the Senate, the Joint Legislative Oversight Committee on Mental Health,
5 Developmental Disabilities, and Substance Abuse Services, and the Fiscal Research Division
6 on a uniform system for beds or bed days purchased (i) with local funds, (ii) from existing State
7 appropriations, (iii) under the Hospital Utilization Pilot, and (iv) purchased using funds
8 appropriated under this subsection.

9 **SECTION 10.8.(c)** Of the funds appropriated in this act to the Department of
10 Health and Human Services, Division of Mental Health, Developmental Disabilities, and

12 thousand dollars (\$5,700,000) shall be distributed to LMEs to support 30 mobile crisis teams.
13 The new mobile crisis units shall be distributed over the State according to need as determined
14 by the Department.

15 **SECTION 10.8.(d)** The Department of Health and Human Services may create a
16 midyear process by which it can reallocate State service dollars away from LMEs that do not
17 appear to be on track to spend the LMEs' full appropriation and toward LMEs that appear able
18 to spend the additional funds.

19 **MH/DD/SAS HEALTH CARE INFORMATION SYSTEM PROJECT**

20 **SECTION 10.9.** Of the funds appropriated to the Department of Health and
21 Human Services for the 2011-2013 fiscal biennium, the Department may use a portion of these
22 funds to continue to develop and implement a health care information system for State
23 institutions operated by the Division of Mental Health, Developmental Disabilities, and
24 Substance Abuse Services. G.S. 143C-6-5 does not apply to this section.

26 **LME FUNDS FOR SUBSTANCE ABUSE SERVICES**

27 **SECTION 10.10.(a)** Consistent with G.S. 122C-2, the General Assembly strongly
28 encourages Local Management Entities (LMEs) to use a portion of the funds appropriated for
29 substance abuse treatment services to support prevention and education activities.
30

31 **SECTION 10.10.(b)** An LME may use up to one percent (1%) of funds allocated
32 to it for substance abuse treatment services to provide nominal incentives for consumers who
33 achieve specified treatment benchmarks, in accordance with the federal substance abuse and
34 mental health services administration best practice model entitled Contingency Management.

35 **SECTION 10.10.(c)** In providing treatment and services for adult offenders and
36 increasing the number of Treatment Accountability for Safer Communities (TASC) case
37 managers, local management entities shall consult with TASC to improve offender access to
38 substance abuse treatment and match evidence-based interventions to individual needs at each
39 stage of substance abuse treatment. Special emphasis should be placed on intermediate
40 punishment offenders, community punishment offenders at risk for revocation, and Department
41 of Correction (DOC) releasees who have completed substance abuse treatment while in
42 custody.

43 In addition to the funds appropriated in this act to the Department of Health and
44 Human Services, Division of Mental Health, Developmental Disabilities, and Substance Abuse
45 Services, to provide substance abuse services for adult offenders and to increase the number of
46 TASC case managers, the Department shall allocate up to three hundred thousand dollars
47 (\$300,000) to TASC. These funds shall be allocated to TASC before funds are allocated to
48 LMEs for mental health services, substance abuse services, and crisis services.

49 **SECTION 10.10.(d)** In providing drug treatment court services, LMEs shall
50 consult with the local drug treatment court team and shall select a treatment provider that meets
51 all provider qualification requirements and the drug treatment court's needs. A single treatment

1 provider may be chosen for non-Medicaid-eligible participants only. A single provider may be
2 chosen who can work with all of the non-Medicaid-eligible drug treatment court participants in
3 a single group. During the 52-week drug treatment court program, participants shall receive an
4 array of treatment and aftercare services that meets the participant's level of need, including
5 step-down services that support continued recovery.

6 7 **MH/DD/SAS COMMUNITY SERVICE FUNDS**

8 **SECTION 10.11.(a)** The Division of Mental Health, Developmental Disabilities,
9 and Substance Abuse Services (as used in this section "The Division") is directed to reduce the
10 Community Service Fund by twenty million dollars (\$20,000,000).

11 **SECTION 10.11.(b)** The Division is directed, through consultation with LME
12 representatives and stakeholders, to develop a set of standardized covered benefits for
13 recipients of LME Service Funds that shall become the only services paid for by community
14 service funds through LMEs. These services shall be best practices for developmental
15 disabilities, mental illness, and substance abuse.

16 **SECTION 10.11.(c)** Effective January 1 2012, the Division shall implement a
17 co-payment for all mental health, developmental disabilities, and substance abuse services

19 **SECTION 10.11.(d)** The Division is directed to reduce the Community Service
20 Fund by twenty-five million dollars (\$25,000,000) for the 2011-2012 fiscal year based on
21 available fund balance reported by the LMEs' 2010 fiscal audit. The Division is directed to
22 allocate the reduction among LMEs based on unreserved, undesignated fund balance totals, as
23 of June 30, 2010. The LMEs are required to backfill the reduction with fund balance
24 availability and not further reduce services beyond the amount identified in subsection (a) of
25 this section.

26 **SECTION 10.11.(e)** LMEs are directed to spend their unreserved, undesignated
27 fund balance on services, commensurate with the reduction directed by the Division. Quarterly
28 reports shall be submitted to the Division by LMEs to ensure expenditures from fund balance
29 occurs at the level required by this law. Additionally, the Division shall review the designation
30 of reserved or designated fund balance accounts to determine whether accounts may be moved
31 to unreserved, undesignated, in essence increasing the unreserved, undesignated fund balance
32 available for purchase of services. If categories of funds are moved into the
33 unreserved/undesignated categories, the affected LMEs are encouraged to spend these funds to
34 minimize their share of the twenty million dollars (\$20,000,000) in reductions to services as
35 required in subsection (a) of this section.

36 **SECTION 10.11.(f)** The Department of Health and Human Services shall report to
37 the House and Senate Appropriations Subcommittees by December 12, 2011, on the status of

45 Health and Human Services is authorized to proceed with contracting with a private entity if
46 the Secretary can justify savings through the contract. The Secretary shall compare the
47 Department's total cost to provide forensic care to proposals received and determine whether it
48 is cost-effective to contract for this service. The Secretary may only proceed if the Secretary
49 determines the Department will save money and ensure appropriate safety and quality of care
50 for patients.

39 pharmacy/provider. – The Department of Health and Human
40 Services, Division of Medical Assistance, shall lock Medicaid

43 combination of these options in order to achieve the lowest
44 available price for such drugs under such program.

45 The Department may negotiate supplemental rebates from

50 Department may procure a sole source contract with an

1 outside entity or contractor to conduct negotiations for
2 supplemental rebates.

49 take into consideration the potential fiscal impact of the waiver or limitation
50 on the State Medicaid Program. The Department shall provide to the affected
51 provider written notice of the findings upon which its action is based and

1 shall include the performance bond requirements and the conditions under
2 which a waiver or limitation apply. The Department may adopt temporary

17 mental health visits subject to independent utilization review are exempt
18 from the visit limitations contained in this subdivision. Subject to
19 appropriate medical review, the Department may authorize exceptions when
20 additional care is medically necessary. Routine or maintenance visits above

30 carry out pilot programs for prepaid health plans, contracting for services,
31 managed care plans, or community-based services programs in accordance
32 with plans approved by the United States Department of Health and Human
33 Services or when the Department determines that such a waiver or
34 innovation projects will result in a reduction in the total Medicaid costs.
35 (2) Co-payment for Medicaid services. – The Department of Health and Human
36 Services may establish co-payments up to the maximum permitted by federal
37 law and regulation.
38 (3) Provider enrollment fee. – Effective September 1, 2009, the Department of

47 G.S. 150B-21.1A when it finds that these rules are necessary to maximize receipt of federal
48 funds within existing State appropriations, to reduce Medicaid expenditures, and to reduce
49 fraud and abuse. The Department of Health and Human Services shall adopt rules requiring
50 providers to attend training as a condition of enrollment and may adopt temporary or
51 emergency rules to implement the training requirement.

1 Prior to the filing of the temporary or emergency rules authorized under this

14 Notwithstanding G.S. 143C-6-4(b)(3), the Department may use funds appropriated in this act to
15 cover the contract shortfall in the Division of Medical Assistance if insufficient funds exist
16 within the Division.

