The City of Houston District B Council is composed of over 250,000 constituents that reside in the Northeast and Northwest part of Houston, Texas. As the Council Member for District B my motto has always been **"I want to leave my district in a better shape than when I got it."** Therefore, I have committed myself to the development of sustainable mixed-income communities, comfortable and stable living for senior citizens, and more green space for parks and better commercialism for urban communities. As a Council Member, my goal is to provide educational trainings for my constituents to have better opportunities for themselves and their families. My staff and I have a passion for community involvement. Therefore, I am delighted to announce that my office is implementing a special projects division.

I am requesting that you partner with my office so we can work together as a TEAM to better educate our community through economic development projects. Dr. Kevin Simms from my office will be contacting you for your help and involvement in planning, attending, partnering, and becoming a member with a new organization called AAMSP

AAMSP is the All American Mandatory Solution Project.

AAMSP will create solutions for the small business problems and social ills that plague District B. The average income for District B in 2009 was \$ 18,000.00 The unemployment rate was 16.6 %. The dropout rate is 70% The number of home ownership is 12 %. 60% of ex-offender that leave jail returned back to jail because they have no employment skills, 70% of those ex-offenders find their way to District B. The AAMSP Group is charged to provide solutions to the problems and social ills for District B. The programs will consist of Training and jobs for ex-offenders, Economic Summit, Education Conference-The Dropout problem, Veterans Rights and Awareness, A Job Fair, A Crime Prevention Conference, and A Hip Hop Summit- for HIV Prevention for teens. All of this is done with the specific intention to reduce crime and increase the quality of life.

We need your support and we would like you to become community partners to make District B a more sustainable community to live and work for the community.

Thank you for your support! If you have any questions please contact Dr. Kevin Simms in my office at 832-393-3009.

Best Regards,

Jarvis Johnson, Council Member  
City of Houston - District B

Dear AAMSP Member:

I would like to THANK YOU for wanting to be apart of the All American Mandatory Solution Project. Thank you for believing in my vision and my passion to help small and large businesses in the City of Houston.

It is with great sadness that I will have to put AAMSP on hold until further notice. The organization needs to be revamped, thoroughly organized and structured before it can run full force.

Please know that I would never send an invoice for membership benefits to be a part of the AAMSP. The purpose of this program is to develop relationships from business to business, providing a greater chance of obtaining contracts with the city and government agencies. I can not guarantee you a contract with the City of Houston, Port of Houston, and the Airport System but I would STRONGLY recommend your company for a project. I will be a strong advocate and recommend AAMSP members to receive contracts from Houston because of your value to city.

Also, this is to inform you that Dr. Kevin Simms is no longer in my office. He does not represent me or my office. If you would like to still be apart of a small and large business organization please email [amie.francis@](mailto:amie.francis@) or call . Also, provide in detail information about your organization. Thank you again for your support and participation.

Sincerely,

Jarvis Johnson  
Council Member, District B
