(U//~~FOUO~~) [redacted] indicated the subject would often wear dark clothing, sit in the back of the class and would not participate in class discussions or group projects. [redacted] was not aware of any friends the subject may have had and never saw him walking or talking with anyone else in the hallways or courtyards.

(U//~~FOUO~~) [redacted] stated today's attack seemed very random and fast. He said class had already begun and all the students were sitting at their desks in a circle. The subject showed up approximately twenty minutes late and attacked the first student closest to the door. [redacted] did not hear the subject say anything prior to the attack. [redacted] believed the attack was random and he did not know of a connection between the student and the subject. [redacted] described the weapon as being dark in color, but did not clearly see what the object was. He assumed the object was a knife once he realized a stabbing had occurred.

YOUR AFFIANT SAYS THAT THE FACTS IN SUPPORT OF THE ISSUANCE OF THE SEARCH WARRANT ARE AS FOLLOWS:

YOUR AFFIANT, BEING DULY SWORN, DEPOSES AND SAYS THAT I, Detective [redacted] b6 b7c [redacted] hereinafter referred to in the first person singular, is a deputy employed by the Merced County Sheriff's Office. I have been employed with the Merced County Sheriff's Office since [redacted] [redacted] I am currently assigned to the Detectives Division, where I investigate crimes against persons and property. I have participated in the investigation of homicides, numerous felony assaults, misdemeanor assaults, and sexual assaults, possession of stolen property, narcotic offenses, domestic violence and any other crime that is presented to me in the course of my duties. Prior to joining the Merced County Sheriff's Office, your affiant was employed by [redacted] [redacted] where I investigated numerous crimes against persons and property. I held the following ranks during my tenure at [redacted] Patrolman, Corporal and Sergeant.

CASE SUMMARY

On Wednesday, November 4, 2015, at approximately 0751 hours, several Merced County Sheriff Deputies were dispatched to the University of California Merced (UC Merced) located at 5200 Lake Road in Merced for a report of a man stabbing people.

The reporting party advised dispatch that the suspect was last seen walking on foot and also heard a gunshot. He advised that he was with a female and male who had stab wounds and requested paramedics. Shortly after, dispatch advised that the suspect had been shot by a UC Merced police Officer.

During the course of the investigation, the suspect was identified as Faisal Mohammad (DOB 10-25-97) who resides in dorm room 217A. We also learned that Mohammad [redacted]

[redacted] b6 b7C b7D
I located [redacted] and during a brief interview provided me with the following information regarding Mohammad [redacted]

[Large redacted area]

Through prior training, education, and experience I know that articles of personal property help establish the identity of the person(s) in control of the premise. I am also aware that any type of receipts, mail envelopes, utility company receipts, address books, real estate documents, tax returns, bank accounts, loan applications, income and expense records, safe deposit box keys, property acquisitions, and notes can lead to and show the true identity of the person(s) in control of the premise that is being searched. Personal identification will identify and show identities of the person(s) to be searched in the premise.

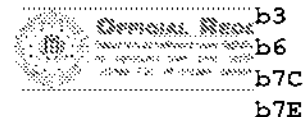

Based upon my training and experience it is my opinion that the person listed on this Search Warrant, or its attachments, has committed, and is engaged in an ongoing act, or crime(s) of PC 245(a)(1), assault with a deadly weapon and that evidence of these crimes will be found at the premise(s), vehicle(s) and/or person(s) listed on this Search Warrant.

Based upon my training, education, experience and the facts contained within this affidavit, I believe that the crime of 245(a)(1) PC, assault with a deadly weapon was committed. In addition, I believe that all or part of the property described on the attached property page will be located at the residence, located at University of California Merced, 5200 Lake Road, Merced California 95343 in dorm room 217A. I believe it is common for suspects to store other weapons, journals, computers, planners, and propaganda detailing their crimes. Wherefore, I pray that a search warrant be issued, based upon the above facts, for the seizure of said property.

