

HARRIS COUNTY ELECTIONS ADMINISTRATION OFFICE

This Post Election Report includes an overview of the Election Administrator Office's (EAO) planning and execution of the November 8, 2022, General Election including Early Voting and Election Day operations, media and community outreach activities, Election Day operations, election night tabulation, and a post-election day analysis from election judges, election workers, and senior EAO staff. The Report is organized into the following areas: (1) Election Data Highlights; (2) Election Planning and Outreach; (3) Election Preparation; (4) Early Voting Operations; (5) Election Day Operations and Performance; (6) Election Night Tabulation and Post-Election Activities; and (7) Proposed EAO Actions. The Report will assist the EAO to improve processes and procedures for future elections, related to Communication systems, Voting system operations, Personnel resources for the EAO, and Vote Center deployment.

Methodology of Election Day Evaluation

The post-election review began with EAO staff conducting post assessment discussions with each of its seven election vendors who provided technical support during Early Voting and on Election Day. EAO staff also spoke with 774 Presiding Judges (PJs) and 727 Alternate Judges (AJs) that served on Election Day. The EAO staff was unable to gather information from all PJs and AJs because several judges advised EAO staff that they were instructed not to talk with the EAO staff about Election Day operations, including ballot paper due to the District Attorney's announced criminal investigation, litigation brought by the Harris County Republican Party, and pending election contests.

The EAO normally submits an election survey to all judges and clerks seeking feedback on the election process, and potential training and curriculum topics for future elections. However, in the interest of confirming and better understanding certain events and problems reported in the media on Election Day, and after, (including paper ballot issues and opening and closing problems) the EAO recruitment staff expedited its post-election assessment.

EAO staff reviewed election operations and discussed, internally, what worked well and what needed to be improved and reviewed election data pertaining to the General Election. Through an expedited evaluation process, the EAO has created this preliminary report of successes and challenges for review and implementation for the next election cycle. Standard practice would require the EAO to take approximately 90-120 days to compile a final report of this magnitude; however, given the level of stakeholder interest and inquiry, the EAO believed it important to provide its preliminary observations as quickly as possible without jeopardizing the integrity of the data and the process. As we know in the elections profession, speed does not always equate to accuracy. The EAO will update this report as more information is gained from its continued effort to improve the processes. Based on the EAO's preliminary analysis, we provide the following assessment beginning with election data and proceeding according to the report organization listed above.

HARRIS COUNTY ELECTIONS ADMINISTRATION OFFICE

I. Election Data Highlights

(1) The total number of votes cast, presented by ballot type (including Limited Ballots¹):

Early Voting Ballots counted including 636 limited ballots	692,748
Election Day Ballots counted	349,045
Mail Ballots counted	61,264
Provisional Ballots counted	4,333
Total Ballots counted	1,107,390

Mail Ballot Data

Mail Ballots sent	81,064
Mail Ballots returned by voter	64,259
Mail Ballots surrendered	5,786
Mail Ballots not returned	7,843
Mail Ballots not countable	3,176

Provisional Ballot Data

Type	Accepted	Rejected
Early Voting Provisionals	1,809	226
Election Day Provisionals	525	1,261
#5 Provisionals*	2,204 ²	277
Totals	4,538	1,764

*# 5 Provisionals are Provisional Ballots cast during extended voting hours. The #5 totals did not change any election contest results from a winning candidate to a losing candidate.

(2) The number of voters registered as of December 14, 2022 = 2,583,642

(A) more than 30 days preceding the election; as of October 3, 2022 = 2,558,844

(B) Statement of Residency (SORs) during Early Voting (EV); Total EV SOR's = 20,791

(C) SORs on Election Day (ED); Total ED SOR's = 23,035

¹ Limited Ballots are ballots that are cast by eligible voters who moved into Harris County from another Texas Count, but are only able to vote on certain contests because they did not get registered in Harris County prior to the registration cutoff deadline.

² 205 of the #5 Provisional Ballot envelopes did not contain ballots.

HARRIS COUNTY ELECTIONS ADMINISTRATION OFFICE

- (3) The number of election workers by Vote Center; See Attachment 1 “EV Allocations 1122” and Attachment 2 “ED Allocations 1122”.
- (4) The list of Early Vote Centers; See Attachment 3 “List of Early Vote Centers 1122”.
- (5) The list of Election Day Vote Centers; See Attachment 4 “List of Election Day Vote Centers 1122”.
- (6) Allocation of Voting Machines per Vote Center for Early Voting and Election Day; See Attachment 1 and 2.
- (7) EV and ED Vote Center locations for November 8 General Election. Final approval by the Commissioners’ Court occurred on 10/11

ED Locations (782)

CC1 @ 227 Locations
CC2 @ 204 Locations
CC3 @ 190 Locations
CC4 @ 161 Locations

II. Election Planning and Outreach

A. Public Awareness. On July 1, immediately following the two June elections, the EAO outreach and communications began organic efforts to raise public awareness about the November 8 General Election. Every potential voter touchpoint, from the website to the call center to voter registration drives and community meetings, was used as an opportunity to prominently remind voters of upcoming dates and important information surrounding voting in Harris County. The EAO developed messaging and strategies based on voting trends observed from previous elections and created additional messaging based on real-time information gathered from the EAO ballot building team and call center (i.e. two-page long ballots, postage requirements).

B. Public Outreach. The EAO deployed the following resources in support of voter engagement and communication directly and through media efforts:

Professional Firm – KGB Texas Communications, a media and communications firm assisted the EAO communications team in driving awareness among Harris County residents on key dates associated with the November 2022 election, and educating the public on election-related information (i.e. mail ballots, new

HARRIS COUNTY ELECTIONS ADMINISTRATION OFFICE

voting machines, polling locations). The media and communication efforts ran from October 12, 2022 through November 8, 2022.

Overall, the media efforts delivered 77 million impressions across broadcast television and radio, digital media, print, and outdoor media. Radio garnered the highest amount of impressions at 26 million, followed by television and digital outlets with 21 million and 20 million respectively. Election Ads were run in English, Spanish, Vietnamese and Chinese, and a budget was allocated to minority publications and stations. Originally, KGB Communications planned 70,482,120 impressions for this campaign. At the end of the cycle, 77,036,058 impressions were delivered.