 2. All assessments for admission to IHCC and IHCA, continuation of these services, and change of status reviews for these services shall be performed by DMA or its designee. The DMA designee may not be an owner of a provider business or provider of in-home or personal care services of any type.
 3. DMA or its designee shall determine and authorize the amount of service to be provided on a "needs basis," as determined by its review and findings of each recipient's degree of functional disability and level of unmet needs for hands-on personal assistance in the five qualifying ADLs.
- e. Take all appropriate actions to manage the cost, quality, program compliance, and utilization of services provided under the IHCC and IHCA programs, including, but not limited to:
1. Priority independent reassessment of recipients before the anniversary date of their initial admission or reassessment for those recipients likely to qualify for the restructured IHCC and IHCA programs;
 2. Priority independent reassessment of recipients requesting a change of service provider;

- 1 3. Targeted reassessments of recipients prior to their anniversary
2 dates when the current provider assessment indicates they
3 may not qualify for the program or for the amount of services
4 they are currently receiving;
- 5 4. Targeted reassessment of recipients receiving services from
6 providers with a history of program noncompliance;
- 7 5. Provider desk and on-site reviews and recoupment of all

 - 21 1. Subject to approvals from CMS, DMA shall make every
22 effort to implement the new IHCC and IHCA programs by
23 January 1, 2013.
 - 24 2. DMA shall ensure that individuals who qualify for the IHCC
25 and IHCA programs shall not experience a lapse in service
26 and, if necessary, shall be admitted on the basis of their
27 current provider assessment when an independent
28 reassessment has not yet been performed and the current
29 assessment documents that the medical necessity
30 requirements for the IHCC or IHCA program, as applicable,
31 have been met.
 - 32 3. Prior to the implementation date of the new IHCC and IHCA
33 programs, all recipients in the PCS and PCS-Plus programs
34 shall be notified pursuant to 42 C.F.R. § 431.220(b) and
35 discharged, and the Department shall no longer provide

51 assistance services.

- 1 (4) Community Support Team. – Authorization for a Community Support Team
2 shall be based upon medical necessity as defined by the Department and
3 shall not exceed 18 hours per week.

5 restructure the Medicaid child mental health, developmental disabilities, and
6 substance abuse residential services to ensure that total expenditures are
7 within budgeted levels. All restructuring activities shall be in compliance
8 with federal and State law or rule. The Divisions of Medical Assistance and
9 Mental Health, Developmental Disabilities, and Substance Abuse Services
10 shall establish a team inclusive of providers, LMEs, and other stakeholders
11 to assure effective transition of recipients to appropriate treatment options.
12 The restructuring shall address all of the following:
- 13 a. Submission of the therapeutic family service definition to CMS.
- 14 b. The Department shall reexamine the entrance and continued stay
15 criteria for all residential services. The revised criteria shall promote
16 least restrictive services in the home prior to residential placement.
17 During treatment, there must be inclusion in community activities
18 and parent or legal guardian participation in treatment.
- 19 c. Require all existing residential providers or agencies to be nationally
20 accredited within one year of enactment of this act. Any providers
21 enrolled after the enactment of this act shall be subject to existing
22 endorsement and nationally accrediting requirements. In the interim,
23 providers who are nationally accredited will be preferred providers

43 for both Child and Family Team review of goals and treatment
44 progress, family or discharge placement setting are actively engaged

50 receipt of the signature of the system of care coordinator. The LME
51 will designate appropriate individuals who can sign the discharge

- 1 plan within 24 hours of receipt of the discharge plan. Failure to
2 submit a complete discharge plan will result in the request being
3 returned as unable to process.
- 4 g. Any residential provider that ceases to function as a provider shall
5 provide written notification to DMA, the Local Management Entity,
6 recipients, and the prior authorization vendor 30 days prior to closing

9 in compliance with record retention requirements. Records shall also
10 be available to State, federal, and local agencies.
- 11 i. Failure to comply with notification, recipient transition planning, or
12 record maintenance shall be grounds for withholding payment until
13 such activity is concluded. In addition, failure to comply shall be
14 conditions that prevent enrollment for any Medicaid or State-funded
15 service. A provider (including its officers, directors, agents, or
16 managing employees or individuals or entities having a direct or
17 indirect ownership interest or control interest of five percent (5%) or
18 more as set forth in Title XI of the Social Security Act) that fails to

50 address the time line and process for implementation, the identification of
51 savings, and the Medicaid recipients affected by the consolidation.

31 include the performance of case management services.

32 **SECTION 10.54.(d)** Funds appropriated to the Department of Health and Human
33 Services for the child welfare postsecondary support program shall be used only for students
34 attending public institutions of higher education in this State.

35 36 **TANF BENEFIT IMPLEMENTATION**

37 **SECTION 10.55.(a)** The General Assembly approves the plan titled "North
38 Carolina Temporary Assistance for Needy Families State Plan FY 2010-2012," prepared by the
39 Department of Health and Human Services and presented to the General Assembly. The North
40 Carolina Temporary Assistance for Needy Families State Plan covers the period October 1,
41 2010, through September 30, 2012. The Department shall submit the State Plan, as revised in
42 accordance with subsection (b) of this section, to the United States Department of Health and
43 Human Services, as amended by this act or any other act of the 2011 General Assembly.

44 **SECTION 10.55.(b)** The counties approved as Electing Counties in the North
45 Carolina Temporary Assistance for Needy Families State Plan FY 2010-2012, as approved by
46 this section are Beaufort, Caldwell, Catawba, Lenoir, Lincoln, Macon, and Wilson.

47 **SECTION 10.55.(c)** Counties that submitted the letter of intent to remain as an
48 Electing County or to be redesignated as an Electing County and the accompanying county plan
49 for fiscal year 2011 through 2012, pursuant to G.S. 108A-27(e), shall operate under the
50 Electing County budget requirements effective July 1, 2009. For programmatic purposes, all

1 counties referred to in this subsection shall remain under their current county designation
2 through September 30, 2012.

3 **SECTION 10.55.(d)** For the 2011-2012 fiscal year, Electing Counties shall be held
4 harmless to their Work First Family Assistance allocations for the 2010-2011 fiscal year,
5 provided that remaining funds allocated for Work First Family Assistance and Work First
6 Diversion Assistance are sufficient for payments made by the Department on behalf of
7 Standard Counties pursuant to G.S. 108A-27.11(b).

8 **SECTION 10.55.(e)** In the event that Departmental projections of Work First
9 Family Assistance and Work First Diversion Assistance for the 2011-2012 fiscal year indicate
10 that remaining funds are insufficient for Work First Family Assistance and Work First
11 Diversion Assistance payments to be made on behalf of Standard Counties, the Department is
12 authorized to deallocate funds, of those allocated to Electing Counties for Work First Family
13 Assistance in excess of the sums set forth in G.S. 108A-27.11, up to the requisite amount for
14 payments in Standard Counties. Prior to deallocation, the Department shall obtain approval by
15 the Office of State Budget and Management. If the Department adjusts the allocation set forth
16 in subsection (d) of this section, then a report shall be made to the Joint Legislative
17 Commission on Governmental Operations, the House of Representatives Appropriations
18 Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health
19 and Human Services, and the Fiscal Research Division.

20 21 **PAYMENTS FOR LIEAP/CIP**

22 **SECTION 10.56.(a)** Part 1 of Article 2 of Chapter 108A of the General Statutes is
23 amended by adding the following new section to read:

24 **"§ 108A-25.4. Use of payments under the Low-Income Energy Assistance Program and**
25 **Crisis Intervention Program.**

26 (a) The Low-Income Energy Assistance Program Plan developed by the Department of
27 Health and Human Services (Department) and submitted to the U.S. Department of Health and
28 Human Services shall focus the annual energy assistance payments on the elderly population
29 age 60 and above with income up to one hundred thirty percent (130%) of the federal poverty
30 level and disabled persons receiving services through the Division of Aging and Adult
31 Services. The energy assistance payment shall be paid directly to the service provider by the
32 county department of social services. The Plan for Crisis Intervention Program (CIP) shall
33 provide assistance for vulnerable populations who meet income eligibility criteria established
34 by the Department. The CIP payment shall be paid directly to the service provider by the
35 county department of social services.

36 (b) The Department shall submit the Plan for each program to the U.S. Department of
37 Health and Human Services no later than September 1 of each year and implement the Plan no
38 later than October 1 of each year."

39 **SECTION 10.56.(b)** Beginning September 1, 2011, on or before September 1 of
40 each year and for a period of three years thereafter, the Department of Health and Human
41 Services shall submit a copy of the Plan to the House Appropriations Subcommittee on Health
42 and Human Services and Senate Appropriations Committee on Health and Human Services.

43 44 **CONSOLIDATE BLIND, DEAF, AND VOCATIONAL REHABILITATION** 45 **DIVISIONS**

46 **SECTION 10.57.** On or before January 1, 2012, the Department of Health and
47 Human Services shall consolidate the Division of Services for the Blind, the Division of
48 Services for the Deaf and the Hard of Hearing, and the Division of Vocational Rehabilitation
49 Services into one division within the Department for the provision of these services.

