Keith and I are meeting with the mayor in a few minutes. I should have final direction for you after that.

Janice Evans
Chief Policy Officer
& Director of Communications
Office of Mayor Annise Parker

Weather permitting, we can handle the pothole truck filming.

How do you want to handle the second request?

Howard Hilliard
Chief of Staff
Office of the Director
Department of Public Works and Engineering City of Houston

Here is a double request from Channel 13.

1. I think we can get some locations today to accommodate the request.
2. Questions about the permitting process is being asked again. (see below)

Alvin Wright, Senior Staff Analyst
Public Information Officer
City of Houston Public Works & Engineering Department
Office of the Director
611 Walker, 25th floor
832-395-2455 office

Thanks again for your help the other day. We made use of the flow charts you sent us!

A couple of other things:

Is the pothole truck out and about today? If so, we'd like to get some shots of it in action.

On another topic....

We'd like to talk to someone who can speak to inspections/permits issued to bars by the department. Specifically, we're looking at a bar at 5312 Alameda Rd. (It's a private club/cigar bar). Public Works inspectors have been out there many times over the past several years and it looks like the bar has had some problems complying with your inspectors and getting the proper permits, including an occupancy permit, according to documents your department supplied us last month. I'd like to talk to someone to make sure I'm correctly reading the reports and to make sure I have the most recent information.

I seek an on-camera interview, but we're happy to chat about this issue before the cameras roll. We can meet you at 3 pm tomorrow if that works for you. If that time isn't convenient, will you let me know a better time? Monday can work for us, too.

Give me a call with any questions. Best bet is my cell: 281-714-0244.