Social Media- Social media posts were developed to highlight and inform voters of important dates and materials such as ID requirements, EVC and VC locations, “frequently asked questions”, postage requirements for mail ballot envelopes, identification numbers needed on mail ballots, and the importance of preparing a sample ballot to expedite the in-person voting process.

With paid Ad campaigns on Facebook and Instagram, the office achieved 68,000 clicks and sustained a 2.27% click through rate in the 13-days that Ads were running.

C. Community Engagement Events- From the start of July through the voter registration deadline (October 11), the voter outreach team collected 8,889 voter registration forms at 703 events across the county. The following is a breakdown of these events based on where they were held:

- Faith-based centers- 64
- High schools- 134
- Colleges- 172
- Community- 268
- Festivals- 65

At each of these events, team members also provided flyers with important information about the November 8 election, answered voters’ questions, and showed them how to navigate the website for information.

From July 1 through October 31, four members of the communications team hosted 30 stakeholder meetings in English, Spanish, Vietnamese, and Chinese, where important deadlines and resources for the upcoming election were discussed, voting machines programmed with a sample election were brought in for hands-on learning, and attendees were encouraged to ask their elections questions. In addition, organizations were able to request machine demonstrations in any of the four languages offered. Five team members participated in approximately 140 information sessions, where voters could ask questions and get hands-on interaction with the voting machines.

Organizations that requested information sessions and machine demonstrations include:

- African American Health Coalition
- AHEPA 29-III Apartments
- Alpha Kappa Alpha
- Anointed Faith Baptist Church

HARRIS COUNTY ELECTIONS ADMINISTRATION OFFICE

- Asian American Voting Alliance
- Avenue CDC
- Barrett Station Civic League
- Bay Area Association of Democratic Women
- Belfort Church of Christ
- Boat People SOS
- Bonding Against Adversity
- Brazos Towers Senior Living
- Chinese Civic Center
- Chinese Community Center
- Congregation Emanuel
- Culture Center of Taipei
- Crestmont Park Civic Park Alliance
- Cypress-Fairbanks ISD
- EMGAGE
- Equality Texas
- Grace International Church
- Harris County Attorney's Office
- Harris County Clerk's Office
- Harris County Public Library
- Harris County Transit
- HOPE Clinic
- Houston 80-20 Asian-American Political Action Committee
- Houston Association of Realtors
- Houston Association of Retired Teachers
- Houston Area Urban League
- Houston Community College
- Houston Heights Women's Club
- Houston Hong Kongers
- Houston In Action
- Houston ISD
- Houston LGBTQ+ Political Caucus
- Houston White Cane Safety Day
- Korean Senior Center
- La Vang Catholic Church
- League of Women Voters
- Memorial Hermann Southwest Hospital
- Mi Familia Vota
- Montrose Center
- Northwest Vietnamese Church
- OCA- Asian Pacific American Advocates Greater Houston Chapter
- Our Lady of Lourdes Catholic Church
- Point/Counterpoint Senior Group
- Precinct 1

HARRIS COUNTY ELECTIONS ADMINISTRATION OFFICE

- Precinct 2
- Pure Justice
- Resurrection Metropolitan Community Church
- Sunnyside Park Civic Center
- Taiwanese Community Center
- Texas Southern University
- The Metropolitan Organization of Houston
- Trinity United Methodist Church
- Turkish Raindrop Foundation
- Unity Church
- United Trinity Methodist Church
- University of Houston
- University of Houston Downtown
- Vietnamese Martyr Church
- VN Day Care Center
- West Houston Democrats
- West U Democrats
- Wheeler Avenue Baptist Church

Note: Some groups requested multiple sessions to accommodate different languages or locations (i.e. AHEPA 29-III Apartments requested presentations in English, Spanish, Vietnamese and Chinese; multiple high schools in Cypress-Fairbanks had machine demonstrations).

D. Media Relations - The EAO communications team developed digital toolkits and media pages, which included important dates, FAQs, as well as B-roll (Media clips), videos and photography produced in house by the EAO team. These toolkits were shared with Advocacy groups, media outlets and the political parties. (Digital toolkit: <https://www.dropbox.com/sh/tfdoc891df3mo6i/AACiFkmG4zpDkl9omr5cxe4pa?dl=0>)

Additionally, on October 13, the EAO hosted an Open House for all members of the media, as well as key stakeholder groups and Harris County officials. The purpose of the Open House was to provide critical transparency into the election night process, specifically detailing how ballots are processed and the security measures in place. This was the first time the EAO had offered an inside look and detailed explanation of its process. (Overview of Open House talking points: <https://www.harrisvotes.com/Voter/Ballot-Processing>)

On October 21, the EAO also hosted a Media Town Hall event for reporters specifically assigned to cover the November 8 election. This was an opportunity to revisit information shared during the Open House, as well as answer logistical questions regarding media access, points of contact, and visibility during election night.

E. Website - This year, the EAO rebranded the website ([HarrisVotes.com](https://www.harrisvotes.com)) to provide more transparency and improved user experience ahead of the November 8 Election. The website experienced the following traffic:

- 45-days before Election Day (September 24): 8,297 page views with 1,922 users averaging 3.58 pages/session in 2,318 sessions

HARRIS COUNTY ELECTIONS ADMINISTRATION OFFICE

- Combined 12-Days of Early Voting: 2,611,384 page views with 554,614 users averaging 3.07 pages/session in 849,792 sessions
- Election Day (day after included to account for Election Results viewing): 1,728,179 page views with 349,106 users averaging 3.36 pages/session in 514,215 sessions

F. Improvements to the Planning Process

The EAO will take the following actions to improve its Election Day Planning Operations for future elections:

- Establish working advisory groups to provide feedback regarding General Election operations
- Evaluate election data gathered during the General Election to strengthen training and develop future voter education activities
- Implement new quality control systems with additional checks and balances to ensure external communications and publications are timely and accurate

III. Election Preparations

For Election Day planning, staffing and resource allocations, EAO staff estimated voter turnout to be approximately 65% of registered voters. These projections were based on data and actual voter turnout statistics from prior General Elections (dating back to 2014), comparing like contests, recent voting trends, changing demographics, and precinct realignments. EAO staff used the projected turnout numbers as a baseline for deploying Vote Center locations, voting equipment, supplies, ballot paper, ePollbooks, and election workers for Early Voting Centers (EVCs) and Election Day Vote Centers (VCs). EAO staff projected voter turnout to be approximately 1.2 million voters with 75% of that turnout during Early Voting and the remaining turnout on Election Day.