50 51 **NON-MEDICAID REIMBURSEMENT CHANGES**

1 **SECTION 10.58.(a)** Providers of medical services under the various State
2 programs, other than Medicaid, offering medical care to citizens of the State shall be
3 reimbursed at rates no higher than those under the North Carolina Medical Assistance Program.

4 The Department of Health and Human Services may reimburse hospitals at the full
5 prospective per diem rates without regard to the Medical Assistance Program's annual limits on
6 hospital days. When the Medical Assistance Program's per diem rates for inpatient services and
7 its interim rates for outpatient services are used to reimburse providers in non-Medicaid
8 medical service programs, retroactive adjustments to claims already paid shall not be required.

9 Notwithstanding the provisions of this section, the Department of Health and
10 Human Services may negotiate with providers of medical services under the various
11 Department of Health and Human Services programs, other than Medicaid, for rates as close as
12 possible to Medicaid rates for the following purposes: contracts or agreements for medical
13 services and purchases of medical equipment and other medical supplies. These negotiated
14 rates are allowable only to meet the medical needs of its non-Medicaid eligible patients,
15 residents, and clients who require such services that cannot be provided when limited to the
16 Medicaid rate.

17 Maximum net family annual income eligibility standards for services in these
18 programs shall be as follows:

19 DSB Medical Eye Care	125% FPL
20 DSB Independent Living <55	125% FPL
21 DSB Independent Living 55>	200% FPL
22 DSB Vocational Rehabilitation	125% FPL
23 DVR Independent Living	125% FPL
24 DVR Vocational Rehabilitation	125% FPL

25 The Department of Health and Human Services shall contract at, or as close as
26 possible to, Medicaid rates for medical services provided to residents of State facilities of the
27 Department.

28 **SECTION 10.58.(b)** Subject to the prior approval of the Office of State Budget
29 and Management, the Secretary shall reduce provider rates for services rendered for the
30 Medical Eye Care, Independent Living, and Vocational Rehabilitation programs within the
31 Division of Services for the Blind, and Independent Living and Vocational Rehabilitation
32 programs within the Division of Vocational Rehabilitation to accomplish the reduction in funds
33 for this purpose enacted in this act.

34 **STATE-COUNTY SPECIAL ASSISTANCE**

35 **SECTION 10.59.(a)** The maximum monthly rate for residents in adult care home
36 facilities shall be one thousand one hundred eighty-two dollars (\$1,182) per month per resident
37 unless adjusted by the Department in accordance with subsection (d) of this section. The
38 eligibility of Special Assistance recipients residing in adult care homes on September 30, 2009,
39 shall not be affected by an income reduction in the Special Assistance eligibility criteria
40 resulting from the adoption of this maximum monthly rate, provided these recipients are
41 otherwise eligible.

42 **SECTION 10.59.(b)** The maximum monthly rate for residents in
43 Alzheimer/Dementia special care units shall be one thousand five hundred fifteen dollars
44 (\$1,515) per month per resident unless adjusted by the Department in accordance with
45 subsection (d) of this section.

46 **SECTION 10.59.(c)** Notwithstanding any other provision of this section, the
47 Department of Health and Human Services shall review activities and costs related to the
48 provision of care in adult care homes and shall determine what costs may be considered to
49 properly maximize allowable reimbursement available through Medicaid personal care services
50 for adult care homes (ACH-PCS) under federal law. As determined, and with any necessary
51

1 approval from the Centers for Medicare and Medicaid Services (CMS), and the approval of the
 2 Office of State Budget and Management, the Department may transfer necessary funds from
 3 the State-County Special Assistance program within the Division of Social Services to the
 4 Division of Medical Assistance and may use those funds as State match to draw down federal
 5 matching funds to pay for such activities and costs under Medicaid's personal care services for
 6 adult care homes (ACH-PCS), thus maximizing available federal funds. The established rate for
 7 State-County Special Assistance set forth in subsections (b) and (c) of this section shall be
 8 adjusted by the Department to reflect any transfer of funds from the Division of Social Services
 9 to the Division of Medical Assistance and related transfer costs and responsibilities from
 10 State-County Special Assistance to the Medicaid personal care services for adult care homes
 11 (ACH-PCS). Subject to approval by the Centers for Medicare and Medicaid Services (CMS)
 12 and prior to implementing this section, the Department may disregard a limited amount of
 13 income for individuals whose countable income exceeds the adjusted State-County Special
 14 Assistance rate. The amount of the disregard shall not exceed the difference between the
 15 Special Assistance rate prior to the adjustment and the Special Assistance rate after the
 16 adjustment and shall be used to pay a portion of the cost of the ACH-PCS and reduce the
 17 Medicaid payment for the individual's personal care services provided in an adult care home. In
 18 no event shall the reimbursement for services through the ACH-PCS exceed the average cost of
 19 the services as determined by the Department from review of cost reports as required and
 20 submitted by adult care homes. The Department shall report any transfers of funds and
 21 modifications of rates to the House of Representatives Appropriations Subcommittee on Health
 22 and Human Services, the Senate Appropriations Committee on Health and Human Services,
 23 and the Fiscal Research Division.

24 **SECTION 10.59.(d)** The Department of Health and Human Services shall
 25 recommend rates for State-County Special Assistance and for Adult Care Home Personal Care
 26 Services. The Department may recommend rates based on appropriate cost methodology and
 27 cost reports submitted by adult care homes that receive State-County Special Assistance funds
 28 and shall ensure that cost reporting is done for State-County Special Assistance and Adult Care
 29 Home Personal Care Services to the same standards as apply to other residential service
 30 providers.

7 **SECTION 13.25.(o)** Chapter 106 of the General Statutes is amended by adding a
8 new Article to read:

9 "Article 71.

10 "Acquisition and Control of State Forests.

11 **"§ 106-840. Policy and plan to be inaugurated by Department of Agriculture and**
12 **Consumer Services.**

13 (a) In this Article, unless the context requires otherwise, "Department" means the
14 Department of Agriculture and Consumer Services and "Commissioner" means Commissioner
15 of Agriculture.

16 (b) The Department shall inaugurate the following policy and plan looking to the
17 cooperation with private and public forest owners in this State insofar as funds may be
18 available through legislative appropriation, gifts of money or land, or such cooperation with
19 landowners and public agencies as may be available:

- 20 (1) The extension of the forest fire prevention organization to all counties in the
21 State needing such protection.
- 22 (2) To cooperate with federal and other public agencies in the restoration of
23 forest growth on land unwisely cleared and subsequently neglected.
- 24 (3) To furnish trained and experienced experts in forest management, to inspect
25 private forestlands and to advise with forest landowners with a view to the
26 general observance of recognized and practical rules of growing, cutting, and
27 marketing timber. The services of such trained experts of the Department
28 must naturally be restricted to those landowners who agree to carry out so
29 far as possible the recommendations of said Department.
- 30 (4) To prepare and distribute printed and other material for the use of teachers
31 and club leaders and to provide instruction to schools and clubs and other
32 groups of citizens in order to train the younger generation in the principles of
33 wise use of our forest resources.
- 34 (5) To acquire small areas of suitable land in the different regions of the State on
35 which to establish small, model forests which shall be developed and used
36 by the said Department as State demonstration forests for experiment and
37 demonstration in forest management.

38 **"§ 106-841. Growing of timber on unused State lands authorized.**

39 The Department of Administration may allocate to the Department, for management as a
40 State forest, any vacant and unappropriated lands, any marshlands or swamplands, and any
41 other lands title to which is vested in the State or in any State agency or institution, where such
42 lands are not being otherwise used and are not suitable for cultivation. Lands under the
43 supervision of the Wildlife Resources Commission and designated and in use as wildlife
44 management areas, refuges, or fishing access areas and lands used as research stations shall not
45 be subject to the provisions of this section. The Department shall plant timber-producing trees
46 on all lands allocated to it for that purpose by the Department of Administration. The
47 Commissioner may contract with the appropriate prison authorities for the furnishing, upon
48 such conditions as may be agreed upon from time to time between such prison authorities and
49 the Commissioner, of prison labor for use in the planting, cutting, and removal of timber from
50 State forests which are under the management of the Department.

1 **"§ 106-842. Use of lands acquired by counties through tax foreclosures as demonstration**
2 **forests.**

3 The boards of county commissioners of the various counties of North Carolina are herewith
4 authorized to turn over to the said Department title to such tax-delinquent lands as may have
5 been acquired by said counties under tax sale and as in the judgment of the Commissioner may
6 be suitable for the purposes named in subdivision (5) of subsection (b) of G.S. 106-840.