On November 5, 2015, Special Agent (SA) [redacted] Federal Bureau of Investigation, and Officer [redacted] Merced Police Department, traveled to the Islamic Center of Merced, 2322 Ashby Road, Merced, California, and made contact with [redacted]. Soon after our arrival, [redacted] arrived for afternoon prayers. [redacted] and SA [redacted] remembered him from prior liaison contact. SA [redacted] and Officer [redacted] spoke with both individuals simultaneously.

b6
b7C

[redacted] were both aware of the attack at the University of California, Merced, on November 4, 2015. They were each shown a California Department of Motor Vehicles photograph of FAISAL MOHAMMAD, California Driver's License Y2867544, and both indicated they did not recognize this individual. They both stated they only knew four or five students from the University who attend services at the Center, and only on Fridays. There is a Muslim association on campus, and a prayer room, and most Muslim students on campus pray there. Sometimes they will see students from the University during larger events at the Center.

b6
b7C

[redacted] were asked about an Islamic facility at [redacted]. They believe [redacted] last name unknown (LNU) [redacted] used to run the facility. [redacted]

b6
b7C

[redacted] no further information (NFI), owns the property and is planning to convert the building back to a residence for rental. Individuals who attended this facility now attend services at the Islamic Center of Merced.

Both [redacted] were cooperative and SA [redacted] left business cards for future contact, as needed.

b6
b7C

SA [redacted] and Officer [redacted] then traveled to [redacted] and found the house was vacant. No one answered the door. The windows were open and there were no furnishings observed within the residence. There were paint cans, painting supplies, and other tools on the floor in the main room. SA [redacted] and Officer [redacted] then departed.

AFFIANT'S EXPERIENCE:

I, [redacted] am a detective with the Santa Clara Police Department. I have been employed as a full time Police Officer since [redacted] I graduated from the Santa Clara County Justice Training Center Police Academy, after completing over 700 hours of instruction in basic police practices and procedures.

b6
b7C

After the academy, I completed the Santa Clara Police Department's field training program. This was a six month program, during which I rode with experienced officers and received hands on training on how to become a solo patrol officer. I worked as a solo patrol officer from [redacted] until I became a Detective as part of the SCPD Special Enforcement Team in [redacted].

b6
b7C

In addition to the 40 hours of continuous professional training I receive each year, I have attended over 200 hours of advanced officer training in various subject matters. These classes include, but are not limited to: Bicycle Patrol-29 hours (2014), Crime Scene Investigations and Reconstruction-60 hours

(2013), Crisis Intervention Training-40 hours (2011), Drug Abuse Recognition and Bath Salts Updates-30 hours (2011), and additional monthly training in various areas of crime scene investigations, including arson investigations, photography, officer involved shooting investigations, death investigations, and blood spatter analysis.

Additionally I have previously authored search warrants and recovered property based on those search warrants. The conclusions and opinions set forth below are based on my experience and training as a Police Officer, my participation in this investigation as described below, and conversations with other law enforcement officers who are familiar with the facts and circumstances of this investigation. Throughout this *Affidavit*, all sentences that begin with the words "I believe" are based upon this combination.

CURRENT INVESTIGATION:

On Wednesday, November 4, 2015, at approximately 0751 hours, several Merced County Sheriff Deputies were dispatched to the University of California Merced (UC Merced) located at 5200 Lake Road in Merced for a report of a man stabbing people.