The EAO deployed the following equipment to both the *EVCs and VCs*:

- Hart InterCivic Controller – Device used to create a ballot access code that allows the voter to start the voting session of the Duo Ballot Marking Device (defined below)
- Duo– Ballot Marking Device that displays the election contest and questions on a touch screen that allows each voter to select a candidate in each contest or vote for or against a ballot measure in the election. This marking device prints a record of the votes cast to be deposited into the Scan (defined below) for counting
- Duo-Go– A mobile apparatus that allows election workers the ability to take a Duo to a curbside voter, thus allowing a voter to cast a ballot from their automobile
- Scan – A ballot tabulation device that images each ballot and collects the votes cast on each ballot for tabulation purposes
- Content Active ePollbook – Electronic Pollbook that allows election workers to check-in a voter at the EVC or VC, which assist the election worker in providing the voter with the correct ballot style based on the address where they are registered to vote

HARRIS COUNTY ELECTIONS ADMINISTRATION OFFICE

A. Early Voting and Election Day Supplies & Signage

EAO staff revised many VC signs and forms for Early Voting and Election Day to improve visibility and legibility as well as to streamline the election reporting for election workers to complete election night reporting³.

The EAO staff introduced a barcode labeling system to pack supply boxes for each VC. This barcoding system was used to track supply boxes and materials delivered to each VC. The barcoding system assisted the EAO staff to confirm and validate that each EVC and VC received the correct equipment and the correct supplies.

As supply boxes were packed at the warehouse, a verification system confirmed that all requested/scheduled supplies were included in each supply bin. The barcoding system and verification system were effective in helping ensure that supply inventories were accurate and EVCs and VCs received all scheduled items.

B. Facilities

The EAO strives to ensure every EVC and VC used in the county meets the following criteria:

- accessible
- adequate space for voting equipment and election workers on Election Day
- adequate parking
- proper electrical capabilities
- availability for election workers to set up on the Monday before Election Day
- available on Election Day from 6:00am until at least 10:00pm
- availability for the equipment to remain securely onsite until pickup

Location Selection

In most cases, the EAO selected locations utilized in previous elections. For this election, several locations were relocated because of unavailability or because of ADA accessibility issues. When a facility is unavailable, EAO staff relocates the VC to another facility only after an ADA assessment is conducted to ensure the new location is compliant and can support the election activities. EAO staff collaborated with Commissioner Court staff, political party representatives, and Precinct Chairs to identify and secure adequate locations that would support and accommodate the projected voter turnout.

The overall location selection process involves the following:

1. Identify the quantity of locations needed for the election
2. Review the most current list of locations used from last like elections⁴

³ All signage and forms used at VCs are approved by the Texas Secretary of State.

⁴ Locations were used from 2021 and 2020 as a result of the implementation of county wide voting.

HARRIS COUNTY ELECTIONS ADMINISTRATION OFFICE

3. Place locations onto a map to view general coverage
4. Layer onto map the voting location areas identified by the nonpartisan Center for Inclusive Democracy to identify areas of greatest need.⁵ This tool evaluates data such as citizen age, registered voters, in-person voters, by mail voters, voter turnout, voter demographic, population with vehicle access and population density, including total registered voters to determine areas that have greatest needs for voting locations.
5. Identify the following items necessary to have a location useable in an election
 - a. Availability
 - b. ADA status (Compliant, Non-Compliant Remediable, Non-Compliant Non-Remediable)
 - c. Cost
 - d. Other accessibility (i.e. electricity, parking, restroom access)
6. Define locations on the map by their availability and ADA status
 - a. Where locations were unavailable, identify a nearby location that could serve the area.
 - b. Where locations and nearby locations were both unavailable to serve the area, those locations were shared with stakeholders⁶ to assist with asking locations to become available.
7. Identify locations within .5 miles of each other to determine if both locations were needed for the area. This is done when there is a surplus of possible locations that could be used to get to the target number of locations identified by EAO as would be needed for the election.
8. When location list reached the target number, shared list with stakeholders to review and incorporate feedback to favor historical facilities⁷, ADA-compliant facilities (based on status) and facilities requested by multiple stakeholders.
9. After review by stakeholders and considering all stakeholder feedback, locations list was submitted to Department of Justice (DOJ) for review and submitted to Commissioners Court for approval.
10. Periodic changes occurred based on new information such as stakeholder requests that could be accommodated, location availability, updated ADA inspections or DOJ comments.

Facility Check List ADA Compliance

As a result of a DOJ settlement agreement regarding accessibility of locations the EAO staff works with DOJ coordinators, subject matter experts and ADA survey coordinators to assess and diagram accessibility remediation for all locations. The diagrams depict entrances and exits, room dimensions, electrical outlets, the proposed positioning of voting equipment, and suggested election worker stations that facilitate traffic flow and privacy. The ADA survey coordinators conducted a site survey⁸ for each of the 782 VCs and deployed remediation where necessary.

⁵ <https://tx.cidsitingtool.org/county.html?county=201>.

⁶ Commissioner Court staff and Political Party representatives

⁷ Long standing neighborhood facilities.

⁸ The ADA surveys are too voluminous to attach but can be made available upon request.

HARRIS COUNTY ELECTIONS ADMINISTRATION OFFICE

C. Election Worker Recruitment, Training and Staffing

Staffing Goals. EAO staff estimated that approximately 6,500 workers would be required for the General Election. The table below provides a breakdown of election worker positions per VC, the total number of workers assigned, and a brief job description for each position.