7 **"§ 106-843. Procedure for acquisition of delinquent tax lands from counties.**

8 In the carrying out of the provisions of G.S. 106-842, the several boards of county
9 commissioners shall furnish forthwith on written request of the Department a complete list of
10 all properties acquired by the county under tax sale and which have remained unredeemed for a
11 period of two years or more. On receipt of this list the Commissioner shall have the lands
12 examined and if any one or more of these properties is in the Commissioner's judgment suitable
13 for the purposes set forth in G.S. 106-842, request shall be made to the county commissioners
14 for the acquisition of such land by the Department at a price not to exceed the actual amount of
15 taxes due without penalties. On receipt of this request the county commissioners shall make
16 permanent transfer of such tract or tracts of land to the Department through fee-simple deed or
17 other legal transfer, said deed to be approved by the Attorney General of North Carolina, and
18 shall then receive payment from the Department as above outlined.

19 **"§ 106-844. Purchase of lands for use as demonstration forests.**

20 Where no suitable tax-delinquent lands are available and, in the judgment of the
21 Department, the establishment of a demonstration forest is advisable, the Department may
22 purchase sufficient land for the establishment of such a demonstration forest at a fair and
23 agreed-upon price, the deed for such land to be subject to approval of the Attorney General, but
24 nothing in G.S. 106-840 to G.S. 106-845 shall allow the Department to acquire land under the
25 right of eminent domain.

26 **"§ 106-845. Forest management appropriation.**

27 Necessary funds for carrying out the provisions of G.S. 106-840 and G.S. 106-842 to
28 G.S. 106-845 shall be set up in the regular budget as an item entitled "forest management."

29 **"§ 106-846. Power to acquire lands as State forests; donations or leases by United States;**
30 **leases for recreational purposes.**

31 (a) The Governor may, upon recommendation of the Department, accept gifts of land to
32 the State to be held, protected, and administered by the Department as State forests, and to be
33 used so as to demonstrate the practical utility of timber culture and water conservation, and as
34 refuges for game. The gifts of land must be absolute except in cases where the mineral interest
35 on the land has previously been sold. The Department may purchase lands in the name of the
36 State, suitable chiefly for the production of timber, as State forests, for experimental,
37 demonstration, educational, and protection purposes, using for these purposes any special
38 appropriations or funds available. The Department may acquire by condemnation under the
39 provisions of Chapter 40A of the General Statutes, areas of land in different sections of the
40 State that may in the opinion of the Department be necessary for the purpose of establishing or
41 developing State forests and other areas and developments essential to the effective operation
42 of the State forestry activities under its charge. Condemnation proceedings shall be instituted
43 and prosecuted in the name of the State, and any property so acquired shall be administered,
44 developed, and used for experiment and demonstration in forest management, for public
45 recreation, and for other purposes authorized or required by law. Before any action or
46 proceeding under this section can be exercised, the approval of the Governor and Council of
47 State shall be obtained and filed with the clerk of the superior court in the county or counties
48 where the property is located. The Attorney General shall ensure that all deeds to the State for
49 land acquired under this section are properly executed before the gift is accepted or payment of
50 the purchase money is made.

1 **(b)** The Department may accept as gifts to the State any forest and submarginal
2 farmland acquired by the federal government that is suitable for the purpose of creating and
3 maintaining State forests or enter into longtime leases with the federal government for the areas
4 and administer them with funds secured from their administration in the best interest of
5 longtime public use, supplemented by any appropriations made by the General Assembly. The
6 Department may segregate revenue derived from State hunting and fishing licenses, use
7 permits, and concessions, and other proper revenue secured through the administration of State
8 forests, to be deposited in the State treasury to the credit of the Department to be used for the
9 administration of these areas.

10 **(c)** The authority granted to the Department under this section is in addition to any
11 authority granted to the Department under any other provision of law.

12 **"§ 106-847. State timber may be sold by Department; forest nurseries; operation of**
13 **public service facilities; concessions to private concerns; authority to charge**
14 **fees and adopt rules.**

15 **(a)** Timber and other products of State forests may be sold, cut, and removed under
16 rules of the Department. The Department may establish and operate forest tree nurseries and
17 forest tree seed orchards. Forest tree seedlings and seed from these nurseries and seed orchards
18 may be sold to landowners of the State for purposes of forestation under rules adopted by the
19 Department. When the Commissioner determines that a surplus of seedlings or seed exists, this
20 surplus may be sold, and the sale shall be in conformity with the following priority of sale:
21 first, to agencies of the federal government for planting in the State of North Carolina; second,
22 to commercial nurseries and nurserymen within this State; and third, without distinction, to
23 federal agencies, to other states, and to recognized research organizations for planting either
24 within or outside of this State. The Department shall make reasonable rules governing the use
25 by the public of State forests under its charge. These rules shall be posted in conspicuous places
26 on and adjacent to the properties of the State and at the courthouse of the county or counties in
27 which the properties are located. A violation of these rules is punishable as a Class 3
28 misdemeanor.

29 **(b)** The Department may construct, operate, and maintain within the State forests and
30 other areas under its charge suitable public service facilities and conveniences, and may charge
31 and collect reasonable fees for the use of these facilities and conveniences. The Department
32 may also charge and collect reasonable fees for hunting privileges on State forests and fishing
33 privileges in State forests, provided that these privileges shall be extended only to holders of
34 State hunting and fishing licenses who comply with all State game and fish laws.

35 **(c)** The Department may grant to private individuals or companies concessions for
36 operation of public service facilities for such periods and upon such conditions as the
37 Department deems to be in the public interest. The Department may adopt reasonable rules for
38 the regulation of the use by the public of the lands and waters under its charge and of the public
39 service facilities and conveniences authorized under this section. A violation of these rules is
40 punishable as a Class 3 misdemeanor.

41 **(d)** The authority granted to the Department under this section is in addition to any
42 authority granted to the Department under any other provision of law.

43 **"§ 106-848. Applications of proceeds from sale of products.**

44 **(a)** Application of Proceeds Generally. – Except as provided in this section, all money
45 received from the sale of wood, timber, minerals, or other products from the State forests shall
46 be paid into the State treasury and to the credit of the Department; and such money shall be
47 expended in carrying out the purposes of this Article and of forestry in general, under the
48 direction of the Commissioner.

49 **(b)** Tree Cone and Seed Purchase Fund. – A percentage of the money obtained from the
50 sale of seedlings and remaining unobligated at the end of a fiscal year shall be placed in a
51 special, continuing, and nonreverting Tree Cone and Seed Purchase Fund under the control and

1 direction of the Commissioner. The percentage of the sales placed in the Fund shall not exceed
2 ten percent (10%). At the beginning of each fiscal year, the Commissioner shall select the
3 percentage for the upcoming fiscal year depending upon the anticipated costs of tree cones and
4 seeds which the Department must purchase. Money in this Fund shall not be allowed to
5 accumulate in excess of the amount needed to purchase a four-year supply of tree cones and
6 seed and shall be used for no purpose other than the purchase of tree cones and seeds.

7 (c) Forest Seedling Nursery Program Fund. – The Forest Seedling Nursery Program
8 Fund is created within the Department of Environment and Natural Resources, Division of
9 Forest Resources, as a special revenue fund. Except as provided in subsection (b) of this
10 section, this Fund shall consist of receipts from the sale of seed and seedlings as authorized in
11 G.S. 106-847 and any gifts, bequests, or grants for the benefit of this Fund. No General Fund
12 appropriations shall be credited to this Fund. Any balance remaining in this Fund at the end of
13 any fiscal year shall not revert. The Department may use this Fund only to develop, improve,
14 repair, maintain, operate, or otherwise invest in the Forest Seedling Nursery Program.

15 (d) Bladen Lakes State Forest Fund. – The Bladen Lakes State Forest Fund is created
16 within the Department of Environment and Natural Resources, Division of Forest Resources, as
17 a special revenue fund. This Fund shall consist of receipts from the sale of forest products from
18 Bladen Lakes State Forest as authorized in G.S. 106-847 and any gifts, bequests, or grants for
19 the benefit of this Fund. No General Fund appropriations shall be credited to this Fund. Any

25 money out of the State treasury for the purchase of lands or for other purposes unless by
26 appropriation for said purpose by the General Assembly.

27 **"§ 106-850. Distribution of funds from sale of forestlands.**

28 All funds paid by the National Forest Commission, by authority of act of Congress,

33 County said funds shall be entirely for the use and benefit of the school administrative unit in
34 which said national forestlands shall be located.

35 All funds which may hereafter come into the hands of the State Treasurer from like sources
36 shall be likewise distributed.