The reporting party advised dispatch that the suspect was last seen walking on foot and also heard a gunshot. He advised that he was with a female and male who had stab wounds and requested paramedics. Shortly after, dispatch advised that the suspect had been shot by a UC Merced police Officer.

who did the stabbing

During the course of the investigation, the suspect was identified as Faisal Mohammad (DOB 10-25-97) who resides in dorm room 217A. We also learned that Mohammad [redacted]

[redacted]

Merced County Sheriffs Office Detective [redacted] located [redacted] and during a brief interview provided obtained the following information regarding Mohammad [redacted]

Merced County SO Investigators obtained a search warrant for dorm room number 217A. During the service of the search warrant, Investigators located two handwritten lists* on white paper. The lists included an equipment list that included Vaseline, duct tape sections, gorilla tape sections, a balaclava, window breaker, knife, monoscope, water bottle. On the second piece of paper there were instructions that included zip-tying people's hands together, duct taping their mouths shut, and advising them that they would have 8 minutes until he started killing people.

During the crime scene investigation at the scene of the officer-involved shooting, investigators discovered plastic zipper-style bags containing petroleum jelly-like substance believed to be a precursor chemical to a chemical explosive commonly referred to as "Poor-man C4." The bags were contained in the backpack carried by Mohammad. Additionally, the backpack contained several sets of "flex-cuffs." Flex-cuffs are plastic restraint devices used in a similar fashion to handcuffs to restrain subjects' hands

and limit their ability to resist or fight. Flex-cuffs can be used for the purpose of controlling hostages and other detainees.

Merced County Investigators, agents of the Federal Bureau of Investigations (FBI) and the Santa Clara Police Department learned that Mohammad's [redacted] [redacted] in the county of Santa Clara, CA.

Records checks revealed that [redacted] maintained a residence at [redacted] University of California – Merced employees determined that Mohammad last visited [redacted] residence approximately two weeks prior to the incident. [redacted]

b6

[redacted] was the registered owner of several vehicles, including [redacted]

Records checks further revealed that [redacted] was associated to [redacted] in Santa Clara, CA. Further records checks revealed that [redacted] lived at the [redacted] apartment. [redacted]

Department of Homeland Security (DHS) agents conducted a records check on Mohammad and learned that he listed [redacted] Records checks revealed that [redacted]

[redacted] DHS further advised that another associate, [redacted]

[redacted] A SCPD Records check could not reveal further identifying information for [redacted] DHS records revealed that Mohammad had traveled outside of the United States over 10 times within the last 15 years.

Based on my training and experience, I believe that Mohammad traveled to and from Santa Clara several times in the last few months. During that time, Mohammad appeared to have planned a coordinated attack on other students at the University of California, Merced campus. Based on my

training and experience, I know that coordinated attacks require weeks, months, or years of planning and commonly require the use of multiple staging areas and involve multiple co-conspirators.

I believe the search of the above-listed residences will reveal additional evidence of Mohammad's coordinated effort to conduct a mass murder event on a California university campus.

Through prior training, education, and experience I know that articles of personal property help establish the identity of the person(s) in control of the premise. I am also aware that any type of receipts, mail envelopes, utility company receipts, address books, real estate documents, tax returns, bank accounts, loan applications, income and expense records, safe deposit box keys, property acquisitions, and notes can lead to and show the true identity of the person(s) in control of the premise that is being searched. Personal identification will identify and show identities of the person(s) to be searched in the premise.

Based upon my training and experience, it is my opinion that the person listed on this Search Warrant, or its attachments, has committed, and is engaged in an ongoing act, or crime(s) of PC 245 (a)(1) PC and that evidence of these crimes will be found at the premise(s), vehicle(s) and/or person(s) listed on this Search Warrant.

Based upon my training, education, experience and the facts contained within this affidavit, I believe that the crime of 245(a)(1) PC, assault with a deadly weapon was committed. In addition, I believe that all or part of the property described on the attached property page will be located at the above-listed residences. I believe it is common for suspects to store other weapons, journals, computers, planners, and propaganda detailing their crimes. Wherefore, I request that a search warrant be issued, based upon the above facts, for the seizure of said property.