Position	Per VC	Total	Job Description
Presiding Judge (PJ)	1	782	Oversees all voting procedures at the VC; they are responsible for ensuring Election Law is followed, the voting process is safe and secure, and peace is kept in the VC.
Alternate Judge (AJ)	1	782	Can serve in the same capacity as the PJ; takes over full responsibility of the VC in the absence of the PJ; serves as Clerk when PJ is present; works closely with the PJ for accountability on reporting and countersigns election documents.
Qualifying Clerk	1 or more	782	Clerk assigned to the Qualifying Table (Voter Check-in). They operate the ePollBook and Controller. They process voters accurately and efficiently.
Ballot Clerk	1 or more	782	The critical role of the Ballot Box Clerk is to ensure voters do not leave the VC before casting their ballot in the Scan. If they leave without doing so, their vote will not be counted.
Greeter	1 or more	782	The first election worker a voter will encounter. They are friendly, welcoming individuals who monitor those waiting in line to vote, ensures the 100-ft line is secure, and monitors the parking lot for curbside voters.
Curbside Clerk	1 or more	782	Clerk designated by the PJ to conduct Curbside Voting when required. This includes: qualifying voter, preparing the Duo-Go with either the PJ or AJ, then returning to the voter with an "I Voted" sticker and letting them know their ballot was successfully cast.
Additional Clerks to Help as Needed		806	
Total	6-8	5,498	

HARRIS COUNTY ELECTIONS ADMINISTRATION OFFICE

Staffing Process. The Texas Election Code (TEC) prescribes the process for appointing Election Day judges. Election Day PJs and AJs are nominated by Party Chairs and appointed by the Commissioners Court.⁹ The Parties submit a list of names of persons in order of preference for each precinct who are eligible to serve as a PJ. The EAO places judges appointed by Commissioners Court into VCs. The EAO staff considers the following criteria when assigning PJs to VCs: (1) where they have previous work history, (2) whether the Precinct Chair of the precinct in which the VC is located is willing to work at the location, and (3) if historical or precinct chair judges are available or unavailable. The EAO consulted with the Parties to coordinate where the Parties' respective PJs would serve in relation to party designated precincts. The EAO encouraged the Parties to submit more names than they initially submitted because, nominated Judges were unable or not willing to work on Election Day. Once the EAO exhausted the names of the Party nominees, EAO staff began placing judges on a first available basis to ensure all locations were staffed with a PJ and AJ. Staffing numbers for clerks vary per VC based on projected voter turnout and averaged between 5-7 clerks for each VC.

Election Worker Training. All election workers, including PJs, AJs and clerks are required to attend a four (4) hour training session in order to work the election.

A new Training Manager revamped the training program and brought on adult educators who were trained as effective elections instructors. The EAO employed over 33 temporary instructors to assist two full-time team instructors to improve materials, recreate a training manual, and conduct training events. The EAO training team revamped the training curriculum to increase the hands-on training aspects to ensure workers could set up and operate the voting machines. The curriculum also provided for more hands-on training with the forms and processes.

New Training Manual

The new Training Manual included a revised color-coded format that identified the sections of the manual for each task to be completed. The manual was provided in a bound format and given to every election worker. A copy of the manual was also made available on the EAO website and can be accessed at the following link:

<https://files.harrisvotes.com/harrisvotes/prd/docs/Training/Official Manual 2022 to 2023.pdf>

New Class Structure

The EAO training staff deployed a new class format that allowed for greater training efficiencies for the election workers. The trainers addressed broad talking points with the whole group and then separated the election workers into small breakout groups for approximately three hours, where election workers were provided hands-on instruction on equipment, set-up and forms. This structure allowed for a more engaged learning environment.

Training classes began on September 26 and ended on November 7. EAO trainers conducted a total of 74 classes. The following facilities were utilized for training:

HARRIS COUNTY ELECTIONS ADMINISTRATION OFFICE

Locations & Training Sessions by Commissioner's Precinct

Top 5 In-Person Attendance Dates

Top 5 Locations Average In-Person Training Attendance*

Training classes were held Sunday through Saturday and scheduled morning, afternoon, and evening to accommodate workers' schedules. EAO trainers also conducted reminder training at supply pick-up the Saturday and Sunday before Election Day, where judges could ask last-minute questions and get one-on-one time with EAO instructors. Supplemental hands-on training was provided through EAO instructor support hours at four locations around Harris County.

The training included troubleshooting scenarios and situations that election workers were likely to encounter on Election Day and focused primarily on set-up and processing voters. All PJs, AJs and clerks were also provided hands-on training on the election forms.

HARRIS COUNTY ELECTIONS ADMINISTRATION OFFICE

The EAO training team received multiple complimentary communications from election workers. From this correspondence emerged three main themes:

- a. The new manual demonstrates informed changes based on feedback and research:

“Several of my friends are also PJs and the other day we talked about the manual over coffee. We are all very impressed. Your hard work is definitely paying off, it seems as though we are closer to a smoother election process. Thank you.”

“This is the best training class I have ever attended. The new election manual is amazing! I cannot brag on the improvements enough.”

- b. The training team is effective and professional:

“They were professional, informative and responsive to all of our questions, input and concerns. I can clearly say this was the best election training class I have ever taken with Harris County.”

- c. The training program has become more engaging and interactive:

“Much better with delivery focused on key aspects of the process – including hands-on with the set-up, operation and tear-down of the voting equipment. Great to have witnessed the improvements to the equipment and process that address some of the feedback some of us provided over the past few elections. Good to know HC EA staff were listening and took corrective action.”

“I have to admit, I hate change. I didn't know what to expect from the new Election Admin. So far, I am impressed.”

Proposed Improvements to Training Curriculum

To continue improvements to the training process, the EAO will develop and deploy the following activities for future elections:

- Establish working advisory groups to provide feedback regarding training operations
- Evaluate Election Data gathered during the General Election to strengthen training and develop future voter education activities
- Implement an ***Election Worker Evaluation system***. In order to increase election worker efficiencies, the training staff will implement a training and evaluation process to evaluate each prospective election worker's capability to perform the required activities for any given election

This performance evaluation will include: (1) attending a training class specific to the worker's assigned tasks, (2) pass a written test to demonstrate sufficient knowledge to meet the standards for executing a

HARRIS COUNTY ELECTIONS ADMINISTRATION OFFICE

smooth election, and (3) successfully complete Election Day simulation exercises, demonstrating the ability to complete the tasks required for the position. If a prospective election worker is unable to meet the three requirements, he/she could be disqualified and not recommended for serving during Early Voting or Election Day.

The PJs will be required to demonstrate the ability to operate all voting equipment, including opening and closing on Election Day and the ability to complete critical election VC documents.