37 **"§ 106-851. License fees for hunting and fishing on government-owned property**

40 shall be construed to abrogate the vested rights of the State of North Carolina to collect fees for
41 license for hunting and fishing on any government-owned land or in any government-owned
42 stream in North Carolina including the license for county, State,
43 or nonresident hunters or fishermen; or upon any lands or in any streams hereafter acquired by

9 **"§ 106-854. Disposition of revenues received from lands acquired.**

10 All revenues derived from lands now owned or later acquired under the provisions of
11 G.S. 106-852 to G.S. 106-856 shall be set aside for the use of the Department in acquisition,
12 management, development, and use of such lands until all obligations incurred have been paid
13 in full. Thereafter, fifty percent (50%) of all net profits accruing from the administration of
14 such lands shall be applicable for such purposes as the General Assembly may prescribe and
15 fifty percent (50%) shall be paid into the school fund to be used in the county or counties in
16 which lands are located.

17 **"§ 106-855. State not obligated for debts created hereunder.**

18 Obligations for the acquisition of land incurred by the Department under the authority of

16 probable cause for believing has committed a crime in his presence and bring such person or
17 persons forthwith before a district court or other officer having jurisdiction. Forest
18 law-enforcement officers shall also have authority to obtain and serve warrants including
19 warrants for violation of any duly promulgated rule of the Department.

20 **"§ 106-866. Warning tickets for violations of the forest laws.**

21 (a) To encourage the cooperation of the public in achieving the objectives of the forest
22 laws, the ~~Secretary-Commissioner~~ may provide for the issuance of warning tickets instead of
23 the initiation of criminal prosecution by forest rangers and forest law-enforcement officers.
24 Issuance of the warning tickets shall be in accordance with criteria administratively
25 promulgated by the ~~Secretary-Commissioner~~ within the requirements of this section. These
26 criteria are exempt from Article 2A of Chapter 150B of the General Statutes.

27 (b) No warning ticket may be issued unless all of the following conditions are met:

- 28 (1) The forest ranger or the forest law-enforcement officer must be convinced
29 that the offense was not committed intentionally.
- 30 (2) The offense is not one, or a type of offense, for which the ~~Secretary~~
31 ~~Commissioner~~ has prohibited the issuance of warning tickets.
- 32 (3) At the time of the violation it was not reasonably foreseeable that the
33 conduct of the offender could result in any significant destruction of forests
34 or woodlands or constitute a hazard to the public.

35 (c) A warning ticket may not be issued if the offender has previously been charged
36 with, or issued a warning ticket for, the same or a similar offense within the preceding three
37 years. A list of persons who have been issued warning tickets under this section within the
38 preceding three years shall be maintained and periodically updated by the
39 ~~Secretary-Commissioner~~.

40 (d) This section does not entitle any person who has committed an offense to the right
41 to be issued a warning ticket, and the issuance of a warning ticket does not prohibit the later
42 initiation of criminal prosecution for the same offense for which the warning ticket was issued.

43 **"§ 106-867. Compensation of forest rangers.**

44 Forest rangers shall receive compensation from the Department at a reasonable rate to be
45 fixed by said Department for the time actually engaged in the performance of their duties; and
46 reasonable expenses for equipment, transportation, or food supplies incurred in the
47 performance of their duties, according to an itemized statement to be rendered the ~~Secretary~~
48 ~~Commissioner~~ every month, and approved by him. Forest rangers shall render to the ~~Secretary~~
49 ~~Commissioner~~ a statement of the services rendered by the men employed by them or their
50 deputy rangers, as provided in this Article, within one month of the date of service, which bill
51 shall show in detail the amount and character of the service performed, the exact duration

1 thereof, the name of each person employed, and any other information required by the
2 ~~Secretary, Commissioner~~. If said bill be duly approved by the ~~Secretary, Commissioner~~, it shall
3 be paid by direction of the Department out of any funds provided for that purpose.

4 **"§ 106-868. Overtime compensation for forest fire fighting.**

5 The Department shall, within funds appropriated to the Department, provide overtime
6 compensation to the professional employees of the Division of Forest Resources involved in
7 fighting forest fires.

12 Any person who shall maliciously or willfully destroy, deface, remove, or disfigure any
13 sign, poster, or warning notice, posted by order of the ~~Secretary, Commissioner~~, under the
14 provisions of this Article, or any other act which may be passed for the purpose of protecting
15 and developing the forests in this State, shall be guilty of a Class 3 misdemeanor.

16 **"§ 106-871. Cooperation between counties and State in forest protection and
17 development.**

18 The board of county commissioners of any county is hereby authorized and empowered to
19 cooperate with the Department in the protection, reforestation, and promotion of forest
20 management of their own forests within their respective counties, and to appropriate and pay
21 out of the funds under their control such amount as is provided in ~~G.S. 113-54~~, G.S. 106-863.

25 county in which they are serving as such fire rangers all such tracts, books, periodicals and
26 other literature that may, from time to time, be sent out to such rangers by the State and federal
27 forestry agencies touching or dealing with forest preservation, development, and forest
28 management.

29 (b) It shall be the duty of the various rangers herein mentioned under the direction of
30 the ~~Secretary, Commissioner~~, and the duty of the teachers of the various schools, both public
31 and high schools, to keep posted at some conspicuous place in the various classrooms of the
32 school buildings such appropriate bulletins and posters as may be sent out from the forestry
33 agencies herein named for that purpose and keep the same constantly before their pupils; and
34 said teachers and rangers shall prepare lectures or talks to be made to the pupils of the various
35 schools on the subject of forest fires, their origin and their destructive effect on the plant life
36 and tree life of the forests of the State, the development and scientific management of the
37 forests of the State, and shall be prepared to give practical instruction to their pupils from time
38 to time and as often as they shall find it possible so to do.

39 **"§ 106-873. Authority of Governor to close forests and woodlands to hunting, fishing and
40 trapping.**

41 During periods of protracted drought or when other hazardous fire conditions threaten
42 forest and water resources and appear to require extraordinary precautions, the Governor of the
43 State, upon the joint recommendation of the ~~Secretary, Commissioner~~ and the Executive
44 Director of the North Carolina Wildlife Resources Commission, may by official proclamation:

5 **"§ 106-874. Publication of proclamation; annulment thereof.**

6 Such proclamation shall become effective 24 hours after certified time of issue, and shall be
7 published in such newspapers and posted in such places and in such manner as the Governor
8 may direct. It shall be annulled in the same manner by another proclamation by the Governor

23 ~~Commissioner~~ or his agents to go upon his land, or if any person refuses to adopt adequate
24 means to control or eradicate the insect, infestation or disease infection, the ~~Secretary~~
25 ~~Commissioner~~ may apply to the superior court of the county in which the land is located for an
26 injunction or other appropriate remedy to restrain the landowner from interfering with the
27 ~~Secretary-Commissioner~~ or his agents in entering the control zone and adopting measures to

21 recodified by subsection (w) of this section, reads as rewritten:

22 "Article 75.

23 "Regulation of Open Fires.

24 **"§ 106-900. Purpose and findings.**

25 The purpose of this Article is to regulate certain open burning in order to protect the public
26 from the hazards of forest fires and air pollution and to adapt such regulation to the needs and
27 circumstances of the different areas of North Carolina. The General Assembly finds that open
28 burning in proximity to woodlands must be regulated in all counties to protect against forest
29 fires and air pollution. The General Assembly further finds that in certain counties a high
30 percentage of the land area contains organic soils or forest types which may pose greater
31 problems of forest fire and air pollution controls, and that in counties in which a great amount
32 of land-clearing operations is taking place on these organic soils or these forest types,
33 additional control of open burning is required. The counties subject to the need for additional
34 control are classified as high hazard counties for purpose of this Article.

35 **"§ 106-901. Definitions.**

36 As used in this Article:

- 37 (1) "Department" means the Department of ~~Environment and Natural~~
38 ~~Resources~~ Agriculture and Consumer Services.
39 (2) "Forest ranger" means the county forest ranger or deputy forest ranger
40 designated under ~~G.S. 113-52~~ G.S. 106-861.
41 (3) "Person" means any individual, firm, partnership, corporation, association,
42 public or private institution, political subdivision, or government agency.

45 (a) The provisions of this section apply only to the counties of Beaufort, Bladen,
46 Brunswick, Camden, Carteret, Chowan, Craven, Currituck, Dare, Duplin, Gates, Hyde, Jones,

48 high hazard counties in accordance with ~~G.S. 113-60.21~~ G.S. 106-900.

49 (b) It is unlawful for any person to willfully start or cause to be started any fire in any
50 woodland under the protection of the Department or within 500 feet of any such woodland
51 without first having obtained a permit from the Department. Permits for starting fires may be

1 obtained from forest rangers or other agents authorized by the county forest ranger to issue
2 such permits in the county in which the fire is to be started. Such permits shall be issued by the
3 ranger or other agent unless permits for the area in question have been prohibited or cancelled
4 in accordance with ~~G.S. 113-60.25 or 113-60.27~~. G.S. 106-904 or G.S. 106-906.

