TO: Media Statement
FROM: M.G. Shapiro, Director of Communications
DATE: August 29th, 2013

A situation took place in one of our classroom (at the East Cary location) where a teacher picked up a child in a way that is not consistent with our standards of safety and quality. As a result we immediately ended our relationship with this employee. We have fully cooperated with all governing agencies (The Division of Child Development and The Cary Police).

To further our support of this investigation we will not be answering any questions until the investigation is closed. We do not want to inadvertently do anything to slow or disrupt the investigation.

The family involved with the incident remains our customer. This family and all of our families have shown unwavering support for our center. We are appreciative of their patronage and hope by providing this statement we can avoid any type of media intrusion that will disrupt or endanger their pick up and drop off at the center

Our focus is and will always be on the safety of our children.