IV. Early Voting Operations

Early Voting operations includes Ballot by Mail and In-person voting at EVCs. The EAO located its Early Voting operations to NRG Arena on September 1, 2022. NRG served as an EVC and as Central Count for the General Election. The EAO deployed 99 EVCs from October 24 through November 4. The 99 EVCs were strategically placed throughout the four Commissioner Court precincts to accommodate county-wide voting. As projected, a higher percentage of voters, by almost double the amount, voted early during Early Voting than on Election Day.

A. Ballot by Mail Voting

All Mail Ballots returned by voters were delivered to the NRG Arena and were reviewed and processed by the Signature Verification Committee¹⁰ (SVC) that convened on October 19. The SVC reviewed each returned ballot envelope (carrier envelope) to ensure the signature and voter ID provided by the voter on the carrier envelope matched the voter's profile. Once signatures were approved and ID numbers validated, the SVC authorized the carrier envelopes to be prepared for opening and the ballots were prepared for counting.

The Early Voting Ballot Board¹¹ (EVBB) convened on October 26 to open ballots and prepare for counting. If any ballots were placed under review status by the SVC because they could not validate a signature or the voter did not provide a matching ID number, the EVBB either accepted or rejected the ballot. If the voter provided the correct information, the EVBB would approve the ballot for counting.

As part of the process, if a voter did not provide the correct voter ID on the carrier envelope, the carrier envelope was returned to the voter for correction as required by Senate Bill 1. (These Mail Ballots are referred to as E3s.) If the Mail Ballot was received too late to return to the voter, the voter was contacted and given an opportunity to cure the Mail Ballot by coming to the Central Count location to provide the information or curing by providing their information via the Texas Secretary of State website. (These types of Mail Ballots are referred to as E7s.) If the voter did not return the carrier envelope with the correct

¹⁰ Each Party appointed 25 members to the SVC.

¹¹ Members of the SVC served on the EVBB.

HARRIS COUNTY ELECTIONS ADMINISTRATION OFFICE

information or did not cure the Mail Ballot with the necessary information the E3s and E7s were ultimately rejected by the EVBB.

The Central Count Ballot Board¹² (Ballot Board) convened on Saturday, November 5, the day after Early Voting ended. Once the Ballot Board convened, the EAO began processing Early Voting results for reporting on Election Night.

The EAO processed over 80,000 Mail Ballot applications as reflected in the table below.

Applications	Accepted	Rejected
Domestic	78,051	2,778
UOCAVA ¹³	3,015	237
Total	81,066	3,015

The EAO processed over 80,000 Mail Ballots as reflected in the table below.

Ballot Type	Ballots Mailed/mailed	Mail Ballots Received	Voted Ballots Accepted	Voted Ballots Rejected	Ballots Counted
Domestic	78049	62394	59759	2635	59544
UOCAVA	3015	1780	1750	30	1720
Totals	81064	64259*	61509	2665**	61264

*Includes 85 Late Ballots received but not counted.

**Includes E3 and E7 Rejects (E3-411, E7-2,118)

1. Mail Ballot Problems Encountered

The EAO contracted with Runbeck Services to mail ballots to over 80,000 voters. Based on ballot size and number of pages, Runbeck determined that it could not process the ballot insertion for the 4-page 11x17 ballot. As a result of this discovery, Runbeck and the EAO agreed to subcontract the mail ballot work out to a second vendor (K&H) to prepare and mail the ballots.

During the mail ballot period, the EAO received reports that voters were not receiving Mail Ballots and that voters were being charged extra postage because of the size of the carrier envelope. The EAO was able to utilize K&H's mail ballot tracking system to see ballots moving through the United States Postal Service (USPS) system. The EAO staff was able to provide USPS with zip code data to evaluate delivery patterns within Harris County and to identify where Mail Ballots may not have been moving through the USPS system. The EAO spoke with USPS staff on a weekly basis about Mail Ballot delivery, return scanning, and postage cost.

¹² Each Political Party appointed 25 Members to the Ballot Board.

¹³ The Uniformed and Overseas Citizens Absentee Voting Act (Military and Overseas Voters)

HARRIS COUNTY ELECTIONS ADMINISTRATION OFFICE

2. Process Improvement Actions:

- The EAO will continue conversations with the USPS to identify postal system practices that might have caused delivery problems with Mail Ballots
- The EAO will be able to forecast the ballot size specifications for future elections
- The EAO will continue Agilis and Vote-Tec system reviews to streamline carrier imaging and processing to allow for more efficient processing by the SVC

B. In-Person Early Voting Operations

As part of Early Voting, the EAO delivers voting equipment and materials to each EVC during the week and weekend before Early Voting begins. Early Voting set-up proceeded according to plan. Ninety-Eight EVCs were set up and prepared to operate the Sunday before Early Voting began on Monday, October 24. The final location completed setting up early on Monday morning in time for the start of Early Voting.

1. **Early Voting Center Equipment.** Each EVC was supplied with an allocation of voting equipment based on population density and projected turnout in each Commissioner Precinct. Each location received an allotment of (1) ePollbooks (2) Controllers, (3) Duo Ballot Marking Devices (4) Scanners and (5) Duo Go.
2. **Early Voting Center Staffing.** EVCs were staffed with a PJ and an AJ (consisting of alternate party affiliation) and clerks were assigned in two shifts of temporary election workers. See Early Voting Staffing 1122 Attachment that identifies the number of workers assigned to each location. 1,591 EVC workers were trained and deployed to work during Early Voting. Approximately 30% of these individuals also worked on Election Day.
3. **Early Voting Turnout.**

	2018	2022
Early Voting Total Votes Cast	767,162	693,122
Total Registered Voters	2,307,654	2,543,162

4. **Wait Time Reporter.** Election workers were instructed to submit wait times to the online wait time application. The wait times listed on the interactive map on HarrisVotes.com is intended to provide real-time wait times for each EVC.
5. **Early Voting Equipment Operations.**

During Early Voting, EVCs experienced common problems associated with staffing, technical support, equipment operations and wait time updates.¹⁴ The technical problems were related to Controller Not Found issues, which had a direct impact on Duos. EAO technicians were dispatched throughout the Early Voting period to address technical issues encountered and to ensure voting continued throughout the Early Voting

¹⁴ These are common issues experienced in every jurisdiction throughout Texas and nationwide.