5 (c) It is unlawful for any person to willfully burn any debris, stumps, brush or other
6 flammable materials resulting from ground clearing activities and involving more than five
7 contiguous acres, regardless of the proximity of the burning to woodland and on which such
8 materials are placed in piles or windrows without first having obtained a special permit from
9 the Department. Areas less than five acres in size will require a regular permit in accordance
10 with ~~G.S. 113-60.23(b)~~. G.S. 106-902(b).

- 11 (1) Prevailing winds at the time of ignition must be away from any city, town,
12 development, major highway, or other populated area, the ambient air of
13 which may be significantly affected by smoke, fly ash, or other air
14 contaminates from the burning.
- 15 (2) The location of the burning must be at least 1,000 feet from any dwelling or
16 structure located in a predominately residential area other than a dwelling or
17 structure located on the property on which the burning is conducted unless
18 permission is granted by the occupants.
- 19 (3) The amount of dirt or organic soil on or in the material to be burned must be
20 minimized and the material arranged in a way suitable to facilitate rapid
21 burning.
- 22 (4) Burning may not be initiated when it is determined by a forest ranger, based
23 on information supplied by a competent authority that stagnant air conditions
24 or inversions exist or that such conditions may occur during the duration of
25 the burn.
- 26 (5) Heavy oils, asphaltic material, or items containing natural or synthetic
27 rubber may not be used to ignite the material to be burned or to promote the
28 burning of such material.
- 29 (6) Initial burning may be commenced only between the hours of 9:00 A.M. and

32 favorable meteorological conditions exist, any forest ranger authorized to
33 issue the permit may authorize in writing a deviation from the restrictions.

34 **"§ 106-903. Open burning in non-high hazard counties; permits required; standards.**

35 (a) The provisions of this section apply only to the counties not designated as high
36 hazard counties in ~~G.S. 113-60.23(a)~~. G.S. 106-902(a).

37 (b) It shall be unlawful for any person to start or cause to be started any fire or ignite
38 any material in any woodland under the protection of the Department or within 500 feet of any
39 such woodland during the hours starting at midnight and ending at 4:00 P.M. without first
40 obtaining a permit from the Department. Permits may be obtained from forest rangers or other
41 agents authorized by the forest ranger to issue such permits in the county in which the fire is to
42 be started. Such permits shall be issued by the ranger or other agent unless permits for the area
43 in question have been prohibited or cancelled under ~~G.S. 113-60.25 or 113-60.27~~. G.S. 106-904
44 or G.S. 106-906.

45 **"§ 106-904. Open burning prohibited statewide.**

46 During periods of hazardous forest fire conditions or during air pollution episodes declared
47 pursuant to Article 21B of Chapter 143 of the General Statutes, the ~~secretary~~-Commissioner is
48 authorized to prohibit all open burning regardless of whether a permit is required under
49 ~~G.S. 113-60.23 or 113-60.24~~. G.S. 106-902 or G.S. 106-903. The ~~secretary~~-Commissioner shall
50 issue a press release containing relevant details of the prohibition to news media serving the
51 area affected.

1 **"§ 106-905. Permit conditions.**

2 Permits issued under this Article shall be issued in the name of the person undertaking the
3 burning and shall specify the specific area in which the burning is to occur, the type and
4 amount of material to be burned, the duration of the permit, and such other factors as are
5 necessary to identify the burning which is allowed under the permit.

6 **"§ 106-906. Permit suspension and cancellation.**

7 Upon a determination that hazardous forest fire conditions exist the ~~secretary~~
8 Commissioner is authorized to cancel any permit issued under this Article and suspend the
9 issuance of any new permits. Upon a determination by the Environmental Management
10 Commission or its agent that open burning permitted under this Article is causing significant
11 contravention of ambient air quality standards or that an air pollution episode exists pursuant to
12 Article 21B of Chapter 143 of the General Statutes, the ~~secretary~~Commissioner shall cancel
13 any permits issued under authority of this Article and shall suspend the issuance of any new
14 permits.

15 **"§ 106-907. Control of existing fires.**

16 (a) If a fire is set without a permit required by ~~G.S. 113-60.23, 113-60.24 or~~
17 ~~113-60.25~~G.S. 106-902, 106-903, or 106-904, and is set in an area in which permits are
18 prohibited or cancelled at the time the fire is set, the person responsible for setting the fire or
19 causing the fire to be set shall immediately extinguish the fire or take such other action as
20 directed by any forest ranger authorized to issue permits under
21 ~~G.S. 113-60.23(e)~~G.S. 106-902(c). In the event that the person responsible does not
22 immediately undertake efforts to extinguish the fire or take such other action as directed by the
23 forest ranger, the Department may enter the property and take reasonable steps to extinguish or
24 control the fire and the person responsible for setting the fire shall reimburse the Department
25 for the expenses incurred by the Department. A showing that a fire is associated with
26 land-clearing activities is prima facie evidence that the person undertaking the land clearing is
27 responsible for setting the fire or causing the fire to be set.

28 (b) If a fire requiring a permit under ~~G.S. 113-60.23(e)~~G.S. 106-902(c) is set without a
29 permit and a forest ranger authorized to issue such permits determines that a permit would not
30 have been issued for the fire at the time it was set, the person responsible for setting the fire or
31 causing the fire to be set shall immediately take such action as the forest ranger directs to
32 extinguish or control the fire. In the event the person responsible does not immediately
33 undertake efforts to extinguish the fire or take such other action as directed by the forest ranger,
34 the Department may enter the property and take reasonable steps to extinguish or control the
35 fire and the person responsible for setting the fire shall reimburse the Department for the
36 expenses incurred by the Department. A showing that a fire is associated with land-clearing
37 activities is prima facie evidence that the person undertaking the land clearing is responsible
38 for setting the fire or causing the fire to be set.

39 (c) If a fire is set in accordance with a permit but the burning is taking place contrary to
40 the conditions of the permit, any forest ranger with authority to issue permits in the area in
41 question may order the permittee in writing to undertake the steps necessary to comply with the
42 conditions of his permit. If the permittee is not making a reasonable effort to comply with the
43 order, the forest ranger may enter the property and take reasonable steps to extinguish or
44 control the fire and the permittee shall reimburse the Department for the expenses incurred by
45 the Department.

46 **"§ 106-908. Penalties.**

47 Any person violating the provisions of this Article or of any permit issued under the
48 authority of this Article shall be guilty of a Class 3 misdemeanor. The penalties imposed by this
49 section shall be separate and apart and not in lieu of any civil or criminal penalties which may
50 be imposed by G.S. 143-215.114A or G.S. 143-215.114B. The penalties imposed are also in

1 addition to any liability the violator incurs as a result of actions taken by the Department under
2 ~~G.S. 113-60.28~~G.S. 106-907.

3 **"§ 106-909. Effect on other laws.**

4 This Article shall not be construed as affecting or abridging the lawful authority of local
5 governments to pass ordinances relating to open burning within their boundaries. Nothing in
6 this Article shall relieve any person from compliance with the provisions of Article 21B of
7 Chapter 143 of the General Statutes and regulations adopted thereunder. In the event that
8 permits are required for open burning associated with land clearing under the authority of
9 Article 21B of Chapter 143 of the General Statutes, the authority to issue such permits shall be
10 delegated to forest rangers who are authorized to issue permits under
11 ~~G.S. 113-60.23(e)~~G.S. 106-902(c).

12 **"§ 106-910. Exempt fires; no permit fees.**

13 (a) This Article shall not apply to any fires started, or caused to be started, within 100
14 feet of an occupied dwelling house if such fire shall be confined (i) within an enclosure from
15 which burning material may not escape or (ii) within a protected area upon which a watch is
16 being maintained and which is provided with adequate fire protection equipment.

17 (b) No charge shall be made for the granting of any permit required by this Article."

13 "Forest Development Act.

14 **"§ 106-955. Title.**

15 This Article shall be known as the "Forest Development Act."

16 **"§ 106-956. Statement of purpose.**

17 (a) The General Assembly finds that:

- 18 (1) It is in the public interest of the State to encourage the development of the
19 State's forest resources and the protection and improvement of the forest
20 environment.
- 21 (2) Unfavorable environmental impacts, particularly the rapid loss of forest land
22 to urban development, are occurring as a result of population growth. It is in
23 the State's interest that corrective action be developed now to offset forest
24 land losses in the future.
- 25 (3) Regeneration of potentially productive forest land is a high-priority problem
26 requiring prompt attention and action. Private forest land will become more
27 important to meet the needs of the State's population.
- 28 (4) Growing demands on forests and related land resources cannot be met by
29 intensive management of public and industrial forest lands alone.

