

Defendant: Cory Morgan (27)

Pending Case – U UW Felon Bond was set at 1Million D

D ultimately posted \$100K and was released

NCD 12-15-2015 BR-38

Prior Conviction AGG U UW 10CR1061801 - 2 Years Probation

Victim : Tyshawn Lee (9 years old)

Tyshawn's death is the result of a gang war between the BBG(Bang Bang Gang)/Teror dome Faction of the Black P Stones and the Killaward Faction of the Gangster Disciples. There has been a history between the two gangs for a long period of time, but it came to a boil as a result of a shooting that occurred on October 13 of this year. In that shooting Tracy Morgan was shot and killed while he was in a car with his mother who was also shot and wounded. Tracy Morgan is the brother of D – Cory Morgan who is a member of BBG/Teror Dome. The shooters in that case are believed to be members of Killaward.

Shortly after the shooting D stated that since his brother was killed and his mama was shot he was going to kill grandmas, mamas, kids and all. At that time an uncharged Co-D also stated that those that killed Tracy tweaked and everybody must die. D and 2 uncharged Co-Ds are all known to be shooters in BBG/Teror Dome.

After that day D and the two others went out daily armed with guns looking to retaliate. A short time after Tracy Morgan was killed one of the uncharged Co-Ds was seen driving a new smaller black SUV. There are multiple Ws who have identified this individual as driving this vehicle for a few weeks before they killed Tyshawn and he ditched it shortly after Tyshawn's murder. D and the other uncharged Co-D were seen in that Suv on multiple occasions by multiple witnesses with this individual.

On November 2, of this year during the day time hours D and the two others were driving in the black SUV looking for retaliation. They ultimately went to Dawes Park at approximately 80th and Damen. While there they parked the SUV and D and the other 2 were seen getting out of the SUV and walking into the park. D and the other two were identified as being in the park and D and one of the others were identified as having guns. D and the others were in the park for a period of time before returning back to the black SUV, getting into it and driving off. D and the other two then drove off and returned a short time later. D and the other two were

then seen exiting the same black SUV again but this time when they entered into the park they went to their left which would've been eastbound towards Damen where there was a play lot. Tyshawn was in the play lot, he had gone to the swing set, set his basketball down next to him and began swinging. While Tyshawn was playing on the swings the D and other two were talking amongst themselves. D and the other two were in the play lot for a few minutes at which time D and one of the others left the play lot, went back to the black SUV and drove away. When they left, the other uncharged CO-D remained in the playground area.

After Tyshawn played for a few minutes the other uncharged Co-D who remained in the park picked up Tyshawn's basketball and began dribbling it a few times before giving it back to Tyshawn. Tyshawn and this individual were then seen walking off together, out of the park and into the alley just off of Damen and across from the park. While they were walking, the black SUV that D and the other were seen getting into minutes earlier reappeared off of Damen and followed Tyshawn and the other into the alley. Once Tyshawn reached approximately the middle of the alley he was ultimately shot multiple times as witnesses did hear several gun shots.

After the shots the vehicle sped away and made good its escape. The black SUV was ID'd as it fled the scene.

Evidence

An Autopsy was done of Tyshawn and multiple gunshot wounds were noted.

1. Graze wound, right upper back
2. One superficial wound, right forearm
3. Two perforating gunshot wounds, right hand (thumb was partially amputated) appears to be consistent with Defensive wound trying to block the gunshot
4. Gunshot wound to the head.

There was evidence of close range firing

Multiple Witnesses have given video-taped statements regarding the events that have been stated.

The black SUV has been recovered and identified by multiple witnesses

There was a GPS in the SUV which was reset BUT there is GPS data that was retrieved showing the SUV parked at Dawes Park at 3:56 pm

There is additional GPS data that shows the SUV in the area of D's girlfriend's house after the shooting

There is video showing the SUV in the area of D's girlfriend's house

Pursuant to 725 ILCS 5/110-4(a) the People of the State of Illinois seek that D be held Mandatory No Bail in that this is an offense where a life sentence may be imposed in that the V is under 12 yo and the death resulted from exceptionally brutal or heinous behavior indicative of wanton cruelty and the proof is evident and the presumption is great that D is guilty of this offense based upon everything that was previously stated.

Additionally, we believe that D is also subject to mandatory no bail because this murder was committed in a Cold Calculated and Premeditated manner.