HARRIS COUNTY ELECTIONS ADMINISTRATION OFFICE

period. The EVCs also experienced paper ballot jams when the voter was feeding the blank paper into the Duo. On certain occasions, a voter's ballot would jam at the Duo and would have to be spoiled and reprinted. On certain occasions, the ballot would not scan into the scan. To resolve these types of problems, the PJs were instructed to spoil the ballot¹⁵ and reprint the ballot if the voter had not left the Duo. If the voter had left the Duo and the ballot would not read because it was illegible, the PJ was instructed to reissue a ballot to the voter to allow the voter to cast their ballot at the VC. A voter could also deposit the unreadable ballot into the emergency slot¹⁶, which meant the ballot would be transported to the Ballot Board to be duplicated by the Ballot Board and counted, if possible. If the ballot is re-voted by the Voter and read through the scan, then the voter is assured that the ballot was counted; if the ballot was inserted into the emergency slot in an unreadable status, the voter is not assured that the ballot will be counted.

V. Election Day Operations and Performance

Overall, Election Day was a success with 782 VCs assigned, set-up and operational. Over 1 million voters turning out to vote for the entire election. The EAO projected 1.2 million voters. The EAO identified and deployed voting machines, VCs and election staff/election workers to support that projection.

1. ***Election Day Vote Center Equipment.*** Each VC was supplied with an allocation of voting equipment based on population density and projected turnout in each Commissioner Precinct. Each location received an allotment of (1) ePollbooks (2) Controllers (3) Duo Ballot Marking Devices (4) Scan and (5) Duo Go.
2. ***Election Day Vote Center Staffing.*** The EAO's office successfully trained and assigned a PJ and AJ to all 782 Election Day VCs. The nomination and appointment process is similar to the process described in early voting staffing, except that Election Day assignments are governed by TEC Section 32.002. The PJs and AJs are nominated by the Political Party Chairs and submitted to the Commissioners' Court for approval/appointment. The PJs and AJs were assigned according to Party designations until an emergency appointment period, which then allowed the EAO to assign PJs on a first available basis to cover any gaps in appointment. Despite the emergency appointment period, the EAO staff continued to coordinate with the parties to indicate where the parties would like their PJs to serve within a VC. The EAO encouraged the Parties to submit more names than they initially submitted because, nominated Judges were unable or not willing to work on Election Day. Once the EAO exhausted the names of the Party nominees, EAO staff began placing judges on a first available basis to ensure all locations were staffed.

Overall, the EAO trained over 6,024 judges and clerks and deployed 5,498 – that is 91.3% who showed up to work.

¹⁵ A ballot is spoiled when it is damaged by the printer, re-voted by the voter or unreadable by the Scan because of illegibility.

¹⁶ A depository for unreadable ballots.

HARRIS COUNTY ELECTIONS ADMINISTRATION OFFICE

3. *Election Day Voter Turnout.*

	2018	2022
Election Day Total Votes Cast	354,000	349,045
Total Registered Voters	2,307,654	2,543,162

4. ***Wait Time Reporter.*** During Election Day, students are dispatched to each VC as Electronic Support Specialists (ESS). Their primary function is to monitor the wait times and provide periodic updates of the quantity of people in line. This process provides real time wait times for each VC.

A. *Facilities and Vote Center Opening*

As part of the Election Day set up process for Election Day delivery, the EAO delivers voting equipment and materials to each VC the week and weekend before Election Day. The November 8, Monday setup for Election Day voting did not proceed according to plan for 170 VCs because of the celebratory World Series Parade. Several ISD's gave their staff the Monday off to participate in the parade. As a result, the PJs at those locations had to reschedule set up for Monday evening/night as opposed to Monday morning and for some locations set up occurred on Tuesday morning. This resulted in reports from several election judges that they were delayed in opening at 7:00am due to limited time to setup on Election Day.

B. *Election Day Support*

1. ***Election Help Desk.*** The EAO operates a 50 person Help Desk "Call Center" to receive calls from election workers regarding any manner of support. The Help Desk contacts tech rovers and area representatives when an issue could not be resolved over the phone. The Help Desk included members of the election worker training team, temporary election workers, technical experts and other EAO staff.

As in past elections, the EAO contracted with a vendor to provide technical support to all Election Day VCs.

2. ***Technical Support.*** The EAO deployed 160 election technicians (Tier 1) to support PJs on Election Day. This created an average of 1 technician to every 5 Vote Center locations. The 5 locations were mapped within a minimal (5-10 mile radius) geographical region to maximize travel time from one VC to the next. The technicians were directed to travel from one VC to the next on a scheduled basis to check-in with the PJ to ensure everything was working properly and to provide the VC with whatever support was needed, including paper supplies.

If a technician encountered a voting system issue that they could not resolve, the issue was escalated to a Tier 2 technician with a greater skill level to resolve the most complex problems. If a component could not be repaired, it would be replaced by the Tier 2 technician.

HARRIS COUNTY ELECTIONS ADMINISTRATION OFFICE

The EAO Help Desk received over 1,600 logged calls for VC support related to staffing, equipment support, procedural questions, supplies, and paper ballots.

Of the 1,600 calls, 368 calls, (23%) related to ePollbooks, the Duos, Duo-Gos, Controllers and Scans. 128 calls (8%) related to supplies and ballot paper, and 143 (9%) related to election worker procedural questions.

The EAO staff takes all support ticket calls very seriously regardless of the nature of the call and endeavors to remedy the situation either by telephone support or dispatching a technician to support on site. During the election and after the election we review all support logs from the VCs and look for trends. Once we identify an issue that is occurring at multiple locations or across the County, we discuss with the vendor and identify ways to resolve or correct an issue in real time, if possible or to identify if the matter requires a long-term solution.

3. ***Election Day Challenges.*** The Common problems reported and encountered on Election Day included VCs not opening on time, technical problems associated with the Controller Not Found, Duo paper ballot jams, ePollbook wait time updates, paper ballot supply at several locations and staffing.