30 (b) The purpose of this Article is to direct the ~~Secretary-Commissioner of Agriculture~~ to
31 implement a forest development program to:

- 32 (1) Provide financial assistance to eligible landowners to increase the
33 productivity of the privately owned forests of the State through the
34 application of forest renewal practices and other practices that improve tree
35 growth and overall forest health.
- 36 (2) Insure that forest operations in the State are conducted in a manner designed
37 to protect the soil, air, and water resources, including but not limited to
38 streams, lakes and estuaries through actions of landowners on lands for
39 which assistance is sought under provisions in this Article.
- 40 (3) Implement a program of voluntary landowner participation through the use
41 of a forest development fund to meet the above goals.

42 (c) It is the intent of the General Assembly that in implementing the program under this
43 Article, the ~~Secretary-Commissioner~~ will cause it to be coordinated with other related programs
44 in such a manner as to encourage the utilization of private agencies, firms and individuals
45 furnishing services and materials needed in the application of practices included in the forest
46 development program.

47 **"§ 106-957. Definitions.**

48 As used in this Article:

- 49 (1) "Approved forest management plan" means the forest management plan
50 submitted by the eligible landowner and approved by the
51 ~~Secretary-Commissioner~~. Such plan shall include forest management

1 practices to insure both maximum forest productivity and environmental
2 protection of the lands to be treated under the management plan.

3 (2) "Approved practices" mean those silvicultural practices approved by the
4 Secretary for the purpose of commercially growing timber through the
5 establishment of forest stands, of insuring the proper regeneration of forest
6 stands to commercial production levels following the harvest of mature
7 timber, or of insuring maximum growth potential of forest stands to
8 commercial production levels. Such practices shall include those required to
9 accomplish site preparation, natural and artificial forestation, noncommercial

13 **SECTION 17.6.** It is the intent of the General Assembly to reduce the State's
14 reliance on detention facilities and youth development centers in the Department of Juvenile

17 Justice and Delinquency Prevention and the Department of Correction shall work together to
18 increase the use of in-home monitoring as an alternative to detention for juveniles. The
19 Department of Correction and the Department of Juvenile Justice and Delinquency Prevention
20 shall assess the monitoring needs for both the adult and juvenile systems, identify the contracts
21 that the Department of Correction currently has for monitoring services, and determine which
22 contracts, if any, may be negotiated or renegotiated to cover monitoring services for both the
23 adult and juvenile systems. The Department of Juvenile Justice and Delinquency Prevention
24 and the Department of Correction may also identify other options to increase the use of
25 in-home monitoring as an alternative to detention for juveniles that may work well and be
26 cost-effective.

28 Department of Correction shall report to the Chairs of the House of Representatives and Senate

35 is separate from and in addition to any allocation of funds that might be made pursuant to
36 Section 30.5 of this act.

37 **PART XVIII. DEPARTMENT OF CORRECTION**

38 **FEDERAL GRANT REPORTING**

39 **SECTION 18.1.** The Department of Correction, the Department of Justice, the
40 Department of Crime Control and Public Safety, the Judicial Department, and the Department
41 of Juvenile Justice and Delinquency Prevention shall report by May 1 of each year to the Joint
42 Legislative Commission on Governmental Operations, the Chairs of the House of
43 Representatives and Senate Appropriations Committees, and the Chairs of the House of
44 Representatives and Senate Appropriations Subcommittees on Justice and Public Safety on
45 federal grant funds received or preapproved for receipt by those departments. The report shall
46 include information on the amount of grant funds received or preapproved for receipt by each
47 department, the use of the funds, the State match expended to receive the funds, and the period
48
49
50
51

1 to be covered by each grant. If the department intends to continue the program beyond the end
2 of the grant period, the department shall report on the proposed method for continuing the
3 funding of the program at the end of the grant period. Each department shall also report on any
4 information it may have indicating that the State will be requested to provide future funding for
5 a program presently supported by a local grant.

6 7 **FEDERAL GRANT MATCHING FUNDS**

8 **SECTION 18.2.** Notwithstanding the provisions of G.S. 143C-6-9, the Department
9 of Correction may use up to the sum of one million two hundred thousand dollars (\$1,200,000)

11 dollars (\$1,200,000) during the 2012-2013 fiscal year from funds available to the Department

16 17 **USE OF CLOSED PRISON FACILITIES**

18 **SECTION 18.3.** In conjunction with the closing of prison facilities, including
19 small expensive prison units recommended for consolidation by the Government Performance
20 Audit Committee, the Department of Correction shall consult with the county or municipality
21 in which the unit is located, with the elected State and local officials, and with State and federal
22 agencies about the possibility of converting that unit to other use. The Department may also
23 consult with any private for-profit or nonprofit firm about the possibility of converting the unit
24 to other use. In developing a proposal for future use of each unit, the Department shall give
25 priority to converting the unit to other criminal justice use. Consistent with existing law and the
26 future needs of the Department of Correction, the State may provide for the transfer or the lease
27 of any of these units to counties, municipalities, State agencies, federal agencies, or private
28 firms wishing to convert them to other use. The Department of Correction may also consider
29 converting some of the units recommended for closing from one security custody level to
30 another, where that conversion would be cost-effective. A prison unit under lease to a county
31 pursuant to the provisions of this section for use as a jail is exempt for the period of the lease
32 from any of the minimum standards adopted by the Secretary of Health and Human Services
33 pursuant to G.S. 153A-221 for the housing of adult prisoners that would subject the unit to
34 greater standards than those required of a unit of the State prison system.

35 36 **LIMIT USE OF OPERATIONAL FUNDS**

37 **SECTION 18.4.** Funds appropriated in this act to the Department of Correction for
38 operational costs for additional facilities shall be used for personnel and operating expenses set
39 forth in the budget approved by the General Assembly in this act. These funds shall not be
40 expended for any other purpose, except as provided for in this act, and shall not be expended
41 for additional prison personnel positions until the new facilities are within 120 days of
42 projected completion, except that the Department may establish critical positions prior to 120
43 days of completion representing no more than twenty percent (20%) of the total estimated
44 number of positions.

45 46 **REIMBURSE COUNTIES FOR HOUSING AND EXTRAORDINARY MEDICAL 47 COSTS FOR INMATES, PAROLEES, AND POST-RELEASE SUPERVISEES 48 AWAITING TRANSFER TO STATE PRISON SYSTEM**

49 **SECTION 18.5.** Notwithstanding G.S. 143C-6-9, the Department of Correction
50 may use funds available to the Department for the 2011-2013 fiscal biennium to pay the sum of
51 forty dollars (\$40.00) per day as reimbursement to counties for the cost of housing convicted

1 inmates, parolees, and post-release supervisees awaiting transfer to the State prison system, as
2 provided in G.S. 148-29. The Department shall report quarterly to the Joint Legislative
3 Commission on Governmental Operations, the Joint Legislative Corrections, Crime Control,
4 and Juvenile Justice Oversight Committee, the Chairs of the House of Representatives and

11 **SECTION 18.6.** The Department of Correction may continue to contract with The
12 Center for Community Transitions, Inc., a nonprofit corporation, for the purchase of prison

14 for Community Transitions, Inc., shall report by February 1 of each year to the Joint Legislative
15 Commission on Governmental Operations on the annual cost per inmate and the average daily
16 inmate population compared to bed capacity using the same methodology as that used by the
17 Department of Correction.

19 **PAROLE ELIGIBILITY REPORT/MUTUAL AGREEMENT PAROLE** 20 **PROGRAM/MEDICAL RELEASE PROGRAM**

21 **SECTION 18.7.(a)** The Post-Release Supervision and Parole Commission shall,
22 with the assistance of the North Carolina Sentencing and Policy Advisory Commission and the
23 Department of Correction, analyze the amount of time each inmate who is eligible for parole on
24 or before July 1, 2012, has served compared to the time served by offenders under Structured
25 Sentencing for comparable crimes. The Commission shall determine if the person has served
26 more time in custody than the person would have served if sentenced to the maximum sentence
27 under the provisions of Article 81B of Chapter 15A of the General Statutes. The "maximum
28 sentence," for the purposes of this section, shall be calculated as set forth in subsection (b) of
29 this section.

30 **SECTION 18.7.(b)** For the purposes of this section, the following rules apply for
31 the calculation of the maximum sentence:

- 32 (1) The offense upon which the person was convicted shall be classified as the
33 same felony class as the offense would have been classified if committed
34 after the effective date of Article 81B of Chapter 15A of the General
35 Statutes.
- 36 (2) The minimum sentence shall be the maximum number of months in the
37 presumptive range of minimum durations in Prior Record Level VI of
38 G.S. 15A-1340.17(c) for the felony class determined under subdivision (1)
39 of this subsection. The maximum sentence shall be calculated using
40 G.S. 15A-1340.17(d), (e), or (e1).
- 41 (3) If a person is serving sentences for two or more offenses that are concurrent
42 in any respect, then the offense with the greater classification shall be used
43 to determine a single maximum sentence for the concurrent offenses. The
44 fact that the person has been convicted of multiple offenses may be
45 considered by the Commission in making its determinations under
46 subsection (a) of this section.