The Merced Police Department and the Santa Clara Police Department anticipate conducting this investigation jointly with the Federal Bureau of Investigation (FBI), and will likely seek the FBI's assistance in analyzing the items seized pursuant to this warrant, to include any digital media. In past critical incident investigations, the FBI has sought the assistance of other federal agencies belonging to

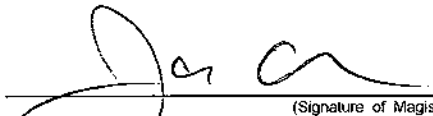

the United States Intelligence Community (USIC), in analyzing digital media seized in those investigations. Accordingly, this warrant application seeks the Court's approval to allow the Merced Police Department to provide the FBI and any other members of the USIC access to any items seized pursuant to this warrant, to include any digital media, so that those items can be fully analyzed

I certify (or declare) under penalty of perjury under the laws of the State of California that the information in this Affidavit is true and correct:

The searches at locations 2 and 3 yielded nothing of interest from an explosives and improvised explosive device perspective.

At location 1 the search discovered several unidentified powders along with a cardboard box containing wooden matches and a small amount of powder resembling ground match heads. SABT [Redacted] along with SABT

In addition to the match heads inside the cardboard box SABTs found three plastic pen bodies that had been broken so only the lower pointed end remained. All three were empty. It should be noted that plastic pen bodies have been used both internationally and domestically as improvised detonators when they are filled with a highly sensitive improvised explosive material.

All the powders were collected as evidence by Santa Clara PD. Further laboratory testing would be necessary to conclusively determine the chemical composition of each of the powders.

Aside from the powders and possibly the pen bodies found during the search at location 1 no other items of interest from an explosives or improvised explosive device perspective were discovered.

On the morning of Wednesday, 11/4/2015, [redacted] was attending his Monday/Wednesday, 7:30AM Core 001 writing class, which ends at 8:45AM. [redacted] recalls having arrived to class approximately 5 minutes early. The class was approximately 10 to 15 minutes in and the roll sheet had already been passed around. Faisal Mohammad (Faisal), described by [redacted] as the "attacker," had not been to class the last two (2) sessions. [redacted] looked at the roll sheet and observed Faisal's lack of attendance. Faisal's attendance in the class was inconsistent.

The class had been broken up into pre-determined groups beforehand. Faisal's group consisted of [redacted] Last Name Unknown (LNU). [redacted] is unsure as to who else was in Faisal's group.

Faisal then slams the door to the class open and attacks [redacted] LNU, who was nearest the door. [redacted] did not see Faisal pull out a knife, but advised that he observed Faisal bring his hand to [redacted] neck and then pulled his (Faisal's) hand up. Upon Faisal exiting the classroom, [REDACTED] and four (4) other students barricaded the door, which had no lock, to assure that Faisal could not re-enter the classroom. [REDACTED] LNU eventually ended up in the corner of the classroom where the teacher and several students provided first aid by applying pressure to his wounds. A black female student by the name of [REDACTED] LNU called 911. An eye test was also conducted to make sure that [REDACTED] LNU was ok. [REDACTED] LNU's wrist was injured and eventually wrapped. [REDACTED] observed blood on [REDACTED] wrist and neck.

b6
b7C

[REDACTED] did not associate with Faisal outside of class, and as such, was unaware of Faisal's associates, hobbies, and/or family members. Faisal was quiet, different, kept to himself and only participated in class when required. [REDACTED] did not notice anything else unusual about Faisal aside from him tucking his sweat pants into his socks.

b6
b7C

[REDACTED] surmises that perhaps the stress of such a difficult course may have been what caused Faisal to conduct the attacks. On the day of the attack, Faisal was wearing a green jacket or windbreaker and grey or black sweat pants tucked into his white socks. Faisal also had facial hair. [REDACTED] is unsure whether or not Faisal was carrying a bag and could not recall seeing anything on his back.

b6
b7C

[REDACTED] opines that from the time the events occurred up until Faisal exited the classroom may have been approximately 20 seconds. [REDACTED] provided

[REDACTED]
[REDACTED] which will be maintained in the 1A section of the file.