EAO technicians were dispatched throughout Election Day to respond to the support tickets which included assisting PJs in opening VCs, replacing voting equipment, rebooting Controllers, resetting Duo voting equipment, resetting ePollbooks, delivering ballot paper and other supplies.

- a. ***VC delayed in Opening.*** There were several VCs that did not open on time due various reasons: (1) PJs Captains Box not delivered which contained the keys to the voting equipment (2 hr. delay), (2) PJ closed the election on the Controller before voting began (1 hr. delay), (3) Election workers quitting or not showing up to work, (4) PJs not able to access the facility at 6:00am (30 min delay).
- b. ***Ballot Paper Supply.*** The EAO received reports that several VCs needed ballot paper delivery during the day. An initial media report indicated that at least 20 VCs ran out of paper.
- c. ***ePollbook wait time updates.*** During the early part of Election Day, the ePollbook AWS server lost replication which prevented the wait time tool from updating the website, prevented the supply team from seeing real-time check in and disabled the sample ballot look up feature. This had a direct impact on the ability to see how many voters were being checked-in and what the wait times were at any VC. The vendor was able to reestablish replication, which brought the wait time tool and sample ballot back on line and allowed supply to reengage communications at the VCs.

During the post-election assessment, EAO staff reviewed call logs and support tickets to gain an understanding of what occurred on Election Day. The EAO's recruiting and training staff conducted a calling assessment to all PJs and AJs. Although EAO staff was able to speak to most of the PJs and AJs,

HARRIS COUNTY ELECTIONS ADMINISTRATION OFFICE

many of them provided confusing answers and some declined to speak after reportedly being advised not to do so by the Harris County Republican Party.

The EAO's call logs reflect that the Help Desk received calls from 46 VCs (5.9%) requesting additional paper on Election Day. This does not indicate that these VCs ran out of paper and had turn voters away as a result - only that they required additional paper at some point on Election Day.

The EAO's analysis from the PJ and AJ calls is largely inconclusive due to the fact that several of the PJs and AJs from the same VCs gave conflicting reports on whether the VC actually ran out of paper, and that many responses did not explain whether the VCs had to turn voters away. According to PJ calls, several VCs (68) reported running out of their initial allotment of paper, although most of them (61) received additional deliveries, according to their respective PJs. In addition, 22 AJs for these 68 VCs gave conflicting reports, stating that they did not run out of paper at all. 64 AJs reported that they ran out of their initial allotment of paper, and 58 of those judges reported receiving paper deliveries. Again, 20 of the PJs for the same VCs reported that they did not run out of paper at all.

Our investigation has not yet revealed how many of these VCs had to turn voters away due to a paper shortage. Media reports claimed that a total of 24 VCs (3.1%) ran out of paper and had to turn voters away. However, the judges at the VCs indicated that they did receive supplemental paper deliveries, and two of these PJs from these VCs reported they did not run out of paper at all.

Other supplies such as SORs, signs, and provisional ballot envelopes were also delivered throughout the day.

Overall, while the initial media reports suggested a problem more extensive than what the EAO has been able to confirm, the EAO will continue reviewing the processes and will implement systems to ensure this type of challenge is never encountered in the future.

Poll Closing Analysis

Extended Polling Hours

At 6:00pm on Election Night, the Central Count Tabulation Supervisor was preparing to release Early Voting and Ballot by Mail tabulation results at 7:00pm when a Court Order was entered that required all polling locations to extend operating hours until 8:00pm. Shortly after the Order, EAO staff contacted all locations through the following methods:

- The messaging Console via the ePollbook console – The EAO advised every VC about the Order to stay open one additional hour;
- The EAO emailed every PJ and AJ with the details of the Order and instructed all judges that they would need to vote every voter who arrived after 7:00pm with a Provisional Ballot;
- The EAO staff called as many judges as they could reach within the limited time, for a total of 445 calls made; and

HARRIS COUNTY ELECTIONS ADMINISTRATION OFFICE

- The EAO dispatched staff to deliver provisional balloting materials, SORs and additional ballot paper.

This extension heavily burdened the PJs, AJs, clerks, and EAO staff. As a result of the Order, all voters who entered the line after 7:00pm were required to vote a Provisional Ballot. These Provisional Ballots are referred to as “extended hours” provisional ballots or “#5s”. The Order extending hours was later suspended by the Texas Supreme Court, although that Texas Supreme Court Order came after 8:00pm and thus only prevented voters who were in line at that time, but had not yet voted from casting a ballot.

The #5 Provisional Ballots were segregated from the regular Provisional Ballots and per order of the Texas Supreme Court were counted in a segregated manner and their totals were added in during the final Canvas. The Canvas includes a separate report of “extended hours” Provisional Ballots that were cast and counted as a result of the extended voting hours as ordered by the Texas Supreme Court.

Election Night Vote Center Election Returns

The EAO deployed its election returns County driver program for the General Election. As part of the program, the EA advised all PJs that it was their responsibility to deliver the VC election returns to Central Count. The EAO offered a County driver to any PJ that did not want to drive their election returns into Central Count. The PJs were not required to accept a driver, however, they had to notify the EAO staff prior to Election Day, so that staff could ensure the election returns would be timely received at Central Count. The Harris County Republican Party advised that all of their PJs would not participate in the County driver program and would deliver their respective election returns to Central Count, although several of their PJs requested and received a driver.

The EAO staff recruited law enforcement, county employees, PJs, AJs and clerks to deliver election returns to Central Count on Election night. As a result of planning and recruiting, 430 judges delivered their election returns to NRG, and the remainder were transported by the County driving program.

Central Count received the first Election Day returns from the VCs at 8:45pm on election night. The last election returns were received at 3:30am. Eighty-one VCs did not return all the items, i.e., the hard-shell ballot boxes (all ballot bags were returned) and a few different election forms. The EAO deployed Hotshot drivers out the next day to retrieve the items that were left in the equipment cart at the various VCs or in the room with the equipment cart.

VI. Election Night Tabulation and Post-Election Activities

The EAO’s goals on election night was to count votes accurately and quickly, and to publish the unofficial preliminary election results in a clear, accurate, and timely manner throughout the tabulation process.