47 **SECTION 18.7.(c)** The Post-Release Supervision and Parole Commission shall
48 report to the Joint Legislative Corrections, Crime Control, and Juvenile Justice Oversight
49 Committee and to the Chairs of the House of Representatives and Senate Appropriations
50 Committees, and the Chairs of the House of Representatives and Senate Appropriations
51 Subcommittees on Justice and Public Safety by April 1, 2012. The report shall include the

1 following: the class of the offense for which each parole-eligible inmate was convicted and
2 whether an inmate had multiple criminal convictions. The Commission shall reinstate the
3 parole review process for each offender who has served more time than that person would have
4 under Structured Sentencing as provided by subsections (a) and (b) of this section.

5 The Commission shall also report on the number of parole-eligible inmates
6 reconsidered in compliance with this section and the number who were actually paroled.

7 **SECTION 18.7.(d)** The Department of Correction and the Post-Release
8 Supervision and Parole Commission shall report by March 1 of each year to the Chairs of the
9 House of Representatives and Senate Appropriations Subcommittees on Justice and Public
10 Safety and to the Joint Legislative Corrections, Crime Control, and Juvenile Justice Oversight
11 Committee on the number of inmates enrolled in the mutual agreement parole program, the
12 number completing the program and being paroled, and the number who enrolled but were
13 terminated from the program. The information should be based on the previous calendar year.

14 **SECTION 18.7.(e)** The Department of Correction and the Post-Release
15 Supervision and Parole Commission shall report by March 1 of each year to the Chairs of the
16 House of Representatives and Senate Appropriations Subcommittees on Justice and Public
17 Safety and to the Joint Legislative Corrections, Crime Control, and Juvenile Justice Oversight
18 Committee on the number of inmates proposed for release, considered for release, and granted
19 release under Chapter 84B of Chapter 15A of the General Statutes, providing for the medical
20 release of inmates who are either permanently and totally disabled, terminally ill, or geriatric.

21 **CRIMINAL JUSTICE PARTNERSHIP**

22 **SECTION 18.8.(a)** Notwithstanding any other provision of law, a county may use
23 funds appropriated pursuant to the Criminal Justice Partnership Act, Article 6A of Chapter
24 143B of the General Statutes, to provide more than one community-based corrections program.

25 **SECTION 18.8.(b)** Effective July 1, 2011, the Department of Correction shall
26 recalculate the county allocation funding formula mandated under G.S. 143B-273.15 using
27 updated data.

28 **SECTION 18.8.(c)** Notwithstanding the provisions of G.S. 143B-273.15
29 specifying that grants to participating counties are for the full fiscal year and that unobligated
30 funds are returned to the State-County Criminal Justice Partnership Account at the end of the
31 grant period, the Department of Correction may reallocate unspent or unclaimed funds
32 distributed to counties participating in the State-County Criminal Justice Partnership Program
33 in an effort to maintain the level of services realized in previous fiscal years.

34 **SECTION 18.8.(d)** The Department of Correction may not deny funds to a county
35 to support both a residential program and a day reporting center if the Department of
36 Correction determines that the county has a demonstrated need and a fully developed plan for
37 each type of sanction.

38 **SECTION 18.8.(e)** The Department of Correction shall report by March 1 of each
39 year to the Chairs of the House of Representatives and Senate Appropriations Committees, the
40 House of Representatives and Senate Appropriations Subcommittees on Justice and Public
41 Safety, and the Joint Legislative Corrections, Crime Control, and Juvenile Justice Oversight
42 Committee on the status of the State-County Criminal Justice Partnership Program. The report
43 shall include the following information:

- 44 (1) The amount of funds carried over from the prior fiscal year;
- 45 (2) The dollar amount and purpose of grants awarded to counties as
46 discretionary grants for the current fiscal year;
- 47 (3) Any counties the Department anticipates will submit requests for new
48 implementation grants;
- 49

- 1 (4) An update on efforts to ensure that all counties make use of the electronic
2 reporting system, including the number of counties submitting offender
3 participation data via the system;
- 4 (5) An analysis of offender participation data received, including data on each
5 program's utilization and capacity;
- 6 (6) An analysis of comparable programs prepared by the Division of Research
7 and Planning, Department of Correction, including a comparison of
8 programs in each program type on selected outcome measures developed by
9 the Division of Community Corrections in consultation with the Fiscal
10 Research Division and the Division of Research and Planning, and a
11 summary of the reports prepared by county Criminal Justice Partnerships
12 Advisory Boards;
- 13 (7) A review of whether each sentenced offender program is meeting established
14 program goals developed by the Division of Community Corrections in
15 consultation with the Division of Research and Planning and the State
16 Criminal Justice Partnership Advisory Board;
- 17 (8) The number of community offenders and intermediate offenders served by
18 each county program;
- 19 (9) The amount of Criminal Justice Partnership funds spent on community
20 offenders and intermediate offenders; and
- 21 (10) A short description of the services and programs provided by each
22 partnership, including who the service providers are and the amount of funds
23 each service provider receives.

24 25 **SWANNANOA CORRECTIONAL CENTER FOR WOMEN**

26 **SECTION 18.9.** The Department of Correction shall relocate the fence at
27 Swannanoa Correctional Center for Women so that the school building is located on the side of
28 the campus housing the Department of Correction facilities, and the Department shall retain the
29 sight and sound barrier between the adults and juveniles at the center.
30

31 **INMATE MEDICAL COST CONTAINMENT**

32 **SECTION 18.10.(a)** The Department of Correction shall reimburse those providers
33 and facilities providing approved inmate medical services outside the correctional facility the
34 lesser amount of either a rate of seventy percent (70%) of the provider's then-current prevailing
35 charge or two times the then-current Medicaid rate for any given service. The DOC shall have
36 the right to audit any given provider to determine actual prevailing charge to ensure compliance
37 with this provision.

38 This section does not apply to vendors providing services that are not billed on a
39 fee-for-service basis, such as temporary staffing. Nothing in this section shall preclude the
40 Department from contracting with a provider for services at rates that provide greater
41 documentable cost avoidance for the State than do the rates contained in this section or at rates
42 that are less favorable to the State but that will ensure the continued access to care.

43 **SECTION 18.10.(b)** The Department of Correction shall make every effort to
44 contain inmate medical costs by making use of its own hospital and health care facilities to
45 provide health care services to inmates. To the extent that the Department of Correction must
46 utilize other facilities and services to provide health care services to inmates, the Department
47 shall make reasonable efforts to make use of hospitals or other providers with which it has a
48 contract or, if none is reasonably available, hospitals with available capacity or other health
49 care facilities in a region to accomplish that goal. The Department shall make reasonable
50 efforts to equitably distribute inmates among all hospitals or other appropriate health care
51 facilities. With respect to any single hospital, the Department of Correction shall continue to

1 make its best effort to seek admission of the number of inmates representing no more than nine
2 percent (9%) of all inmates requiring hospitalization or hospital services on an annual basis
3 beginning in the 2011-2012 fiscal year, unless the failure to do so would jeopardize the health
4 of an inmate or unless a higher level is agreed to by contract. The Department shall also give
5 preference to those hospitals or other health care facilities in the same county or an adjoining
6 county to the correctional facility where an inmate requiring hospitalization is incarcerated. The
7 Department will continue these efforts until it has reached a number which represents no more
8 than five percent (5%) of all inmates requiring hospitalization or hospital services on an annual
9 basis at any single hospital by July 1, 2013, unless the failure to do so would jeopardize the
10 health of an inmate or unless a higher level is agreed to by contract.

11 **SECTION 18.10.(c)** G.S. 131E-77 is amended by adding a new subsection to read:

12 "(a1) As a condition of licensure, hospitals licensed under this Article shall accept
13 inmates in the custody of the Department of Correction."

14 **SECTION 18.10.(d)** The Department of Correction shall report to the Joint
15 Legislative Commission on Governmental Operations no later than November 1, 2011, and
16 quarterly thereafter on:

- 17 (1) The volume of services provided by community medical providers that can
18 be scheduled in advance and, of that volume, the percentage of those
19 services that are provided by contracted providers; and
- 20 (2) The volume of services provided by community medical providers that

4 future federal transportation funds.
- 5 (4) What new or amended rules would be necessary regarding any
6 recommendation of this study and the time frame for adopting such new or