The EAO established the following processes for communicating with the public and the media: (1) it operated a media observation section to allow all reporters to observe the election night tabulation process (2) it provided hard copies of each summary report to the media and any Poll watcher waiting to see the results (3) it displayed the election results on the website using an election night reporting tool and (4) its

HARRIS COUNTY ELECTIONS ADMINISTRATION OFFICE

Public Information Officer and the Administrator interacted with the media throughout the tabulation process.

Preliminary Reconciliation Form

At the completion of tabulating Election Day returns, the Ballot Board and the EAO published the 1st Preliminary Election Reconciliation – Unofficial Totals form (dated 11/10/22), which provides a snap-shot of election records at the end of election night. This is an early unofficial report of the number of voters and the number of ballots tallied for the November 8, election. However, this report is not an accurate reflection of voter turnout and ballots counted because it does not include information related to the number of ballots the Board is still processing related to emergency slot ballots, timely received Mail Ballots in the possession of the Ballot Board, Mail Ballots that are still in the USPS system that are postmarked on Election Day and that can arrive by 5:00pm the next day.¹⁷ Additionally, the Preliminary Election Reconciliation form does not take into account the number of Limited Ballot Voters, a complete reconciliation of the voters who checked in on the ePollbook system, the list of omitted voters, and a complete reconciliation of Mail Ballots received, accepted and rejected.

The day after election night, EAO staff and the Central Count Ballot Board continued processing election returns, including Provisional Ballots, Mail Ballots¹⁸ and emergency slot ballots that were received on Election Day. At the end of the 24-hour tabulation period, the EAO sought an extension of the 24-hour tabulation period in order to process the remaining Mail Ballots that were received on Election Day. The District Court issued an Order to extend the 24-hour period for a day. The Ballot Board completed processing the mail ballots the next day.

Election Reconciliation – Official Totals Form

The Ballot Board and Voter Registrar continued processing Provisional Ballots until November 18¹⁹, after which the Ballot Board and the EAO published the second reconciliation form dated November 18, 2022 - Election Reconciliation Form - Official Totals. Again, this is a snapshot in time of the reconciliation process; the complete Canvass is required to be submit to the Secretary of State no later than November 22, 2022²⁰. Section 6 of the November 18 Reconciliation Form included miscalculations between the number of Mail Ballots mailed out compared to the number of ballots counted in Section 3, Box K.

After the Ballot Board completed its activities on November 18, 2022, the EAO recognized the error, but did not try to reconvene the Ballot Board because the complete canvass would be submitted to the Secretary of State by November 22, 2022.

The EAO has communicated Election results to the Secretary of State in the Harris County Canvass Reconciliation Comparison Report. The EAO does not believe the Reconciliation Form as designed

¹⁷ TEC Sec. 86.007

¹⁸ TEC Sec 86.007

¹⁹ TEC 65.051

²⁰ TEC Sec. 67.001

HARRIS COUNTY ELECTIONS ADMINISTRATION OFFICE

provides an accurate accounting of voters, ballots and vote tallies because it is not designed to account for all the various counting processes that occur during the Canvass. As an example, the ballot totals do not include Orphan ballots. (An Orphan Ballot is a Mail Ballot that is returned in a voter's Mail Ballot envelope that is missing the 1st page.) In some instances, spouses or voters in the same household mix up their ballot pages, thus creating orphan pages that are counted separately. The Ballot Board counts the votes, but these ballot pages are not reflected in the ballot counted column. Additionally, voters who mail their Mail Ballot carrier envelope back without a ballot inside get credit for voting, but there is no ballot to count, thus the voter to ballot count does not match. In other instances, voters leave the EVC and VC with their ballot in their possession, thus there is a voter history for the voter on the ePollbook or on the Omissions list, but no ballot to count, and voters check in at the Vote Center with no intention of casting a ballot, but simply want credit for voting.

These type of voting patterns are not captured on the Reconciliation Form, so the form very seldom reconciles to an accurate voter to ballot ratio.

After completing the Canvass, the EAO staff immediately turned to the Partial Manual Count.

Partial Manual Count

After each election, the EAO is required to conduct a Partial Manual Count²¹ ("PMC"), which is a hand count of designated precincts and ballot contests from the Secretary of State. The EAO must begin the PMC no later than 72 hours after Election Day and must complete the count within 21 days of its beginning. Due to Harris County's size and volume of ballots, multiple departments are required to assist in completion of the PMC.

For county wide elections, a minimum of 70 staff members are required on site. These staff members worked on multiple ballot bags in order to complete the PMC in time before the 21-day deadline. The EAO staff was unable to begin the process until Nov 14 due to Veterans Day Holiday and SOS technical difficulties. Over 80 EAO staff participated in the PMC from Nov 14- Dec 1, for 12-hrs per day, totaling approximately 168 hours each (not including the Thanksgiving holiday). The PMC was conducted over the course of 20 days. These employees spent an estimated cumulative total of 8,400 man-hours conducting the PMC.

VII. Proposed EAO Actions

Early assessments suggest that operational systems are in immediate need of upgrades or replacements. Initial discussions are focusing on:

- Communications to and from Vote Centers – there is no real time visibility within any call and response situation from the VC to EAO and no real time visibility to determine whether any solution was provided. A real time ticket and resolution system is needed to close the gap on any requests from a EVC or VC;

²¹ TEC Sec. 127.201

HARRIS COUNTY ELECTIONS ADMINISTRATION OFFICE

- Voting system set-up and operation must be scrutinized with an eye toward simplifying the set-up and operational processes to ensure early morning set-up and opening can be accomplished;
- Additional full-time personnel to manage the many moving parts of this operation is critical. One time funding is not the answer to this situation; sustained and dedicated administrative funding is imperative;
- Resources to adequately cover 782 VCs throughout 1,700 square miles of the county by temporary technical support without the tools to properly manage them is critical;
- Deploy systems and tools to improve the allocation of resources across VCs;
- Deploy voting system software upgrade that eliminates the Controller not found issue experienced by all 782 VCs;
- Review operational solutions with vendor to address paper jams on the Duo and with the Scan;
- Review AWS system solutions with ePollbook vendor to assure redundant systems to prevent system degradation on Election Day;
- Deploy tracking and communications solution to allow for VC visibility on technical issues and supplies distribution with responses to the technical tickets including those created at VCs.

As additional information becomes available, the EAC will continue to make process improvements and recommendations.
